Proposed Amendment to Rules Applying to Dog Shows, Chapter 2, Sections 1-16 – Making Application to Hold a Dog Show

The Delegate Dog Show Rules Committee proposed the following amendment to Chapter 2, Sections 1-16, of the Rules Applying to Dog Shows, to be voted on at the June 8, 2015 Delegates Meeting.
CHAPTER 12

SECTION 1. Each member club or association is entitled to hold one show and one field trial a year without payment of a fee to The American Kennel Club, but must pay a fee of fifteen ($15.00) dollars for each other show and/or field trial which it may hold during the same calendar year.

SECTION 2. Each club or association which has held a show or shows in any one year shall have first right to claim the corresponding dates for its show or shows to be held in the next succeeding year.

SECTION 3. Each club or association which shall hold a show in its territory at least once in every two consecutive calendar years shall have the sole show privilege in the city, town or district of its assigned territory. A permit for such show privilege in the city, town or district for a period of sixty (60) days before and thirty (30) days after each of its shows.

A club may continue to be approved to hold a show in another club’s territory, within the ninety (90) day period referenced above, if the written consent is obtained from the club assigned to that territory.

If the club in whose territory the event is to be held unreasonably withholds such written consent, the other club may appeal to the Board of Directors of The American Kennel Club after one month from the time consent was requested. The parties shall present their contentions, in writing, to a committee appointed by said Board, or appointed by the President of the American Kennel Club if between Board meetings, or, in the President’s absence, appointed by the Executive Secretary. Said committee may, in its discretion, issue an approval to the other club to hold such show within the assigned club’s territory.

SECTION 4. A member club or association must apply to The American Kennel Club on a regular official form, which will be supplied on request, over the signature of one of its officers, for permission to hold a show; stating in the application the day or days upon which, and the exact location where it desires to hold such show. This official form must be sent in time to reach The American Kennel Club at least EIGHT-EEN weeks before the closing date for entries of the show. This application will be referred to the Board of Directors of The American Kennel Club which will consider the same and notify the member club or association of its approval or disapproval of the dates and place selected.

(The deletion of Sections 5-7 removes outdated and repetitive language. Sections 8 –16 will be renumbered.)

SECTION 14. All clubs holding shows under American Kennel Club rules must have available at each event, a copy of the latest edition of The Complete Dog Book or a current set of the applicable breed standards, Rules Applying to Dog Shows, Rules Applying to Registration and Discipline, the Dealing with Misconduct booklet, and Show /Trial Manual. The Obedience Regulations and Obedience Judge’s Guidelines, Rally Regulations and Rally judges’ Guidelines and/or Regulations, Judging Guidelines and Guidelines for Juniors, must be available when applicable.

SECTION 15. Any club holding a show for charity if requested must submit to The American Kennel Club within ninety days of date of show, a complete financial statement and receipt from the organization for which the show was held.

SECTION 16. The duration of a dog show will not exceed two days, unless permission be granted by The American Kennel Club for a longer period.

CONFORMATION JUDGES
As a result of the October 2010 Board Meeting, publication notice in the Gazette was combined into one notice, therefore the judging approval process continues to include an opportunity for the fancy to respond to each permit judge.

Letters concerning judges and permit judges should be addressed to the Judging Operations Department at PO Box 900062, Raleigh, NC 27675-9062. Letters concerning Agility, Obedience, Rally, Tracking, and VST applicants should be addressed to the Companion Events Department in North Carolina.

The American Kennel Club will, at the request of a judge or judge applicant, provide that individual with copies of letters received by AKC concerning their qualifications. As a result, it should be understood that any such correspondence will be made available, upon request, to the judge.

It is the responsibility of all Conformation and JS judges to notify the Judging Operations Department of any changes or corrections to their address, phone, fax or emails. These changes are very important because they affect your judges’ record, the web site and the Judges Directory. Please notify Judging Operations at (919) 816-3593 or email, judgingops@akc.org.

PERMIT JUDGES
The following persons have been approved on a Permit basis for the designated breeds in accordance with the current judging approval process. They may now accept assignments and the fancy may still offer comments to Judging Operations.

New Breed for Foundation Stock Service (FSS) - Drever

The Drever Association of America requested that the breed be admitted into the FSS. The request was approved. The Drever was developed in Sweden in the early 20th century. It is recognized by FCI countries as well as the Canadian Kennel Club. In the United States it is recognized by the United Kennel Club. There are approximately thirty dogs of this breed in the United States that are eligible for enrollment in the FSS. The breed is classified as a small scent hound. The club does carefully monitor the results of health testing although there are no mandatory health tests for the breed in its country of origin.

Club Disputes

Heather McManus, AKC Senior Counsel, was present for the discussion of Club Disputes. There was a discussion on AKC’s involvement in club disputes. While these disputes are contentious and AKC advice is never accepted graciously by all parties in a dispute, the Board is of the opinion that AKC must continue to assist Clubs when disputes arise and AKC is asked to assist in finding a resolution when these disputes arise.

Staff was directed to develop a new optional binding arbitration procedure for offering resolution in club disputes. This new procedure would require all parties to be bound by such arbitration.

The FCI Restriction on AKC Judges

There was a discussion on the position taken by the Asia Pacific Section of FCI, which first rescinded judging approval for AKC judges and then indicated that AKC judges ran the risk of not being approved to judge FCI shows if they judged at non-FCI shows in FCI countries. As a result of this position taken, AKC rescinded the judging approval of all FCI judges residing in countries which are members of the Section and indicated that if FCI did not remove the threat to rescind approval to AKC judges was not removed, AKC would remove its approval of all FCI judges effective May 19, 2015 (90 days from the date of the AKC notice to FCI).

FCI has indicated that the matter will be reviewed at its March 18-19, 2015, meeting and that its decision will be relayed to AKC immediately after the
meeting. The Board agreed that no further AKC action was warranted as that communication from FCI is imminent.

**Legal Status Reporting**

Ms. McManus presented a status report on pending litigation and other legal activities for the month of February 2015.

**FINANCE**

Joseph Baffuto, Chief Financial Officer, participated in this portion of the meeting. Mr. Baffuto briefly reported on YTD financials for the two months ending February 28, 2015. Total revenues of $9.6 million during the period were slightly below the $9.8 million in 2014. Total expenses remained flat at $8.5 million for both 2015 and 2014. This resulted in YTD operating income of $1.1 million which was just below the $1.3 million of the prior year.

**COMPLIANCE**

Heather McManus participated in this portion of the meeting while Jack Norton participated via video conference.

**Reinstatement Request**

The Board considered a request for reinstatement submitted by David Ramsey. Mr. Gladstone recused himself from the discussion and vote as he previously represented Mr. Ramsey.

On June 9, 1997, Mr. Ramsey was suspended from all AKC privileges for ten years and fined $500 for conduct considered prejudicial to the best interest of purebred dogs as a result of his guilty plea in the State of Rhode Island District court for charges related to animal cruelty. Additionally, on June 17, 1997, the Northeastern Trial Board sustained charges against Mr. Ramsey for submitting or causing to be submitted a registration application he knew, or should have known, contained a false or improper certification, and failing to keep and maintain adequate records of ownership, breeding, and transfer or litter produced, as required by Chapter 4, Section 2 of the Rules Applying to Registration and Discipline. The Trial Board recommended that a ten-year suspension and a $500 fine be imposed. At its October 1997 meeting, the Board of Directors considered the Report and Findings of the Northeastern Trial Board and voted to adopt the Trial Board’s recommendation, with the suspension to run consecutively to and to commence upon the completion of Mr. Ramsey’s suspension imposed as a result of his plea in the State of Rhode Island District Court.

On February 18, 2015, Mr. Ramsey paid both fines (totaling $1,000) that were imposed and submitted a request for reinstatement in accordance with the provision contained in Article XV of the Charter and Bylaws. Following a motion by Mr. Powers, seconded by Mr. Dok, it was VOTED unanimously; recused Mr. Gladstone; absent Dr. Battaglia) to reinstate Mr. Ramsey’s AKC privileges, effective immediately.

The following AKC Management actions were reported:

*(Final Board Disciplinary actions are reported on the Secretary’s Page.)*

**CONFORMATION**

Doug Ljungren, Alan Slay and Bri Tesarz, AKC Staff, participated in this portion of the meeting via video conference.

**Allowing Local Specialty Clubs to Hold Two Days of Shows Per Year**

The Board reviewed a proposal from Staff that looked into modifying the Limited Number of Events Policy for specialty clubs to allow local specialty clubs to hold two days of shows (clubs limited to two shows in a day) per calendar year rather than two shows per calendar year. There was also discussion about allowing clubs to hold one additional show per year in conjunction with their National Specialty.

Following a motion by Dr. Garvin, seconded by Dr. Davies, it was VOTED unanimously; absent Dr. Battaglia) to modify the Limited Number of Events Policy to allow local specialty clubs to hold two days of competition per year instead of two shows per year. Dogs will continue to be limited to two chances to earn points per day so the maximum number of shows that could be held by an individual local specialty club in two days would be four (two shows per day on two days) and to allow local specialty clubs that hold shows on two days per year to hold one additional show held in conjunction with their national specialty. The changes are in italics:

**Limited Number of Events Policy**

(April 2009 Board meeting, Amended March 2015 Board meeting).

A local all-breed or limited-breed club has the option to hold two shows in a calendar year. Local specialty clubs have the option to hold shows on two days per year. Local specialty clubs holding two days of shows per year have the option to hold one additional show in conjunction with their breed’s national specialty. There is no limit on national clubs. All-breed clubs in Alaska, Hawaii, Puerto Rico, and geographically isolated areas (i.e., no AKC club within 75 miles) have the option to hold up to four shows. Show or obedience clubs have the option to hold any number of obedience trials.

This policy has an effective date of January 1, 2016.

**Unique BOB Entries and Impact of GCH**

The Board asked Staff to research the number of unique dogs entering Best of Breed and to determine what impact the Grand Championship program has had on entries. The loss of unique entries at all-breed shows has had the greatest impact on the decline of overall unique entries. Research results found that the introduction of the Grand Champion program boosted the unique entries in BOB at its initiation and is continuing to have a modest impact.

**ONLINE COMPETITION MANAGEMENT SYSTEM (OCMS)**

Connie Pearcy, Vice President and Chief Information Officer Connie Pearcy, provided an update on the Online Competition Management System (OCMS) project. The new online system offers online Event Management tools for clubs, event and trial secretaries, superintendents, and AKC staff. The new system allows club representatives to submit to AKC event plans and judges panels and to pay event fees, and submit event results to AKC using new on-line tools.

In addition, the system provides real-time feedback to alert clubs of missing information, judging conflicts, and other issues that require attention. The project started in 2010 with a focus on providing more services for clubs, improving the efficiency of AKC staff, consolidating event management tools. The latest release includes event plans, judge panels, and results functionality for Specialty, Parent Specialty, Limited Breed, All-
Breed, Obedience, Junior Showmanship, Rally, Agility, FSS Open Show, 4-6 Month Beginner Puppy, and Coursing Ability Tests.

AKC Staff is testing the new system now and are conducting demos for event secretaries. Ms. Pearcy anticipates phasing in the new system starting in April 2015. The roll-out plan includes opportunities for clubs to provide feedback and experiment with the new system while the existing online tools remain available. By mid-summer, 2015, the new system will be available for use by all AKC clubs and will include features to validate dog information provided by exhibitors as well as the ability to generate exhibitor information for event catalogs.

The Board Adjourned at 5:30 p.m.

Meeting reconvened on Wednesday, March 11, 2015 at 8:00 am. All Directors, except Dr. Battaglia, the Executive Secretary and the Assistant Executive Secretary were present.

MARKETING AND COMMUNICATIONS
Chris Walker, AKC Staff, participated in this portion of the meeting. Also present were Hillary Prim, AKC Director, Public Relations; Stephen Smith, AKC Director of Digital Content; Steve Pessah, Marketing and Communications Project Manager; and Michael Basone, Vice President of Technology.

Mr. Walker reported on a number of business initiatives in development. A number of subjects were covered, with the focus on:

Web Searches
AKC has made a concerted effort to assure that AKC is at or very near the top of the search results when an individual is searching for information on dogs or seeking to buy a puppy. The goal is to assist our breeders in placing puppies and to make AKC the “go to” website for “all things dog.” The website team will continue to work with Parent Clubs to enhance the presentation of their breed and assure that accurate information is contained on the specific pages for their breed.

There was an EXECUTIVE SESSION to discuss sensitive business initiatives and opportunities.

### WOOFtale

The Board unanimously agreed to an additional investment round in the AKC’s new proprietary product, WOOFtale. WOOFtale is an on-collar device that allows owners to track their dog’s activity, i.e. walks, calories burned, playtime activities, etc., learn new training techniques and allows the sharing of this information with friends, family and other dog owners. WOOFtale also has a security component that enables the owner to locate his dog with automatic notifications when a dog leaves a pre-determined safety perimeter. It is expected that the first version of WOOFtale will be released later this year. Interested people can sign up for WOOFtale information at www.wooftale.com.

### COMPANION & PERFORMANCE

Retriever Hunting Tests - Changes to Entry Process and Allowing the Use of Shotgun Simulators
The Board VOTED to approve four changes to the Retriever Hunting Test Regulations. Three changes, effective no later than July 1, 2015, regard the entry process. Clubs that limit the number of entries they will accept in their Master level test: (1) must advertise a date and time when entries will start to be accepted, (2) must establish a “first in – first out” waiting list, and (3) may choose to set aside up to 15% of the Master level test entries for event workers. A fourth change, effective April 1, 2015, will allow the use of shotgun simulators in Retriever Hunting Tests. These changes come from the RHT Advisory
Committee with the objective of enhancing this sport.

REGULATIONS & GUIDELINES FOR AKC HUNTING TESTS FOR RETRIEVERS

CHAPTER ONE - General Regulations

Section 3. Making Application

New Paragraph

Clubs that limit the number of entries in the Master Hunter Test must advertise an opening date for its Hunting Test. In order for there to be transparency for all participants, the opening date shall be the Wednesday closest to three weeks prior to the first day of the event. The opening time shall be 8:00 pm Central Time.

New Paragraph

Clubs that limit the number of entries in the Master Hunter Test must establish a waiting list in order that entries that scratch prior to the closing date and time can be replaced. The waiting list shall utilize a “first in – first out” approach.

Section 4. No Special Inducements

A hunt test-giving club shall not accept an entry fee other than that published in its premium list or entry form, or in any way discriminates between entrants. Except a club with a limited entry, Master test may set aside up to 15% of the Master entries for event workers. No club or member of any club shall give or offer to give any owner or handler any special inducements, such as reduced entry fees, allowances for board or transportation or other incentive of value for certain number of entries or shall give or offer to give in consideration of entering a certain number of dogs, any prizes or prize money, which prize money shall be for a stated sum or a portion of the entry fees. Except a club, at its discretion, may allow for a reduced entry fee for dogs handled by juniors. A junior handler is someone less than 18 years of age on the first day of the test.

Section 8. Gunning

Gunners firing popper loads or shotgun simulators must be a minimum of 16 years of age and if less than 21, must have successfully completed a Hunter/Gun Safety course.

Appointment of William Marlow to AKC PAC Board

The Board VOTED to appoint Mr. William Marlow to the AKC PAC Board of Directors.

Protection for Pets under State Domestic Violence Acts

The Board discussed a proposal submitted by the Legal Outreach Committee (David H. Hopkins, Esq., Chair, William J. Feeney, Esq., Martha Feltenstein, Esq., Barbara A. Penny, Esq., Sheila Goffe, and Alan Kalter, AKC Board Liaison.)

The proposal recommended the adoption of the following Position Statement:

CANINE LEGISLATION POSITION STATEMENT

Protection for Pets Under State Domestic Violence Acts

The American Kennel Club supports additions to states’ domestic violence statutes that allow for the issuance of protective orders that seek to guard pets from harm, risk of harm, or alienation. Such protections should include prohibiting alleged abusers from contact with pets and permitting grants of temporary exclusive care or control of a pet to a petting alleged victim. Statutes may also provide appropriate financial remedies for the petitioner to provide for the care of the animals subject to a protective order. These provisions should not impact the legal status of animals as property.

This will be considered further at the April 2015 Board meeting.

The September 2015 Delegates Meeting

It was brought to the AKC’s attention that the dates of the September 2015 meeting coincide with Rosh Hashanah, a high Jewish holiday. The meeting had been scheduled a week later than usual to avoid Labor Day, but the fact that the new dates fall on an important religious holiday had been overlooked.

Following a motion by Mr. Ashby, seconded by Dr. Davies, it was VOTED (unanimously, absent Dr. Battaglia) to move the September 2015 Delegate Meeting to Thursday, September 10, 2015, with Delegate Committees schedule for Wednesday, September 9. This would avoid meeting or travel day on Labor Day.

(After the above dates were announced, it was apparent that they were less than satisfactory to a large number of Delegates. After consultation with the Delegate Coordinating Committee, the Board agreed to change the dates to Friday, September 11 for the Delegate Committee Meetings and Saturday, September 12 for the Delegate Meeting.)

Renting a Pet

Mr. Kalter raised the issue of the practice of renting household pets, e.g. dogs or cats, as a completely different way to acquire a pet. He suggested that AKC consider supporting legislation against this practice, which is the antithesis of responsible pet ownership. There was a Board consensus that Staff should bring forward a proposal regarding this.

Grand Championship

Mr. Kalter raised the issue of having levels of Grand Championship indicated as part of the dog’s name on AKC records. This was discussed and staff was directed to explore whether this would require a rule change and how much programming would be necessary.

The Formation of Dog Breeds

Dr. Jerold S. Bell, DVM, gave a presentation on Genetics and the formation of dog breeds to assist the AKC Board to formulate policies governing the acceptance of new breeds. Dr. Bell is on the faculty of the Cummings School of Veterinary Medicine at Tufts University. He also has a private veterinary practice and is on the OFA Board.

Dr. Bell covered ways in which breeds form, including:

• inbreeding on a kindred of individuals possessing a particular trait, or,
• breeding unrelated animals possessing a particular train, behavior, or working ability.

Dr. Bell estimates that breeds lose an average of 35% of their breed diversity through breed formation. He compared the effects of artificial and planned selection. He believes that breeding for moderation and away from extremes that cause disease should be a guiding principle in breeding and judging. He pointed
out that most breed standards do not call for expression of extreme phenotypes. He also believes that healthy gene pools require expanding, or large stable populations.

Dr. Bell indicated that AKC is on the right track in adopting the criteria for admission onto FSS including:

- Number of years in existence
- Number of documented generations with a closed stud book “breeding true”
- Number of dogs in registry
- Acceptable breed standard
- A breed Health Survey
- A Breed Health improvement plan

Dr. Bell’s discussion of healthy breeding principles led to discussion about how they related to AKC’s breeder recognition program, Bred with Heart. The Board suggested and Dr. Bell agreed in principle to the use of his name in tying these principles to the Bred by Heart program.

It was VOTED to adjourn Wednesday, March 11, 2015 at 2:20 pm.

**AKC Outreach Effort**

AKC’s dedicated breeders, exhibitors, and club members are and have always been the heart and soul of the Sport. However, these active participants in formal AKC clubs and events make up a very small fraction of the dog-owning public in the US. At the February 2015 Board meeting, the staff presented a recommendation that AKC recognize new types of social groups, which has sprung up all over the country, where people get together to simply enjoy informal activities centered around their dogs. For lack of a better term, these groups were referred to as Companion Dog clubs. When published in the Board minutes, this idea caught the attention of the delegates, many of whom have posted comments on the idea. As there may be questions of the Board candidates and at Delegate Committee meetings, this email is meant to provide background information.

The recommendation is that AKC provide the means for informal groups of dog owners that are interested in purely social activities centered on their dogs to associate with the AKC. In general, these owners are not interested in AKC’s traditional sports, breeding their dogs, or having the formal structure of the traditional dog club. They are not familiar with what the AKC has to offer. We of course do not know how successful the outreach to these informal groups of dog owners would be, however, if we do not make the effort, we know that there is no chance at all.

The benefits of the recommendation are:

1. Provide a means for the AKC to associate with a new segment of the dog owning public, thereby broadening AKC’s base. Many of these informal dog groups already exist.
2. Association with these dog owners will provide an opportunity for targeted communications to familiarize these dog owners with the AKC and demonstrate the good things the AKC does for all dogs.
3. The positive relationship built through this association will create awareness, goodwill and relevancy for the AKC with the general dog owning public.
4. These informal groups of dog owners should be viewed as potential AKC advocates and future participants in AKC clubs and activities, and not as competitors to the dedicated AKC clubs that form our core constituency.

The concern from the delegates appears to be the impression that these new “clubs” will harm AKC clubs by offering AKC events which would compete with existing events and/or compete for potential members that might join existing AKC clubs. There also appears to be some concern/confusion over the name “Companion Dog” club. Note: The name was strictly an internal handle. These groups may call themselves whatever they wish. If these efforts are productive, we will select an appropriate name to cover this informal association with AKC, which will not cause confusion with current club and event terminology.

**Next Step:** Given the amount of feedback that has been generated, the staff has decided to pull the memo from the March Board agenda. This will provide time to evaluate the feedback and more clearly address the concerns of the delegates.
