INSTRUCTIONS

FOR USE OF AUTOMATIC TELEPHONES

CONSULT THE DIRECTORY IN ALL CASES BEFORE PLACING A CALL.
DO NOT TRUST TO YOUR MEMORY.

(1) Remove receiver from hook before operating dial.

(2) Bring the finger squarely to the finger stop.

IMPORTANT.—When calling a number, allow a slight interval to elapse between each figure.

(3) Face the transmitter, with the lips almost touching the mouthpiece. Speak naturally, distinctly and not too rapidly.

(4) Do not move receiver hook or dial while talking, as this will disconnect you.

(5) Always hang up receiver for a short interval before making a second call, to allow the mechanism to release.

(6) Hang receiver on hook (small end up) when through talking; otherwise no one can obtain connection with your telephone.

(7) BUSY BUZZ. If, after calling a number, a buzzing sound is heard, it indicates that the number called for is busy.

EXAMPLE

To call M2300—Remove receiver from hook, place finger in finger-hole "M" and pull dial down until finger reaches the finger-stop; let dial rotate back; then in same manner pull 2-3-0-0.

Dial will rotate back. Do not interfere with this backward motion.

Place receiver to your ear. If the busy buzz is heard, it indicates that M2300 is busy. This being the case, hang up the receiver and call again within a reasonable time.

At completion of conversation, hang receiver on hook, small end up.

You are now entirely disconnected and ready to call another number or to be called.

If a mistake is made in calling the correct number or if the dial is improperly operated, the receiver must be hung up before calling again. If connection is accidentally broken it should be restored by the calling party. When using an extension telephone, listen and speak before operating dial.

AUTOMATIC EXCHANGES

INFORMATION

Call "Information" for NUMBERS of New Subscribers, Changes, Long Distance Line Charges, New Toll Offices, etc.

TROUBLE

Complaints regarding Telephone Troubles should be reported to **Trouble Operator.** When reporting trouble, give telephone number affected and its location, also state as accurately as possible just how trouble manifests itself. Try to be specific as incomplete information frequently causes delay in locating nature of trouble. If a line you are trying to call repeatedly tests "busy" notify Trouble Clerk, who will investigate whether same is caused by an abnormal condition on line or from use. If any line appears too busy for good service, write to the Commercial Manager. Subscribers are requested not to engage Trouble or Information Clerks in conversation longer than necessary, as by so doing the clerk will be prevented from giving prompt attention to other patrons.

INSTRUCTIONS

FOR USE OF MANUAL TELEPHONE

CONSULT THE DIRECTORY IN ALL CASES BEFORE PLACING A CALL. DO NOT TRUST TO YOUR MEMORY.

To call the Operator, give *one long ring* before removing the receiver from the hook, and then hold the receiver to the ear. When the Operator replies by saying, "Number?" give the number of the subscriber's telephone desired, slowly and distinctly. At multi office exchanges, first indicate the exchange desired by the prefixed letter and then pronounce the number by digits.

For example:—"M1429" should be pronounced "M one-four-two-nine."

At other exchanges pronounce the number desired by digits.

For example:—"175" should be pronounced "One-seven-five."

Note.—To call the operator at Camrose or Wetaskiwin (Common Battery exchanges), remove the receiver from the hook and proceed as instructed above.

When finished talking, place the receiver on the hook, small end up. No ringing, except by rural line subscribers, is necessary at these exchanges.

Keep the receiver to the ear, and the Operator, after repeating the number, will connect you with the Subscriber called for. If the desired line is found to be in use, the Operator will report "Line Busy."

When you have finished talking, place the receiver on the hook, small end up, and give a *short ring*. This gives the Operator a signal to disconnect, and you are then in a position to call another number, or to be called.

ANSWER THE CALLS ON YOUR TELEPHONE PROMPTLY BY ANNOUNCING YOUR TELEPHONE NUMBER.

Face the Transmitter, with the lips almost touching the mouthpiece. Speak naturally, distinctly, and not too rapidly.

Call "Information" for subscribers or changes not found in this Directory.

DO NOT USE THE TELEPHONE DURING A THUNDER-STORM.

Rural line subscribers should limit their local conversations to FIVE MINUTES duration, and must not "listen-in" to conversations not intended for them, as it interferes with the service.

COMPLAINTS

Complaints regarding telephone trouble and unsatisfactory service should be made to the Agent or Chief Operator at the office concerned, and if not rectified within a reasonable time the matter should be referred to the Traffic Superintendent at Edmonton.

NOTICE

TO TELEPHONE SUBSCRIBERS
AND THE PUBLIC

All employees of the Alberta Government Telephones whose duties require them to enter the premises of subscribers or others, are required to wear a badge similar to that illustrated above. The public is hereby notified to require all persons who desire to enter their buildings or premises for purposes in connection with the Telephone to exhibit their badges and note the numbers of the same. Any person claiming to be an employee of the Alberta Government Telephones, who is without this badge, should be refused admission and the Local Agent be notified at once by telephone.

LONG DISTANCE SERVICE

Rules and Regulations

To make a Long Distance Call:—

(*a*) If you desire Station-to-Station service call "Long Distance" in the regular way. When the Long Distance operator answers, give the Number of the telephone from which you are speaking and say, "I want to speak to.....(telephone number).....(terminating office). Anybody at that number will do."

(*b*) If you desire to reach a particular person at a certain telephone number or address, call "Long Distance" in the regular way. When the Long Distance operator answers give the Number of the telephone from which you are speaking, also your name and initials together with the initials and name of the particular person desired and the city or town where he can be located.

Example:—Number 4567, J. H. Brown speaking. "I want to speak to Mr. John Jones No. 684 Springdale," or "I want to speak to anyone who can talk business at No. 684 Springdale," or "If Mr. Jones is not there I will speak to Mr. A. F. Smith."

(*c*) If you desire to place an Appointment or Messenger call, or transmit a Written Message or Telegram, call "Long Distance" in the regular way and give your order as heretofore.

Long Distance Charges.—All rates quoted are for an initial period of three minutes. For overtime beyond the initial period a proportionate charge is made per minute.

Long Distance Tolls will be charged to the subscriber from whose instrument the Long Distance call is placed.

Night Rates.—Evening and Night Rates apply only to Station-to-Station calls. See page 10 for further information. Day rates only are in effect between Alberta and Saskatchewan Government Telephones' points. The Kootenay Telephone Lines, Ltd. (B.C.) Day and Night Rates are the same.

Supervision by Private Branch Exchange Operators.—The Long Distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange operators interferes with the service and such operators should not remain "cut in" on the line after the connection has been established.

Reversal of Charges.—All charges will be made against the Originating Office except those messages for which the receiving party expressly agrees to pay. The assent of the receiving party to a reversal of charges should be obtained before the connection is established.

Messenger Service.—Upon request, and the pre-payment of reasonable charges a messenger will be sent when possible to notify a non-subscriber to come to any Public Pay Station.

When a Particular Person is desired the Long Distance operator must be so advised when the call is placed, otherwise charges will be made from the time connection is established with the telephone desired, whether the party is obtained or not.

Slot Machine Pay Station Service.—Slot Machine Telephones have been installed by the Department, for the convenience of subscribers and the general public, in suitable locations throughout the City.

Local conversations may be had from these Telephones at a charge of 5 cents for 5 minutes.

Long Distance service is furnished at regular tariff rates upon deposit of the amount of the initial charge (covering three minutes' conversation), the usual charges being made for excess time.

Non-subscribers who desire to use subscribers' telephones should be referred to the nearest Public Pay Station

If there is anything about our rates and practices you do not fully understand, please call your Local Manager or Chief Operator and they will be glad to explain.

NOTES—

1. All preceding rates quoted are for an initial period of three minutes. For overtime beyond the initial period a proportionate charge is made per minute.

2. The preceding rates are Station-to-Station Day rates.

3. The Day Rate for a Station-to-Station call is the fundamental rate upon which the rates for other classes of service are based.

4. The rate for a completed Person-to-Person call, either Paid or Collect, is approximately 25 per cent. higher than the corresponding Station-to-Station Day rate.

5. The rate for a completed Messenger or Appointment call, including Written Messages and Telegrams, is approximately 50 per cent. higher than the corresponding Station-to-Station Day rate.

6. (*a*) Between 7 p.m. and 12 midnight, the Station-to-Station rates are approximately one-half the Day rate and are known as "Evening Rates."

(*b*) Between 12 midnight and 4:30 a.m. the Station-to-Station rates are approximately one-fourth the Day rates and are known as "Night Rates."

(NOTE.—In no case shall the Evening or Night rate, as the case may be, be less than 25c for the initial period, unless the Station-to-Station Day rate is less, in which case the Station-to-Station Day, Evening and Night rate shall be the same.)

(*c*) Evening and Night rates apply only to Station-to-Station calls. There is no reduction in the Person-to-Person rate regardless of the hour when the call is completed.

7. Day rates only are used for computing charges on Person-to-Person, Appointment, and Messenger calls, including Written Messages and Telegrams.

8. The charges on Station-to-Station messages cannot be made Collect, i.e., reversed. If the call is subsequently made Collect, i.e., collected from the called station it will take the Person-to-Person rate.

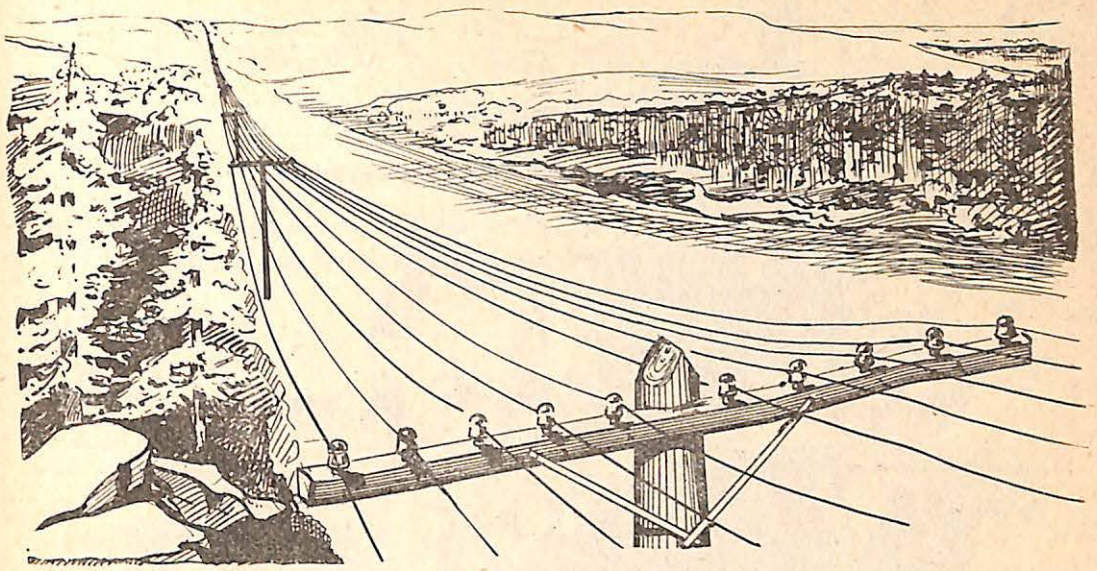
SELL YOUR GOODS by Telephone

Our Long Distance Service enables you to personally canvass Country Customers at a minimum of expense, and an enormous saving of time.

ADVERTISE your goods in the Telephone Directory and complete the sale on the Long Distance Telephone.

ALBERTA GOVERNMENT TELEPHONES



This Way
—to Broader Markets

Right at your elbow is your Long Distance telephone. With it, you can talk with any of 100,000 telephones in Alberta, Saskatchewan and British Columbia.

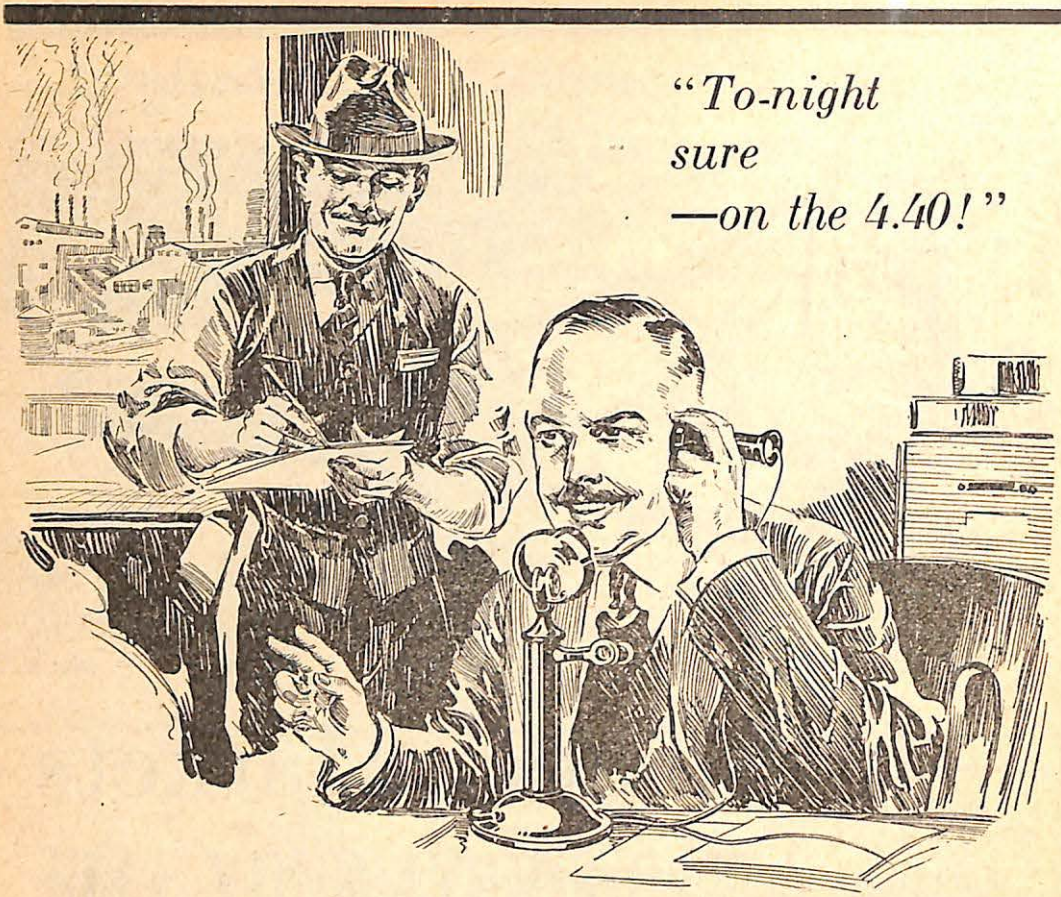
"Clear the Way!" Long Distance seems to say—"here's an important message!"

For there is something impressive about a Long Distance call. The customer is favorably impressed before he knows what the message is about. And Long Distance gives you the right of way into every man's office. He can ignore your advertising, your letter, or even your traveller, but ignore a Long Distance call? Instinctively he reaches for the telephone!

Keep down selling expense. Use your "Silent Partner." You will be amazed to find how many people can be sold your product by Long Distance—quickly—economically.

If you have several calls to make, our Local Manager can arrange to have one follow the other. Think of him as the Manager of *your* telephone service. He can suggest ways of applying Station-to-Station service to your business.

THE ALBERTA GOVERNMENT
TELEPHONES



"To-night sure —on the 4.40!"

For the Quick Service

—that brings repeat orders

"LET me get him on Long Distance, and I'll soon put this right"—says the shrewd business man, as an emergency arises.

His personality, with the persuasive tones that helped him build up his business in the old days, is still the greatest force at his command, and it rarely fails to bring the needed results.

Long Distance permits him to retain that personal contact and influence with men in distant places on which his success was built. "If one of our travellers fails to secure an important order, he gets me on Long Distance before the interview is over, and I nearly always land it."

The power of Long Distance as a business-getter is only beginning to be appreciated. Use your "Silent Partner," and see how economically it produces results. Many of your Long Distance calls can take advantage of the Station-to-Station rate. Ask our Local Manager to explain how.

From your desk you can talk by long Distance with 100,000 *telephones in Alberta, Saskatchewan and British Columbia. May we help you?*

Are You Properly Classified?

IT is important to your business that prospective buyers should find your name in the Telephone Directory under any and every Classification covering your activities

If you are a Plumber, Electrician, Heating Contractor, Sanitary Engineer and Steamfitter, you may be losing a large amount of business by remaining content with the one classification to which you are entitled free of charge.

Comprehensive Classifications and judicious advertising which reaches all classes of the community may be obtained by you at a minimum cost.

Consult us if you wish to increase your business.
