ICON HELMETS

ICON HELMETS ARE THE CULMINATION OF OUR UNIQUE RIDER DRIVEN DESIGN

An aggressive style, combined with peerless engineering, has carved ICON a unique niche within the riding community. Our commitment to quality has won us the prestigious J.D. Powers customer satisfaction award, and accolades from riders the world over. Whether your riding includes blasting high-speed circuits, storming the dirt of baja, or strafing pockmarked highways; there's an ICON helmet for you.

AIRFRAME PRO

The modern riding position - higher rear sets, lower clip-ons - has dramatically altered how a rider interacts with the modern hypersport motorcycle. Compressed into an ever more compact shape, the rider's head positioning requires increased angle to maintain visibility and stability. With this in mind, ICON designed the AIRFRAME PRO™.

VARIANT

The VARIANT™ showcases handmade composite shells—premium carbon fiber and FRP matrixes. From its 3D molded shield to aerodynamically optimized visor, it has a style all its own. From street-fighters to sportbikes to cruisers to adventure bikes, the VARIANT™ is for those who ride outside the boundaries of convention. The VARIANT™ is our premier all-terrain option.

AIRFLITE

The dynamic needs of the modern motorcyclist; intrinsic to each definitive riding posture, calls for purpose built tactical protective equipment. But the modern riding posture is variable, the modern motorcyclist is constantly re-defining their own needs. The ICON AIRFLITE™ helmet is our answer to the do-all ride-all, for the motorcyclist that requires a new definition of motorcycle helmet.

AIRMADA

The AIRMADA™ brings track level specs to the mid-price helmet category. Unique manufacturing processes allow for a significantly reduced shell size, thereby reducing both weight and drag. Its long-oval headform, a first in this category, offers a race fit while eliminating pressure points. The AIRMADA™ is an optimal choice for those wanting maximum performance at an attainable price.

ALLIANCE GT

For over a decade, the ALLIANCE™ lineage has come to define street style. Proven design, comfortable fit, and superb quality combine for maximum value. The ALLIANCE™ is an excellent entry point into the ICON helmet family. With the ALLIANCE GT™ we've kept the world renowned comfort and ventilation, and added an inner DROPSHIELD™ for those rides that start before sunrise and end well after the sunset.

SAFETY WARNING: Riding a motorcycle is a dangerous activity. No helmet can protect a wearer against all possible impacts. When riding, always wear a helmet, eye protection, protective clothing, gloves and boots. There is no assurance that serious injury or death can be avoided even if you wear a helmet. Take all precautions to avoid every risk when riding a motorcycle. This helmet is not meant for use as a fire retardant product and does not contain any fire retardant materials. Please ensure that your Icon® products fit properly. Improperly fitting products can impair your ability to control your motorcycle.

AIRFLITE GOOD FORTUNE™
HELMET

\$310 DARK SMOKE FLITE SHIELD™ SOLD SEPERATELY

Take Luck. They say shallow men believe in luck and strong men believe in cause and effect. The Airflite Good-Fortune sits somewhere in the middle. Ancient gold-flaked symbology with a side of dragon combine for a base of prosperity, while the underlying helmet shell is just common sense. Be hopeful, be wise, ride ICON.

By the Poser of Grayskull. Deep inside a desert burial mound you find him, the all-powerful god of mountain and earth. It is in front of him that you will answer the riddle of steel and the calculus of cool. For he is Krom, and you will not be cast out of Valhalla. Not you, not today.

AIRFLITE QUICKSILVER™
HELMET

\$290

Too Fast for Love. The Airflite now joins the ranks in our Quicksilver ICON Helmets series. This unique finish is accomplished by applying silver paint to the shell, then painstakingly antiquing each helmet by hand. No two are alike. This process is what gives each one its depth and sheen. Wear it and be shiny.

Another Possible Future. From the treasure trove of ICON graphics of yesteryear we resurrect our forgotten anthropoid shebot. Half metal, half cyborg, all thigh, she cut a swath through the ranks of Busas and Gixxers in a time when fat tires still roamed the earth. We've brought her back for the next generation, astride mosquito bikes filled with dreams of liter-class dominance. Ride the Mechanica and feel how it was before, and hopefully will be again.

Dude, did you see that? Don't freak out, no one laced your latte – you're just tripping on the chameleon paint of the Airmada Chantilly Opal. It enables the helmet to flip and to flop between purple and green quicker than a frog on a frying pan. You should always keep 'em guessing, and in the Chantilly Opal, they won't know whether you're coming or going.

ALLIANCE ORO BOROS™
HELMET

Head to tail and back again. Sometimes helmet graphics are divine inspiration. Other times they are the result of pre-nooner trips to a local Portland dive bar. The Alliance Oro Boros represents the latter. A serpent that eats itself, only to be reborn with the next dawn, providing yet another opportunity to pound a cold one before a.m. turns to p.m.

MERC CRUSADER™ JACKET

ICON MOTOSPORTS

\$185

Bold graphics for a bold rider. The Merc Crusader jacket breaks the mold for the motorcycle jacket status quo. The soft-shell chassis looks simple, yet is anything but. The hood, oversized kangaroo pockets, pit zips, and Sportcuff combine to keep things legit when the rubber side is down. The integrated reinforced paneling and a full D30® impact protector suite keep you covered should things get rubber side up.

MERC CLOVEN™ JACKET

ICON MOTOSPORTS

\$195

When the memo came through that skulls were no longer cool, we tore it up, laughed, and then put a goat skull on our Merc Cloven jacket. We then drew a pentagram on the floor and chanted out an arcane song to the west wind. Such is the life in the ICON office. If you like goats, you will love this jacket. If you really, really like goats (or sheep), then that's between you and them. No judgment here.

MESH AF™ JACKET

ICON MOTOSPORTS

\$180

"It's too hot for a jacket" is no longer your excuse for riding unprotected. ICON's sport fit Mesh AF jacket's durable textile chassis is comprised of large mesh front and rear panels, providing you supreme airflow. Wind flap adjustment straps allow for a secure fit while reflective hits enhance nighttime visibility. The reinforced impact zones cover a full D30® suite (shoulders, elbows, and back), combining for fortification during those nasty asphalt encounters. With the Mesh AF you can ride comfortable and covered, even when it's hot AF outside.

TiMAX™ JACKET

ICON MOTOSPORTS

\$500

Our legends are forever. They live on in tales of asphalt entanglements and high-speed encounters. After years of constant begging and pleading from the masses, the legend returns. From the ICON® lab in the rain-soaked ruins of Slabtown, the ICON® TiMax™ Jacket has been reborn. This incarnation features a perforated leather chassis coupled with titanium-reinforced textile shoulders and back. The ICON® Sport Fit remains refined yet aggressive, and the full D30® impact protector package (elbow, shoulder, back) with the removable insulated SatinCore™ vest liner keeps you comfortable and secure in almost any condition. Our memories took us to the past; the TiMax™ will take us to the future.

OVERLORD™ GLOVE

ICON MOTOSPORTS

\$59

ICON is constantly researching, designing, and developing gloves suitable for all riding conditions. The Overlord glove is our latest solution for your warm-weather riding requirements. Key construction techniques include a floating hard knuckle, which allows maximum knuckle articulation, while the hi-flow mesh backhand provides optimal ventilation. The seamless one-piece leather palm provides durability that can come in handy during those unfortunate tarmac handshakes.

TiMAX LONG™ GLOVE

ICON MOTOSPORTS

\$340

Battles are won and lost at the hands of the individual warrior. The field is forever changing, never subsiding. We had no choice but to bring a timeless classic back into our arsenal. One that's steeped in a legacy of brutality - the TiMax glove. The unmistakable floating titanium knuckle, finger and cuff plates allow for maximum articulation. The mechanical expansion panels provide optimum fit characteristics, while the Battlehide™ goatskin palm provides the critical balance between durability and control feedback. Dual wrist closures ensure the TiMax gloves don't go AWOL when they're needed most. At last, when the wrath is laid to rest and the dust settles on the battlefield, the warrior and the TiMax stand alone, together.

ACCELERANT™ BOOT

ICON MOTOSPORTS

\$180

High top for top speed, the ACCELERANT™ Boot is a technical sport boot that blurs the line between performance and casual. Leather chassis, D30® ankle impact protector, TPU™ heel and toe box, and axial-metric steel shank are all business. Athletic bottom unit, streamline upper, and ankle height say cool runnings. On lock and up on the rear, the ACCELERANT™ plays by its own rules.

SUPERDUTY 5™ BOOT

ICON MOTOSPORTS

\$125

The 5th generation of the iconic SUPERDUTY 5™ Boot leads the way for urban riding gear. We revamped our most popular boot into a sleek, athletic silhouette. The upper is comprised of TECTUFF® coated leather with incredible abrasion-resistant properties. Internally we've revamped the structure, forging the steel shank for an engineered lasting board, which provides full-foot reinforcement while still remaining comfortable. The SD5 includes D30® ankle insert in vulnerable ankle areas. The visually-defining rubber nub interface, hidden ghillie laces, and mid-foot support strap—all staples of the Superduty legacy—provide a sure and secure fit. Five generations in, we continue to step up the moto footwear game.

MESH AF™ JACKET

ICON MOTOSPORTS (WOMENS)

\$180

"It's too hot for a jacket" is no longer your excuse for riding unprotected. ICON's sport fit Mesh AF jacket's durable textile chassis is comprised of large mesh front and rear panels, providing you supreme airflow. Wind flap adjustment straps allow for a secure fit while reflective hits enhance nighttime visibility. The reinforced impact zones cover a full D30® suite (shoulders, elbows, and back), combining for fortification during those nasty asphalt encounters. With the Mesh AF you can ride comfortable and covered, even when it's hot AF outside.

WMNS OVERLORD™ GLOVE

ICON MOTOSPORTS (WOMENS)

\$59

ICON is constantly researching, designing, and developing gloves suitable for all riding conditions. The Overlord glove is our latest solution for your warm-weather riding requirements. Key construction techniques include a floating hard knuckle, which allows maximum knuckle articulation, while the hi-flow mesh backhand provides optimal ventilation. The seamless one-piece leather palm provides durability that can come in handy during those unfortunate tarmac handshakes.

VARIAL™ JACKET

ICON ONE THOUSAND

\$295

The Varial™ jacket is the latest in hood-rich styles from the ICON 1000 collection. This time we started with a coated nylon chassis and reinforced it with drum-dyed leather paneling, all crafted around a modern jogger silhouette. Ribbed closures, YKK® Aquagard reflective zipper, reflective trims, and serious chest venting keep things legit. Internally the Varial features a full slate of D30® impact protectors (shoulders, elbows, and back). Smart street coverage, this is modern moto outerwear at its finest.

SQUALBORN™ JACKET

ICON ONE THOUSAND

\$300

"Retro cues and future tech" has been ICON 1000's mantra from the get-go. The ICON® 1000 SQUALBORN™ Jacket exemplifies this mentality. Fully waterproof/breathable and fitted with a full complement of D30® Impact Protectors, it will take you wherever the road goes, no matter the weather. It features a sport fit required by modern riders, comprised of artfully detailed seaming and stretch ballistic articulation panels. The chassis is comprised of a unique 3-layer waterproof/breathable textile with premium leather accents and YKK® Aquaguard® zippers. Removable SatinCore insulated vest liner and full pit zippers allow you to quickly adjust to any riding condition. The ICON® 1000 SQUALBORN™ Jacket is an instant classic built for real riders.

EL SINORE HP™ BOOT

ICON ONE THOUSAND

\$285

The Elsinore's™ five-strap alloy-buckle chassis, stamped metal heel plate, and internal steel shank combine for a serious dose of moto-x homage. The traditional Goodyear™ welt construction mates the ICON street-specific sole to the magnificent leather upper. A medial-entry zipper, borrowed from paratrooper jump boots, is the only luxury the Elsinore will allow itself. A modern relic from an era when men were iron and tanks were steel, the Elsinore: old-school MX reinterpreted for the urban sprawl.

WATCHTOWER™ JACKET

ICON RAIDEN

SHOWN WITH SLEEVES REMOVED

\$230

Whether you are riding single track or dual sport, the ICON® RAIDEN WATCHTOWER™ Jacket has your warm-weathered adventure needs covered. Constructed of an abrasion-resistant ballistic nylon chassis with adjustable waist and shock cord collar to keep you warm on those crisp mornings. When the sun comes out and the world is on fire, open up the giant dual chest vents to let the air flow for on-demand comfort. Or remove the sleeves entirely and convert the jacket into a vest. The Watchtower's rear pocket easily stores the removed sleeves or small game that you have collected during your adventure. Internally, the Watchtower is outfitted with a removable insulated SatinCore vest liner and a full complement of D30® impact protectors (shoulder, elbow, back).

HELMET FITMENT

HELMET SIZING INFORMATION

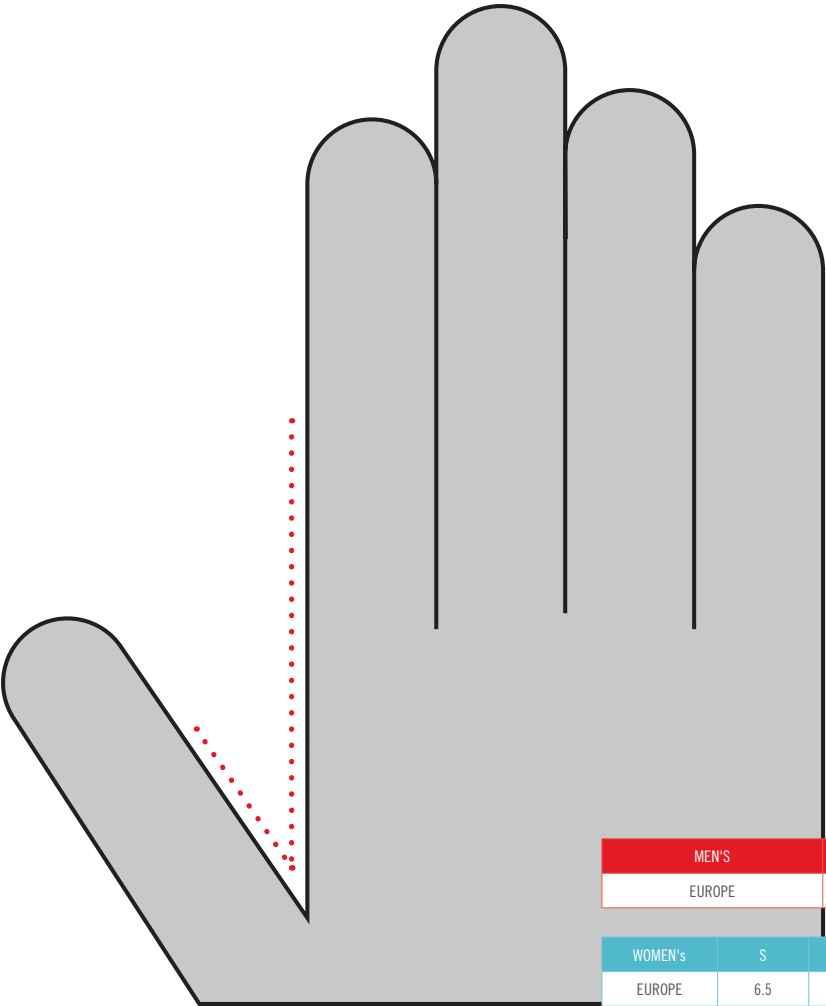

To achieve proper helmet fitment, begin by finding your head circumference size using the method described below. Remember that the helmet size you choose should fit around the crown of your head comfortably with no pressure points. The cheekpads should fit firmly around your face. Once your chin strap is fastened, grab the chin bar of the helmet and move it side to side. Your cheeks should move with the helmet, which should not slide across your face. Different thickness cheek-pads can be purchased to obtain the perfect fit. Ask your dealer or visit www.rideicon.com for more information.

HEAD MEASUREMENT INSTRUCTIONS

Wrap a flexible tape measure around your head approximately one inch above the eyebrows and ears. Use this measurement (in either inches or centimeters) to find your helmet size in the chart below.

GLOVE FITMENT

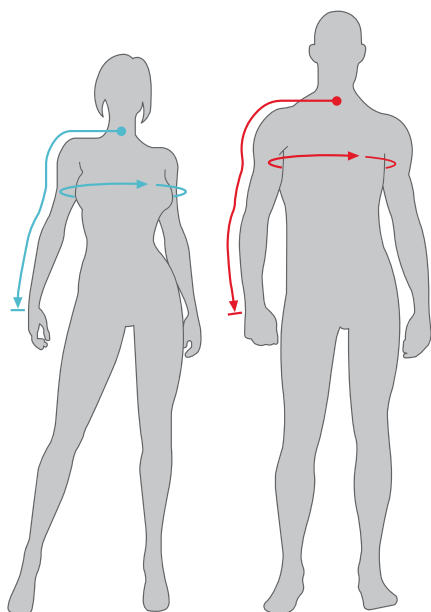

HOW TO DETERMINE YOUR GLOVE SIZE

ICON glove size is determined by measuring the width of your palm at its widest point - a little below the knuckles. To get this measurement, place your hand on the page as shown with the crook of your thumb positioned at the “V” intersection of the two dotted lines and on top of the Men’s and Women’s measuring bars.

THIS CHART SERVES ONLY AS A GUIDE. TO ENSURE THE PROPER FIT ALWAYS TRY ON THE ACTUAL PRODUCT.

JACKET FITMENT

JACKET SIZING INFORMATION

There are three variables to consider when sizing an ICON jacket. The first two are the chest and sleeve measurements, which are what your jacket size is based on. The third is the jacket fit type, which defines the “cut” of the jacket (Attack, Sport, or Relaxed). Instructions, sizing charts and jacket fit details can be found below. The fit type of every ICON jacket can be found in the first bullet point of the copy block for that individual product.

ATTACK

- » TAILORED BODY
- » PRECURVED ARMS

SPORT

- » STRAIGHT BODY
- » ARTICULATED ARMS

RELAXED

- » STRAIGHT BODY
- » STRAIGHT ARMS

CHEST MEASUREMENT INSTRUCTIONS

While standing with your arms relaxed at your side, wrap a flexible tape measure around your chest at its largest point. The tape measure should go through your armpit and stay parallel with the floor while taking the measurement.

SLEEVE MEASUREMENT INSTRUCTIONS

While standing with your arms relaxed at your side, place one end of a flexible tape measure on your spine at the base of your neck. Measure over the top of your shoulder, down over the point of your elbow, and finish at the wrist bone.

PANT FITMENT

PANT SIZING INFORMATION

There are three variables to consider when sizing ICON pants. The first two are the waist and inseam measurements, which are what your pant size is based on. The third is the fit type of the pant. Measurement instructions and sizing charts can be found below. The fit type of every ICON® pant can be found in the first bullet point of the copy block for that individual product.

WAIST MEASUREMENT INFORMATION

While standing in a relaxed position, measure around your natural waistline, while keeping the tape measure parallel to the floor.

INSEAM MEASUREMENT INFORMATION

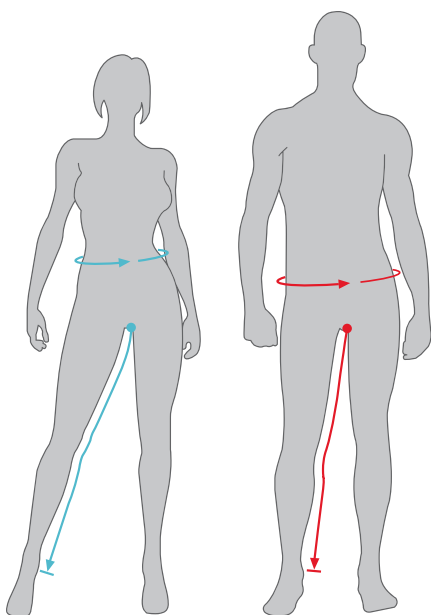

While standing in a relaxed position, measure the total length of the inside of your leg, from crotch to ankle.
