

## WHEN I TITHE THE CHURCH IS STRENGTHENED

**B**arnabas, one of the early disciples, was known as the “Son of Encouragement.” Barnabas encouraged his fellow church members through generous giving. Acts 4:36-37 describes his decision to sell a piece of property and give the proceeds to the church. As a result the Bible says: “There were no needy persons among them” (Acts 4:34).

We all long for a supportive environment where needs can be alleviated. Jesus describes heaven as a place “of many mansions” where all our needs will be met. The church becomes an extension of our heavenly Father’s house when we provide care and strength for our fellow believers. Our willingness to strengthen ministry through giving a tithe or more of our income on a regular basis makes church like heaven on earth.

You can be a “son of encouragement,” if you will set your heart on financial obedience. God provides all of our resources, and when we acknowledge His care for us by giving a tithe or more, our church is strengthened. If you have never practiced tithing, now is a good time to start. Spiritual encouragement will overflow because of your obedience. Be an encourager: Tithe!
