Thank you to all who have participated in one or more of the elements of Discerning Our Common Call to date: the Bishop's Forums over the summer, and the Days of Discernment, and charrettes in September. Your contributions are essential to this work of discernment.

A letter from Bishop Stokes, and the report on what we learned from the forums can be found [here](#).

Through our conversations at the two Days of Discernment, a number of shared core values emerged clearly. The key values directing our work as we move forward in this process are:

- [Collaboration/Communication](#)
- [Evangelism](#)
- [Formation/Discipleship](#)
- [Inclusion](#)
- [Justice](#)
- [Outreach](#)
- [Youth](#)

Using the [Baptismal Covenant](#), the [Five Anglican Marks of Mission](#) and the Catechism's understanding of the Mission of the Church as our starting point at each day of discernment, the meta-values of "Jesus" and "Faith" emerged overwhelmingly the strongest, affirming our commitment to these foundational principles from which the rest of the core values enumerated below flowed.

Although the top two or three values differed between the lay and clergy days of discernment, there were significant areas of convergence between the full lists of values. The seven values listed here includes the top five of those convergent values, and the values from the top three of either day that were not included in the convergent list. The Steering Committee feels that these are a good representation of the conversations we had at both days. [Read More](#).

At four Charrettes held throughout the diocese, participants engaged in brainstorming about the activities that support these core values, prioritized a number of diocesan activities, and considered resources outside the diocesan budget that could support our common life and values.
