Monday, January 25, 2016

VBRB 305 Auditorium

**Instructional Design: Creating College
Level Agriculture Curriculum Using Technology**

About the speaker: *Catherine graduated from WSU's V&E Program in 2006, returned in 2008 and graduated in 2011 with a Master's in Soil Science. In 2010, she was hired by Yakima Valley Community College to manage a National Science Foundation Grant in the Agriculture Department titled: Vineyard and Winery Technology Program Expansion. This was a four year project that converted the face to face courses in YVCC's Vineyard and Winery Technology Program into hybrid or online courses.*
