NITRO ULTRA™

WHAT IS NITRO ULTRA

A cost-effective, proprietary blend of nitrogen and chelated micronutrients to enhance the vigor and growth of crops during the early developmental stages.

HOW DOES NITRO ULTRA WORK

Contains a unique blend of chelated micronurients essential to early plant development. Nitro Ultra is powered by NTake® and ChelaTek® Technologies.

WHY USE NITRO ULTRA

With excellent crop safety and mixing compatibility, Nitro Ultra has a wide range of crop applications with no restrictions, and is approved for applications with XtendiMax™ and Engenia™ brand herbicides.

© 2019 AgXplore. NTake and ChelaTek are registered trademarks of AgXplore International, LLC. XtendiMax™ is a trademark of Bayer Group. Engenia™ is a trademark of BASF Corporation.
