To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to important and forceful changes in our management system, which have concentrated all our efforts in order to maintain the high-quality standards for our stakeholders. These changes include improvements in policies, processes, and procedures, impacting the way we do things and demanding a process of adaptation and learning.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by October 28, 2017. at the latest.
