

San Diego Self Storage (SDSS) is sponsoring its annual holiday toy drive benefiting Toys for Tots by collecting toys at each of its 18 locations throughout the San Diego region through 6pm on December 19, and lending its moving trucks to transport the toys. The US Marine Corps Reserve Toys for Tots program delivers new toys at Christmas with the purpose of sending a message of hope to local needy youngsters that will motivate them to grow into responsible, productive, patriotic citizens and community leaders.
