Spring '18: Diamond's Anatomy Enrichment Program

Teach human anatomy to elementary school children in Berkeley. In groups, you will build simple, clear, and fun lesson plans. Practice and improve your teaching methods in class among your peers. Perform your perfected lesson plans in the Berkeley public schools. Have fun and spark the minds of future scientists!

2 units | Tuesdays 6:30-8:00 p.m. | Dwinelle 182 | CN: 33151

Note: In order to visit the schools you must have a reserved time block of 3 hours the day of your presentation.
