

# Reflection Questions for IFTJ15

*Show YouTube video on Teach-in.*

*Photos on TV screen*

Is there anything we could have done in our pre-trip meetings to prepare you better for the Teach-in?

Are there any changes you would make in the trip? Size of group—bigger, smaller?

*Reaction to the Teach-in.*

What stands out in your experience of the Teach-in?

What passions were stirred in you by your experience at the Teach-in? What issue engaged you the most?

What particular social justice issues do you feel passionate about?

What do you feel is your mission? How is the Holy Spirit calling you to give your own life to service? How was this experience a retreat for you?

*Advocacy visit*—do we want to do any follow-up? Awareness campaign?

Is there a justice issue at our school or in our area that we feel called to respond to, either individually or as a group? What justice issues are we doing well in, and in what areas do we need improvement?

Where do we go from here?

Skype conference with Chris Kerr?
