Uncle Dad's Pizza Plus is a family owned and operated business. Our business has been around for 20 years and we are currently found in over 20 different farmers markets across Southwestern Ontario. We make all of our pizzas fresh using a 60% whole wheat crust with flour, yeast and water. Our pizzas contain no chemicals, no preservatives, no salts, greases or oils. The variety of toppings we use are all locally sourced, as best as possible. Our pizzas come in a freezer safe zip lock bags so they can be stored in a freezer easily.
