

HeatherWood is a RCAC-certified community with a warm, inviting feel. We offer private living quarters with ample closet space and kitchenettes. Common dining, living, chapel, and multi-purpose spaces allow residents to gather for social and recreational activities, entertainment, and events. Have a loved one with memory loss? *The Glen at HeatherWood* is a CBRF with staff trained in the care of those with Alzheimer's or other dementias.

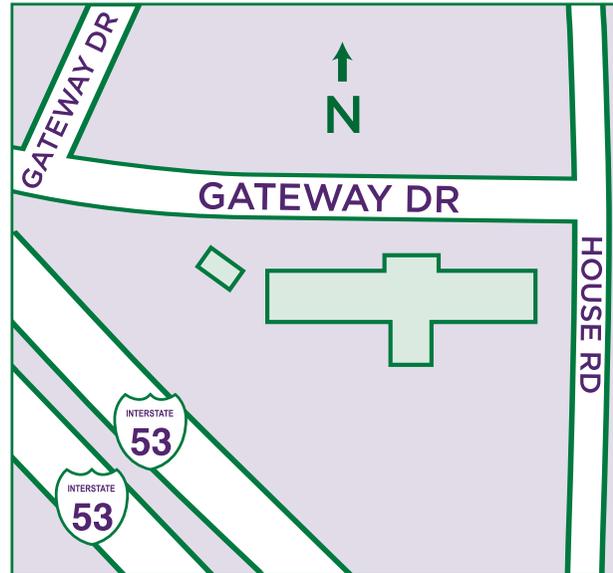

The Glen at HeatherWood

The Glen residents enjoy the same quality apartments as our assisted living residents with the added peace of mind that a secured wing provides. Both indoor and outdoor spaces are designed for a smaller group—minimizing confusion. We embrace a holistic approach for elders with cognitive impairments including validation therapy, aromatherapy, music, exercise, creative arts, and pet therapy in daily and weekly programming. Staff receive training in person-directed approaches—creating an environment of growth and continuous learning for all.

Family support at The Glen

Those with memory loss flourish when they feel involved and have the support of family and friends. We believe in preserving that loving relationship. All are invited to join us for educational seminars, training, and support group offerings.

 A COMPASS SENIOR
LIVING COMMUNITY

We are pledged to the letter and spirit of U.S. policy for the achievement of equal housing opportunity throughout the Nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status, or national origin.

Assisted Living and Memory Care

*Guided by goodness,
loyalty, faith, and fun*

Our philosophy

The HeatherWood family is a warm, loving community as different and special as the unique people who live here. It is a place of vibrancy and life; promoting meaning and joy in the lives of residents, families, and our care team members.

We believe people make all the difference. Treating people well – with respect, trust, care, and good humor – can be quite contagious. As a team, knowing our ‘true north’ enables us to follow the path to do what is right, proper and good.

Our mission is simple. We are guided by goodness, loyalty, faith, and fun. If these values resonate with you, we invite you to join us on this journey.

Your living is determined not so much by what life brings to you as by the attitude you bring to life; not so much by what happens to you as by the way your mind looks at what happens. – Khalil Gibran

Resident Growth and Wellness plans

We advocate for a shift from institutional models of care to person-directed values and practices that put the person first. Well-being is the ultimate outcome of a human life. Well-being, as a frame of reference, requires us to focus on the strengths, possibilities, dreams, and goals of each individual.

Heatherwoodal.com

Our Growth and Wellness Plans use well-being as our frame of reference. The goals are focused on strengths, preferences, and growth. Then, we know how to partner with each resident to highlight and strengthen the sense of individuality to define assistance needed within the culture of caring.

Growth and Wellness plans are based on seven wellness domains:

- Identity
- Growth
- Autonomy
- Security
- Connectedness
- Meaning
- Joy
