## **Independent Auditors' Report**

To the Trustees and Officers,  
Diocesan Investment Trust of the  
Diocese of New Jersey

We have audited the accompanying financial statements of Diocesan Investment Trust of the Diocese of New Jersey (the "Trust"), which comprise the statements of assets and liabilities, including the condensed schedules of investments in securities, as of December 31, 2011 and 2010, and the related statements of operations, changes in net assets and the financial highlights for the years then ended. These financial statements are the responsibilities of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of the Diocesan Investment Trust of the Diocese of New Jersey as of December 31, 2011 and 2010, and the results of its operations, changes in its net assets, and the financial highlights for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

A handwritten signature in cursive script, reading "Withum Smith & Brown PC".

**1. Organization and Summary of Significant Accounting Policies**

**Nature of Organization**

The Diocesan Investment Trust of the Diocese of New Jersey, (the "Trust"), is invested in fixed income and equity securities for the benefit of Parishes and Institutional accounts of the Diocese of New Jersey who hold shares in the Trust. The objectives of the Trustees of the Trust are to maintain or increase the real value of the Fund in perpetuity.

**Basis of Accounting**

The financial statements of the Trust have been prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles.

**Investments**

Security transactions are recorded on the trade date. Investments are stated at market value, which is the closing sales price on the last day of trading during the year. The difference between cost and market value is reflected as unrealized appreciation (depreciation) of investments. Realized gains (losses) from securities transactions are determined for financial reporting purposes on the identified cost basis. Dividends are recorded on the ex-dividend date. Interest income is accrued as earned.

**Capital Transactions**

Subscriptions and redemptions from the Trust are based upon the number of shares subscribed or redeemed multiplied by the previous month's end Net Asset Value ("NAV") per share.

**Use of Estimates**

The preparation of financial statements in conformity with United States generally accepted accounting principles may require management to make assumptions and estimates that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

**Income Taxes**

As a church-affiliated organization, the trust is a tax-exempt entity. The Trust's policy is to evaluate uncertain tax positions in accordance with Accounting Standards Codification (ASC) Topic 740, "Accounting for Uncertainty in Income Taxes". Pursuant to the ASC, management has determined that as of December 31, 2011 and 2010, it does not have any uncertain tax positions required to be reported. The Trust is not required to file Form 990 or 990-T with the Internal Revenue Service (IRS), and accordingly these returns have not been filed with the IRS. In addition there have been no tax related interest or penalties for periods presented in the financial statements. Should any such penalties and interest be incurred, the Trust's policy would be to recognize them as operating expenses.

**2. Fair Value of Investments**

The Trust has adopted Accounting Standards Codification 820, *Fair Value Measurements* ("ASC 820"). The Trust has adopted ASC 820 with respect to its financial assets and liabilities only. ASC 820 defines fair value, establishes a framework for measuring fair value under generally accepted accounting principles and enhances disclosure about fair value measurements. Fair value is defined under ASC 820 as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable.

**Diocesan Investment Trust of the Diocese of New Jersey**  
**Notes to Financial Statements**  
**December 31, 2011 and 2010**

---

These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect one's estimates of assumptions that a market participant would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

**Investments in Securities**

Investments in securities that are exchange traded on major securities exchanges are valued at their last reported sales price as of the valuation date.

**Investments in Private Investments**

Investments in private investment companies are valued, as a practical expedient, utilizing the net asset valuations provided by the underlying private investment companies, without adjustment, when the net asset valuations of the investments are calculated in a manner consistent with GAAP for investment companies. Investment in private investment companies are categorized in Level 3 of the fair value hierarchy.

The following table represents the Trust's fair value hierarchy for its financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2011:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common stock	\$ 18,970,707	\$ --	\$ --	\$ 18,970,707
Mutual funds	11,591,332	--	--	11,591,332
Exchange-Traded fund	288,470	--	--	288,470
Private investment	--	--	332,027	332,027
Short-term securities	1,336,268	--	--	1,336,268
Totals	<u>\$ 32,186,777</u>	<u>\$ --</u>	<u>\$ 332,027</u>	<u>\$ 32,518,804</u>

The following table represents the Trust's fair value hierarchy for its financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common stock	\$ 20,995,643	\$ --	\$ --	\$ 20,995,643
Mutual funds	10,098,494	--	--	10,098,494
Exchange-Traded fund	408,735	--	--	408,735
Private investment	--	--	636,108	636,108
Short-term securities	972,126	--	--	972,126
Totals	<u>\$ 32,474,998</u>	<u>\$ --</u>	<u>\$ 636,108</u>	<u>\$ 33,111,106</u>

For applicable assets and liabilities subject to this pronouncement, the Trust will value such assets and liabilities using quoted market prices in active market for identical assets and liabilities to the extent possible. To the extent that such market prices are not available, the Trust will next attempt to value such assets and liabilities using observable measurement criteria, including quoted market prices of similar assets and liabilities in active and inactive markets and other corroborated factors. In the event that quoted market prices in active markets and other observable measurement criteria are not available, the Trust will develop measurement criteria based on the best information available.

**Diocesan Investment Trust of the Diocese of New Jersey**  
**Notes to Financial Statements**  
**December 31, 2011 and 2010**

---

The following is a summary of activity for the year ended December 31, 2011 for assets measured at fair value based on unobservable measure criteria (level 3):

	<b><u>Private Investment</u></b>
Balance, beginning of year	\$ 636,108
Sales	(311,633)
Realized and unrealized gains included in earnings	<u>7,552</u>
Balance, end of year	<u>\$ 332,027</u>

The following table summarizes investments measured using NAV per share as of December 31, 2011:

	<b>Fair Value</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Private Investment in Topiary Trust	\$ 332,027	*	*

The following is a summary of activity for the year ended December 31, 2010 for assets (liabilities) measured at fair value based on unobservable measure criteria (level 3):

	<b><u>Private Investment</u></b>
Balance, beginning of year	\$ 1,295,173
Sales	(706,937)
Realized and unrealized gains included in earnings	<u>47,872</u>
Balance, end of year	<u>\$ 636,108</u>

The following table summarizes investments measured using NAV per share as of December 31, 2010:

	<b>Fair Value</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Private Investment in Topiary Trust	\$ 636,108	*	*

\*In December 2008, the Trust received notification from the Trustee of the Topiary Trust (the "Fund") that the Fund had suspended redemptions and would effect an orderly liquidation of the Fund's assets. On January 31, 2011, May 31, 2011 and September 30, 2011, the Fund distributed \$168,711, \$89,273, and \$53,648 to the Trust, respectively. On January 31, 2010, April 30, 2010 and August 31, 2010, the Fund distributed \$373,561, \$242,800, and \$90,576 to the Trust, respectively. From January 1, 2012 to October 2013, the Trust has received total distributions of \$205,969, including investment income, from the Fund.

### **3. Accrued Expenses**

Accrued expenses represent amounts due for investment advisory, custodial, service and audit fees directly associated with investments in securities.

**Diocesan Investment Trust of the Diocese of New Jersey**  
**Notes to Financial Statements**  
**December 31, 2011 and 2010**

---

**4. Dividends**

The aggregate dividends for the years ended December 31, 2011 and 2010 of \$1,657,180 and \$1,666,422 were declared and payable monthly to participants of record as of the end of each month under a standing resolution of the Board of Trustees.

Monthly dividends for the year ended December 31, 2011 were as follows:

<b><u>Month Ended</u></b>	<b><u>Shares Outstanding</u></b>	<b><u>Total Dividend</u></b>
January 31	776,005.57	\$ 135,801
February 28	775,621.19	135,734
March 31	782,555.32	136,947
April 30	781,513.28	136,765
May 31	782,637.93	136,962
June 30	794,105.13	138,968
July 31	795,443.52	139,203
August 31	792,917.29	138,761
September 30	790,221.23	138,288
October 31	797,574.63	139,576
November 30	798,641.75	139,762
December 31	803,993.43	140,413
Total		<u>\$ 1,657,180</u>

Monthly dividends for the year ended December 31, 2010 were as follows:

<b><u>Month Ended</u></b>	<b><u>Shares Outstanding</u></b>	<b><u>Total Dividend</u></b>
January 31	808,576.39	\$ 141,501
February 28	808,505.95	141,489
March 31	808,047.21	141,408
April 30	804,495.70	140,787
May 31	808,298.15	141,452
June 30	806,373.05	141,115
July 31	805,392.74	140,944
August 31	801,731.16	140,303
September 30	759,285.40	132,875
October 31	765,061.86	133,886
November 30	769,852.80	134,724
December 31	774,393.29	135,938
Total		<u>\$ 1,666,422</u>

Dividends are calculated on the shares outstanding at month end without consideration of the effects of timing differences related to items such as reinvested dividends. The impact of these items is immaterial.

**5. Monthly Unit Valuation**

Monthly unit valuations are calculated based upon the Trust Net Asset Value as of month end divided by the number of shares outstanding. These values are the basis for contribution or withdrawal of units during the succeeding month.

**Diocesan Investment Trust of the Diocese of New Jersey**  
**Notes to Financial Statements**  
**December 31, 2011 and 2010**

---

Monthly unit valuations for the years ended December 31 are as follows:

<u>Month Ended</u>	<u>2011 Per Share Value</u>	<u>2010 Per Share Value</u>
January 31	\$ 42.91	\$ 37.81
February 28	43.29	38.48
March 31	44.18	40.23
April 30	44.77	41.03
May 31	44.41	37.97
June 30	43.69	36.97
July 31	43.16	38.22
August 31	41.68	37.17
September 30	39.25	40.22
October 31	42.02	40.79
November 30	41.43	41.18
December 31	40.32	42.51

Monthly unit valuations are calculated without consideration of timing differences for items such as dividends reinvested at month end. The impact of these timing differences on the value per share is insignificant.

**6. Concentration of Credit Risk**

The Trust maintains cash balances in several financial institutions. The balances are insured up to regulatory limits. At times, the deposits may exceed the amounts of the insurance provided on such deposits. Historically, the Trust has not experienced any credit related losses.

The Trust holds significant investments in various publicly traded companies and other investments. Investments in these types of securities have an inherent risk of loss due to market value fluctuations, including the risk that should these companies fail, the securities would be rendered worthless.

**7. Effects of New Accounting Pronouncements**

In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, *Fair Value Measurement and Disclosure requirements in U.S. GAAP and IFRS*. This standard does not affect previous guidance on fair value measurement. Its provisions are limited to clarifying language on several fair value issues and additional disclosures, especially for level 3 fair values. It is effective for nonpublic entities for annual periods beginning after December 15, 2011..

The Trust is not aware of other new accounting standards that were required to be adopted in 2011, or yet to be adopted, that would materially affect the Trust's 2011 or prospective financial statements.

**8. Subsequent events**

The Trust has evaluated subsequent events occurring after the balance sheet through October 21, 2013, which is the date of the financial statements were available to be issued. Based on this evaluation, the Trust has determined that no subsequent event requires disclosure in the financial statements.
