Installation Instructions
PHOTOSHOP ELEMENTS 11 & UP

Step 1: Create an easy-to-find **"Actions"** folder where you will keep all of your actions

Step 2: Download and Extract Your Purchase

Step 3: Copy and paste the **.atn file(s)** from your extracted folder into your new "Actions" folder

Step 4: Open Your Version of Photoshop Elements

Step 5: Make sure to work in **EXPERT Mode** in order to view and access the ACTIONS PANEL.

***NOTE:** If you do not see your ACTIONS PANEL, go to Window > Actions to open up the ACTIONS PANEL.

Step 6: In your ACTIONS PANEL, click the tiny down-facing arrow located in the upper right hand corner of the box.

Step 7: In the drop-down menu, select **"Load Actions…"**

Step 8: Navigate to your "Actions" folder and select the action set you would like to load, then click "Load".

Step 9: You will now see your new actions loaded in the ACTIONS PANEL.

Step 10: To play an action, click on the Action set folder to expand and view the individual actions. Click on the **individual action (NOT the action folder)** you would like to play, and click the **PLAY button** on the ACTIONS PANEL.
