

No More Outsourced Bridges

The San Francisco/Oakland Bay Bridge

- Built with Chinese steel.
- \$3.9 billion over budget, 12 years late.
- 3,000 Chinese workers hired.
- Under a government safety investigation due to faulty construction.

The New York Tappan Zee Bridge

- Built with U.S. steel.
- \$3.9 billion total projected cost.
- 7,728 American workers hired.
- Designed to last 100 years without major structural maintenance.

IT'S TIME TO REBUILD AMERICA

For every \$1 billion infrastructure investment:

21,761
jobs created

3,481
manufacturing jobs created

Tell Congress and the President to rebuild America with Buy America preferences to create Jobs.
