ICON HELMETS

ICON® HELMETS ARE THE CULMINATION OF OUR UNIQUE RIDER DRIVEN DESIGN

An aggressive style, combined with peerless engineering, has carved ICON® a unique niche within the riding community. Our commitment to quality has won us the prestigious J.D. Powers customer satisfaction award, and accolades from riders the world over. Whether your riding includes blasting high-speed circuits, storming the dirt of baja, or strafing pockmarked highways, there's an ICON® helmet for you.

AIRFRAME PRO™

The modern riding position - higher rear sets, lower clip-ons - has dramatically altered how a rider interacts with the modern hypersport motorcycle. Compressed into an ever more compact shape, the rider's head positioning requires increased angle to maintain visibility and stability. With this in mind, ICON® designed the AIRFRAME PRO™.

VARIANT™

The VARIANT™ showcases handmade composite shells—premium carbon fiber and FRP matrixes. From its 3D molded shield to aerodynamically optimized visor, it has a style all its own. From streetfighters to sportbikes to cruisers to adventure bikes, the VARIANT™ is for those who ride outside the boundaries of convention. The VARIANT™ is our premier all-terrain option.

AIRMADA™

The AIRMADA™ brings track level specs to the mid-price helmet category. Unique manufacturing processes allow for a significantly reduced shell size, thereby reducing both weight and drag. Its long-oval headform, a first in this category, offers a race fit while eliminating pressure points. The AIRMADA™ is an optimal choice for those wanting maximum performance at an attainable price.

ALLIANCE GT™

For over a decade, the ALLIANCE™ lineage has come to define street style. Proven design, comfortable fit, and superb quality combine for maximum value. The ALLIANCE™ is an excellent entry point into the ICON® helmet family. With the ALLIANCE GT™ we've kept the world renowned comfort and ventilation, and added an inner DROPSHIELD™ for those rides that start before sunrise and end well after the sunset.

AIRMADA OPACITY™

HELMET

\$270

Subsonic mating rituals are an ICON® specialty. Dump clutch, loft the front, and stick those tail feathers out for all the world to see. The AIRMADA OPACITY™ Helmet is an eye-spotted, feather-ruffling, cryptically-colored shot across the bow. And if that front wheel comes up too high during your impressive show of peacock size, just hit the brakes and they'll fly right by.

AIRMADA MONKEY BUSINESS™

HELMET

\$270

A few years ago the ICON® design crew sat around our favorite hookah theorizing about the impending Monkey versus Robot Armageddon. As the last of the bath salts charcoalized, it became clear that this would be no ordinary conflict. This "Primate Automaton" battle would be a truly magnificent affair worthy of its own helmet graphic...and song. While you can now view [buy!] The AIRMADA MONKEY BUSINESS™ graphic, you'll have to visit us in person to hear the song. Bring your own salts.

ALLIANCE GT THE HORROR™ HELMET

\$225 INCLUDES INTERNAL RST BLUE OR RST RED DROP SHIELD™

It started in the Northwest, the invoking of a street-born villain raised on a healthy diet of moving violations and jumped titles. This time, our personal entity of asphalt destruction takes the form of the ALLIANCE GT THE HORROR™ Helmet. Painted up in rage red or burly blue, depending on your juvenile favorite color preference. Every man has their demon - we just emblazoned it on your dome.

ALLIANCE LUCIFUR™

HELMET

\$190 Heaven may have nice weather, but hell has more interesting dinner company. The ALLIANCE LUCIFUR™ Helmet is our spaghetti-haired vision of Hades' master of ceremonies - think endless bread sticks and eternal suffering. He's a shaggy-coiffured marinara dark lord of pasta served up zesty and thick. Most companies wouldn't combine refined white flour products, eggs and Satan into a single potluck dish, but most companies aren't ICON®. Delish.

TARMAC™ JACKET

ICON MOTOSPORTS

\$250

Sleek, refined, and devoid of graphics, the ICON® TARMAC™ jacket goes the distance. Its chassis is constructed of a 4-way stretch HYCOR® waterproof/breathable material, which is paired with durable ballistic reinforcement panels. The TARMAC™ features the slightly Pre-Curved arms of our ICON® Sport Fit, which is perfect for today's Hyper-commuter (yes, it's a thing). With a waterproofing level of WP3 and its high-dollar YKK® Aquaguard® zippers, you'll stay dry on the inside even when the outside gets soupy. Internally, a micro-mesh liner, pit vents, and back exhaust port combat interior moisture while a full complement of D30® Shoulders, Elbows, Back combats the inevitable asphalt tumble. Who cares what the weatherman says? You're riding.

TiMAX™ JACKET

ICON MOTOSPORTS

\$500

Our legends are forever. They live on in tales of asphalt entanglements and high-speed encounters. After years of constant begging and pleading from the masses, the legend returns. From the ICON® lab in the rain-soaked ruins of Slabtown, the ICON® TiMax™ Jacket has been reborn. This incarnation features a perforated leather chassis coupled with titanium-reinforced textile shoulders and back. The ICON® Sport Fit remains refined yet aggressive, and the full D30® impact protector package (elbow, shoulder, back) with the removable insulated SatinCore™ vest liner keeps you comfortable and secure in almost any condition. Our memories took us to the past; the TiMax™ will take us to the future.

MIL-SPEC 2™ VEST

ICON MOTOSPORTS

\$45

It's never a bad idea to stack the deck in your favor, and the MIL-SPEC 2™ Vest stacks it with two different hi-visibility options. Form-fitting and breathable, the 4-way stretch Poly chassis allows the vest to be worn over your riding jacket, working with its existing vents. The snug performance fit eliminates wind flap, unlike the plastic safety vests of yesteryear. Engineered with the goal of "visual conspicuity," its HiViz body is paired with retro reflective side and back paneling to aid in being detected in low-light conditions. See and be seen in the MIL-SPEC 2™.

TARMAC™ GLOVE

ICON MOTOSPORTS • AVAILABLE SEPTEMBER 2017

\$80

In this new era of the Hyper-commuter, riders are looking for simple gear that does it all. The waterproof ICON® TARMAC™ Glove is their glove. From a distance it looks simple, yet it is anything but. The cowhide leather palm and fingers provide excellent comfort and dexterity, while the stretch Poly backhand keeps it lightweight. A D30® knuckle insert adds legit knuckle coverage, while the touchscreen-enabled index and thumb allow use of your hand-held devices without removal of the glove. Finally, the mid-length under-cuff wrist closure system provides a secure fit. Rain or shine, it doesn't matter; grab your Tarmac gloves and go.

SUPERDUTY 5™ BOOT

ICON MOTOSPORTS • AVAILABLE SEPTEMBER 2017

\$125

The 5th generation of the iconic SUPERDUTY 5™ Boot leads the way for urban riding gear. We revamped our most popular boot into a sleek, athletic silhouette. The upper is comprised of TECTUFF® coated leather with incredible abrasion-resistant properties. Internally we've revamped the structure, forgoing the steel shank for an engineered lasting board, which provides full-foot reinforcement while still remaining comfortable. The SD5 includes D30® ankle insert in vulnerable ankle areas. The visually-defining rubber nub interface, hidden ghillie laces, and mid-foot support strap—all staples of the Superduty legacy—provide a sure and secure fit. Five generations in, we continue to step up the moto footwear game.

MERC GEORACER™ JACKET

ICON MOTOSPORTS [WOMENS]

\$185

Beyond your subconscious, through the measureless division of all space, allow yourself to tune in on the MERC GEORACER™ Jacket. With enough colors and shapes to overstimulate a toddler, you'll be sure to turn some heads. While its soft shell chassis may look cozy, which it is, the integrated ballistic paneling and a full D30® Impact Protector suite (elbows, shoulders, back) come through in a tumble. Hood, oversized kangaroo pockets, pit zips, and Sportcuff™ continue to blur the line between motorcycle gear and street wear. Tune in, drop out, dump the clutch.

MIL-SPEC 2™ VEST

ICON MOTOSPORTS [WOMENS]

\$45

It's never a bad idea to stack the deck in your favor, and the MIL-SPEC 2™ vest stacks it with hi-visibility. Form-fitting and breathable, the 4-way stretch Poly chassis allows the vest to be worn over your riding jacket, working with its existing vents. The snug performance fit eliminates wind flap, unlike the plastic safety vests of yesteryear. Engineered with the goal of "visual conspicuity," its Hi-Viz body is paired with retro reflective side and back paneling to aid in being detected in low-light conditions. See and be seen in the MIL-SPEC 2™.

STRYKER™ VEST

ICON MOTOSPORTS [WOMENS]

\$130

The Women's FIELD ARMOR STRYKER™ Vest features all the same construction as the men's version but has been re-tailored for a woman's fit. The back plate has been made slightly shorter by changing to a five or six plate arrangement. Additionally, the midriff and velcro adjustment straps have been rescaled for proper fit. Of course the main function of the vest's back protector still remains intact as the women's version meets applicable certification standards for back protecting.

ANTHEM GEORACER™ GLOVE

ICON MOTOSPORTS [WOMENS]

\$40

We can only imagine that when the adverse side effects from the ayahuasca plant wear off and the sweet psychedelic stuff starts happening, our GEORACER gloves will look equally amazing. Sublimated chassis, seamless Battlehide™ goatskin palm, and a D30® knuckle insert all combine with a color-blocked Southwestern print from the early 90s that screams your name. So listen to that inner voice that's telling you to buy them, wear them, and be you.

FAIRLADY TEXTILE™ JACKET

ICON ONE THOUSAND (WOMENS) • AVAILABLE SEPTEMBER 2017

\$225

The ICON® 1000 FAIRLADY TEXTILE™ Jacket represents a certain element of femininity that is often lost in motorcycle translation, the balance of girlishness juxtaposed with the mature confidence for women who dare to go rogue. The women-specific sport fit is comprised of a unique 3-layer waterproof/breathable textile, completely seam sealed, and fitted with YKK® Aquaguard® zippers. Internally, the ICON® 1000 FAIRLADY TEXTILE™ Jacket features a full complement of D30® Impact Protectors and a removable SatinCore™ insulated vest liner. Real riding jackets for real women riders.

TUSCADERO™ JACKET

ICON ONE THOUSAND (WOMENS)

\$250

For some reason, women's riding gear these days was all designed for Daisy Duke. Here's the truth: no matter how great you may look in a tank-topped bubble-shield Instagram picture, beautiful skin and lack of chin bars are no match for gravel-infused asphalt. Your first line of defense should be a modern full-face helmet and a quality riding jacket... enter the ICON® 1000 TUSCADERO™ Jacket. The durable textile chassis and pyramid leather paneling talk the talk, while the internal suite of D30® Impact Protectors (shoulder, elbow, back) walks the walk.

HELMET FITMENT

HELMET SIZING INFORMATION

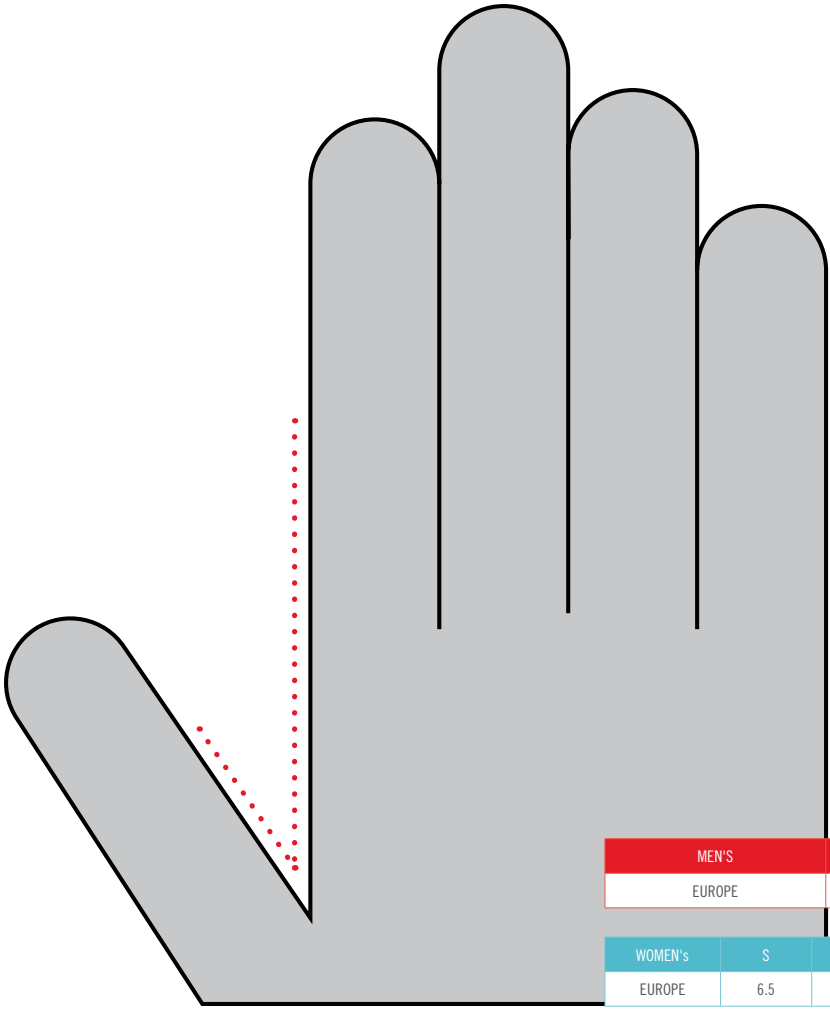

To achieve proper helmet fitment, begin by finding your head circumference size using the method described below. Remember that the helmet size you choose should fit around the crown of your head comfortably with no pressure points. The cheekpads should fit firmly around your face. Once your chin strap is fastened, grab the chin bar of the helmet and move it side to side. Your cheeks should move with the helmet, which should not slide across your face. Different thickness cheek-pads can be purchased to obtain the perfect fit. Ask your dealer or visit www.rideicon.com for more information.

HEAD MEASUREMENT INSTRUCTIONS

Wrap a flexible tape measure around your head approximately one inch above the eyebrows and ears. Use this measurement (in either inches or centimeters) to find your helmet size in the chart below.

GLOVE FITMENT

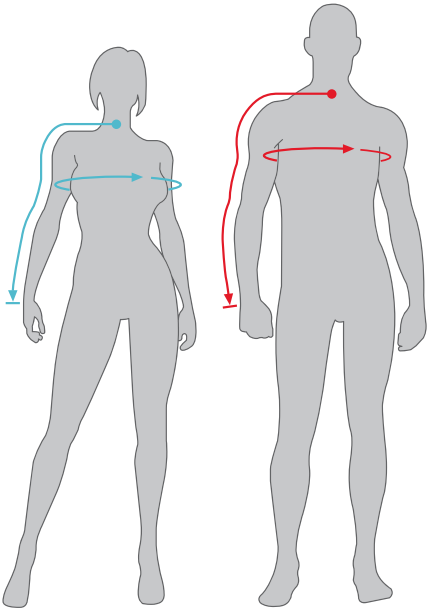

HOW TO DETERMINE YOUR GLOVE SIZE

ICON glove size is determined by measuring the width of your palm at its widest point - a little below the knuckles. To get this measurement, place your hand on the page as shown with the crook of your thumb positioned at the “V” intersection of the two dotted lines and on top of the Men’s and Women’s measuring bars.

THIS CHART SERVES ONLY AS A GUIDE. TO ENSURE THE PROPER FIT ALWAYS TRY ON THE ACTUAL PRODUCT.

JACKET FITMENT

JACKET SIZING INFORMATION

There are three variables to consider when sizing an ICON jacket. The first two are the chest and sleeve measurements, which are what your jacket size is based on. The third is the the jacket fit type, which defines the “cut” of the jacket (Attack, Sport, or Relaxed). Instructions, sizing charts and jacket fit details can be found below. The fit type of every ICON jacket can be found in the first bullet point of the copy block for that individual product.

CHEST MEASUREMENT INSTRUCTIONS

While standing with your arms relaxed at your side, wrap a flexible tape measure around your chest at its largest point. The tape measure should go through your armpit and stay parallel with the floor while taking the measurment.

SLEEVE MEASUREMENT INSTRUCTIONS

While standing with your arms relaxed at your side, place one end of a flexible tape measure on your spine at the base of your neck. Measure over the top of your shoulder, down over the point of your elbow, and finish at the wrist bone.
