

## **Alison Schutt**

*2014 PR/Coke Scholarship Recipient*

### **1. What college did you attend?**

Northwestern College in Orange City

### **2. What major/minors did you graduate with?**

I will graduate in May 2018 and I am double majoring in biology- health professions and chemistry with a mathematics minor.

### **3. What is your job and title?**

Currently I'm a student but on campus I work as a student ambassador for the admissions office, a peer tutor, a teaching and research assistant, and as the student government president. In the future I will (hopefully) be a medical doctor.

### **4. Fun facts or life events.**

I recently have been accepted to three medical schools (The University of Chicago, The University of Cincinnati, and Des Moines University) and I am waiting to hear back from Iowa!

### **5. Did your employment at Pizza Ranch teach you life lessons you are practicing today?**

While working at Pizza Ranch I learned how to balance working while I was in school which has helped me to pay for my college. As a closer I also learned leadership skills that I use constantly in my various roles on campus. I also learned how to work hard as a team with a wide variety of people while also having tons of fun!
