BOATS

# Our Story

In 1968, two young friends, Vic Duhamel and Carl Dewar decided to start a business. Over the years, they sold products ranging from tires to RVs before realizing how much they loved helping people onto the water and into the boating lifestyle. There were two big issues that they found. Buying a boat was much too difficult, and there really wasn't a boat designed for the Canadian environment.

In 1986, with the goal of simplifying the ownership experience and offering a boat designed by Canadians and built for Canadians, Legend Boats was born. Vic and Carl started by creating affordable and complete boat, motor and trailer packages. They beefed up their boats with thicker aluminum and made full stand-up tops standard on every full windshield model. They wanted to make sure every Legend boat could handle the rugged Canadian climate while keeping boaters safe and comfortable.

Seven children and fifteen grandchildren later, Legend is proud to have the same owners and same focus on family values as it did over 33 years ago when Vic and Carl decided to dedicate their lives to making it easier and more affordable to get on the water. We can't wait to welcome you to the Legend Family so that you can start creating your memories!

# We do things a little differently.

## Is Legend Canadian?

Yes. We are a 100% Canadian company. We live and play where you do. We understand boating in the unique Canadian wilderness. It's different here, and that's why each and every model is designed by Canadians and built for Canadians. From thicker aluminum to full stand-up tops, we make sure that Mother Nature is no match for your Legend.

## Are Legend boats built in Canada?

Yes and No. Our product developers seek out quality manufacturers throughout North America who can produce in the most cost effective way. By outsourcing component manufacturing and then performing all final assembly, sales, service, and warranty right here in Canada, we ensure that the end product is fit for the Great Canadian outdoors.

## Are the printed catalogue prices MSRP?

No. The printed price is our hassle-free, lowest price. We provide it up front, so there's no need for uncomfortable negotiations. To top it off, aside from a small variance in freight, our low prices are the same across Canada. Now you can make an informed, easy, and no-pressure decision in the comfort of your own home.

## It seems like everyone's warranty is pretty much the same. Is that the case?

Well, at first glance it appears that most companies are offering some sort of lifetime warranty, and it's easy to assume that all warranties are the same, but the devil is in the details. By details, we're talking about the fine print. Our **6 year WOWranty** combined with our **Lifetime** hull warranties give you the absolute best warranty coverage, bar none. Not only do we cover more stuff for longer, but the best part is that everything is taken care of right here in Canada.

## You claim your quality is good but your prices are low. How is that possible?

You get what you pay for right? Well in most cases, yes. But at Legend, we never sacrifice quality in order to reduce cost. Our use of quality brand name products in our packages such as Shoreland'r trailers, MotorGuide trolling motors and Mercury outboards, the largest brands in boating, speak for themselves. To keep prices low, we build fewer models in higher volumes and package each model with the same popular features. By purchasing thousands of each component, such as full stand-up tops, fish finders and trolling motors, we can offer you unbelievably high quality at incredibly low prices. That's how we do it.

## Why doesn't everyone put pricing in their catalogues?

That's a great question. We don't know. It could be because it takes a lot more work and effort to include all of the details required when you're sharing a price. Or perhaps nobody else does it because they have something to hide. But we're only guessing. All we know is that we're so confident that we offer the absolute best value in Canada that we publish our complete, hassle-free All-In pricing for all to see. You can find our prices in our full line brochure, on our extensive website and in all of our advertisements. We even print the pricing of our most popular options so you can "build" your own Legend. Nothing is hidden and it's all in Canadian dollars. We've done the work for you and given you our lowest price right up front.

## Someone told me Legend boats are underpowered. Is that true?

No. You can actually power your boat with the engine of your choice. Each Legend boat model is designed and packaged with a Mercury motor large enough to get you and a friend on the water to experience the boating lifestyle with minimal investment. We understand that everyone's boating needs are different, and that the packaged motor may not suit your needs. That's why we make it easy to choose the perfect Mercury outboard to power all of your on-water activities. So whether you want to troll all day, bring the kids tubing, cruise with your family or pull two water skiers, we'll help you select the engine that's just right.

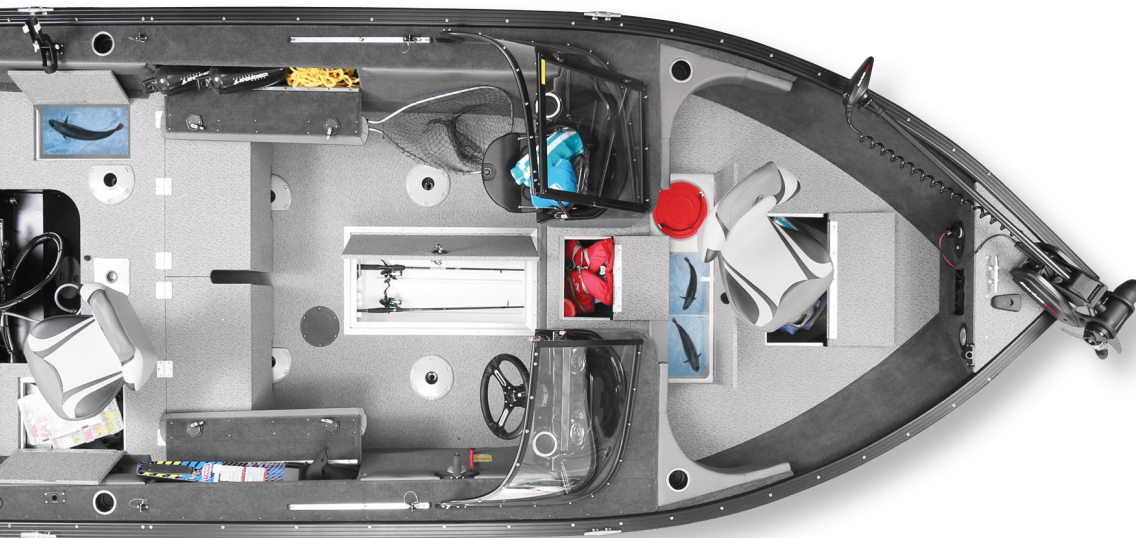

## Why do you only package your boats with Mercury outboards?

We partner exclusively with Mercury because of their proven quality, value, reliability, service and features. With the large number of clients we help onto the water each year in Canada, other outboard manufacturers would love us to package with their brand. Mercury appreciates our business so much, they offer us exclusive savings that we simply pass on to you. That's how we package with the oldest, largest, number one outboard engine brand at such an incredible price. On top of a great price, by purchasing a complete custom package you'll enjoy consistent performance and one-location servicing.

# We give you the most standard equipment.

We've outfitted our boats with more equipment for less. Things that you would have to pay thousands of dollars extra for with other brands are simply part of our value-packed models or offered in popular packages at a great price. Many of our Legend packages have standard features like Dura-deck vinyl floors, automatic bilge pumps, and a bunch of other great stuff that is optional in other brands. When it comes to value, we're proud to say that nobody compares. We have more equipment for less than any other brand!

## Let us help you choose the motor that's right for you!

- 1 Decide the performance you want and which activities interest you most: Fish, Cruise, Tube or Ski.
- 2 Each boat shows a list of motor choices with speeds, pricing and weekly payments.
- 3 Choose the motor that gives you the speed and performance you desire that overlaps the activities you want to enjoy.

# Are You All-In?

## CANADA'S **ONLY** FULLY-PRICED CATALOGUE

**In a world where we are bombarded with fees, surcharges and extras, wouldn't it be nice if a company would just tell us what it's going to cost up front? Legend Boats is that company. Our prices are All-In!**

That's right! No administration fees. No hidden freight fees. No rigging fees. For over 33 years, our customers have enjoyed having boat package pricing at their fingertips so they could figure out what their perfect boat package was going to cost right down to the penny. Now, there's no more figuring out. With one simple upfront price, you choose your motor and any options you want, then simply add the taxes. We would have gotten rid of those too but we thought it may have been frowned upon. It really couldn't get any more simple, open, honest or transparent, and we hope you will enjoy our All-In Pricing.

\*We only print one version of our catalogue for all of Canada. Customers outside of Ontario and Quebec will have a small fee for freight. See page 70 for details, or visit us at [legendboats.com](http://legendboats.com) for your local, ALL-IN, No-Fee Price including current promotions and current premium package pricing.

# Legend Glide-On Trailers

Quality is the reason we choose Shoreland'r as the exclusive supplier for our Legend custom-matched Glide-On trailers. A high quality trailer means a high quality boating experience from loading and unloading to highway driving.

**5+1 Year** Legend Glide-On Trailer Warranty

## Welded Tubular Steel Frame

Strong, clean construction with less bolts to worry about, plus the tubular design provides protective housing for wiring. This is by far the best frame in the industry, covered by the best warranty. 5-year frame warranty and 1-year complete tongue to tail light warranty.

## Self-Centering Carpeted Bunk Design

Launching and loading are made effortless. The boat loads straight, stops easily and is supported over its full length for even weight distribution.

### ● Adjustable 2" Ball Safety Coupler with Locking Pin

The coupler easily adjusts for greater hold and the pin prevents release while travelling.

### ● Extra-Long Safety Chains with Locking Clips

Strong and secure safety chains will not tangle, fray or kink like cables. Easily reaches most vehicles and safety clips prevent unlatching during travel.

### ● Custom-Matched Trailer with Powder Coated Paint

Each package has a custom-matched trailer that fits perfectly with the colour, size and shape of the hull.

### ● Each Light Has Its Own Power Source and Ground Wire

Keeps your lights bright and working at night, even if one goes out.

### ● Heavy-Duty Nylon Winch Strap

The threaded seam is protected from the elements with a 3' loop that eliminates stress on stitching.

### ● Reverse-Angled Winch Stand with Oversized Rubber Roller

Prevents unwanted forward movement of the boat during sudden stopping. The roller safely stops the boat during loading and holds the bow in place during transport.

### ● Contoured Padded Cross Members and Lower Axle

The boat sits lower, providing a more stable centre of gravity which allows for launching and loading in shallower water.

## Space Saving Swing Tongue\*

This feature reduces storage length as much as 24" making it easier to fit in a garage and helps prevent shin smashing.

\*Included in the Premium Package.

### ● Self-Lubricating Bearing Buddies

Automatically injects grease to the bearing resulting in less bearing wear.

### ● Enclosed Custom-Moulded Dent-Resistant Fenders

Non-corroding and dent-resistant, they protect your boat from road debris and provide a safe, solid step.

### ● Submersible Lights With Rear Built-In Step

Reliable lamp service while the step protects the tail lights and allows access to the boat.

# Legendary Strength.

## Legend .100 Gauge Hull

While most aluminum boat companies use .058 to .090 gauge thickness on comparable models, our .100 gauge hulls are up to 73% thicker! With a super-thick .100 Gauge seamless hull bottom, your Legend boat will last longer with no potential for centre-seam leaks. While our .100 Gauge hulls provide unmatched thickness, our use of 5052 H34 cold-rolled aluminum provides the best combination of flexibility and strength.

Try it yourself at your local Legend Dealer

## All-Welded Series Construction

### All-Welded Series Transferable Warranty

Every Legend All Welded Series model carries our industry leading Leakproof for Life Warranty. It is remarkably simple: it covers the entire structure of the hull against leaks through the hull for as long as you own the boat. Our exciting WOWranty extends coverage on all of our key components such as decking with a Lifetime Warranty against rotting and warping.

See page 72 for details.

### Intelliflex Hull Construction

Flexes and adapts to the water by dissipating energy from waves evenly throughout the hull, eliminating any chance of problem areas developing over time.

### Exclusive Comfort Ride Deep-V hull

Provides a dry, smooth and comfortable ride each and every time in all conditions provided by our sharply angled bow, deep V and reverse chines.

### 2-Piece Hull with No Side Seams

Eliminates a common weak area that causes side seam leaking on other welded boats.

### Injected Level Floatation

Not only will every Legend float even when filled with water, the injected foam creates a solid sub-floor bond that strengthens the boat and provides a silky smooth and quiet ride. Foam is injected halfway up the side-wall for extreme strength. Knock on it and see!

### Thick Lifetime Decking

With a Lifetime Warranty against rotting or warping and delamination. A thicker floor with 7 individually treated layers means a stronger boat.

### Torsion Beam Energy Transfer System

Provides your boat with necessary flexing, while remaining light and strong.

### Interlocking Bow Ribs

Overlap the front torsion system, eliminating a common weak point on most other aluminum boats.

### Reverse Angled Chines

Are bottom side edges that angle downward to create lift in the back for faster planing and increased stability.

### Solid Locking Extrusions

Hold each thick hull piece into a solid center for unmatched durability. The center extrusion is over one inch thick providing an extremely solid 1,054 gauge impact zone. This means over 5 times the protection of double plated hulls.

## H34 PerfectFlex

Legend's H34 PerfectFlex aluminum has the perfect balance of strength and flexibility. Although H36 is harder, it is also more brittle. Its strength is reduced by over 80% when stressed during manufacturing or when flexed on the water. In fact, when stressed, H34 PerfectFlex is tested to be more than 2.5 times stronger than H36, making it the ultimate hardness for .100 gauge aluminum boat manufacturing.

Strength Under Pressure (PSI's)

H34 aluminum is tested to be more than 2.5 times stronger than H36, making it the ultimate hardness for aluminum boat manufacturing.

The NMMA Certified label on a Legend boat is your proof that it meets, and often exceeds, the industry's strictest quality and safety standards.

## R-Series Construction

### R-Series Transferable Warranty

Each R-Series Riveted model has a Lifetime main seam hull warranty and an amazing 10 year warranty on most other hull components. Our exciting WOWranty extends coverage on all of our key components such as decking with a Lifetime Warranty against rotting or warping.

See page 72 for details.

### Full-Length Molded Splash Rail

Deflects water away from the boat interior, providing a dry, comfortable ride. Fishing lines are able to slide along the hull edge smoothly where this rail is riveted on.

### Full-Length Deep-V Hull with Squared Chines

Provides a smooth and comfortable ride while keeping the hull stable so you can move around without it feeling tippy.

### Extra-Wide EZ-Grip Gunnel

Makes holding the boat while getting in or out very easy and increases the overall strength of the hull.

### Lap-Stracked Side Walls

Full-length ridges pressed into the sidewall reduce flex and make for a stronger and sturdier boat.

### Thick Lifetime Decking

With 7 layers, each individually treated, we can offer a Lifetime Warranty against rotting or warping.

### Injected and Level Foam Floatation

Provides a stronger, quieter and safer boat. If filled with water, the boat will not flip or sink, even when loaded to capacity.

### Internal Lateral Support Ribs Spaced 9" Apart

Gives you more ribs closer together creating greater support and strength.

### 3 External Keels

Provide stability, solid cornering and car-bumper-like protection from underwater obstacles.

### Side-Facing Rivet Line with Lifetime Warranty

Reduces exposure to side seam stress in comparison to a bottom-facing rivet line.

### Reinforcing Bow Ribs Attached to Transverse Rib

Are reinforced with .100 gauge aluminum that eliminates a common weak area found in the front of most boats.

# Trailerling & Covers

## Active Trim **\$1,099** plus installation (Approx. 3 hours)

**Intuitive, Hands-Free Control.** Active Trim is an integrated GPS, speed-based automatic engine trim system from Mercury Marine. This intuitive, hands-free system continually adjusts engine trim based on changes in boat speed to improve performance, fuel economy, and ease of operation. It responds to boat maneuvers with precision and delivers a better overall driving experience. No knowledge of trimming an engine is needed to take advantage of Active Trim.

### Key Features

- As the boat accelerates, the engine will trim out.
- As the boat decelerates, e.g. making a turn, the engine will trim in.
- Active Trim can be overridden at any time by using the manual trim buttons.
- Active Trim allows the boat operator to compensate for changes in boat load, driver preferences, and weather conditions while maintaining full automatic control.
- Active Trim is compatible with Mercury FourStroke outboards from 40 hp and up.

# Choose a package that's right for you.

When building these packages, we wanted to combine all of the best tools, like Minn Kota Trolling Motors and HumminBird Fish and Depth Finders with GPS to ensure you had the ultimate weapon to get you in and around narrows, shoals and weed beds in order to land that monster catch.

Take your motor to the next level with ingenious GPS control. Select packages are pre-installed with i-Pilot, or i-Pilot Link, both of which feature reinvented Spot-Lock for the most accurate GPS anchor ever.

Spot-lock uses GPS to hold you on a fishing spot. Available on i-Pilot and i-Pilot Link models.

Don't miss a thing. By scanning multiple frequencies to improve target separation and reduce noise, Humminbird CHIRP helps you clearly identify structural details and fish. Let your HELIX unit work with your trolling motor for automatic boat control thanks to the i-Pilot Link. Available on the "I Live To Fish" Package, i-Pilot Link "Follow" lets you do just that - follow something. Now you can automatically "follow" a depth contour, a bottom hardness level, or a vegetation line, allowing you to focus on catching fish.

## I Like To Fish.

This package is perfect if you're looking to add just a little more technology to help you catch those fish. Look and feel like a pro with your Helix 5 FishFinder/GPS and your smartphone hooked up to your trolling motor. Get a leg up on other anglers on the water and look awesome doing it!

## I Live To Fish.

The fish don't stand a chance! Never doubt where you might find the best fish and never shy away from an area of the water you're unfamiliar with. In this package, you've got a massive 80lb. thrust trolling motor networked to a Helix 7 Chirp MEGA DI GPS G3N fish finder and of course all programmed into your phone. Be the biggest baddest boat on the lake and never be outdone by anyone else.

### Terrova 80

with MEGA Down Imaging and Bluetooth

Features 80 lbs of thrust, 60" Shaft length, Digital Maximizer, Auto-Pilot, Foot Pedal, Push-to-Test Battery Meter, Indestructible Composite Shaft, Cool, Quiet Power, Weedless Wedge 2 Prop, 2 Year Warranty and Bluetooth capability.

### i-Pilot-Link

i-Pilot Link allows your Minn Kota and Humminbird to communicate with each other to change the way you fish. With Link, you can take command of your motor from the wireless remote or your Humminbird. And once you do, the possibilities are endless.

### HELIX 7 CHIRP MEGA DI GPS G3N

with MEGA Down Imaging and Navionics+ card

Features MEGA Down Imaging, Dual Spectrum CHIRP Sonar, ethernet networking capability, Bluetooth connectivity, AutoChart Live, GPS and Humminbird Basemap built-in. The 7", ultra-wide display gives you ample room to view the many pre-loaded split screen view options.

### Ram Mount

Consists of a round 2.5" diameter round base with 1.5" ball, double socket arm and a 2" x 4" rectangular base.

### No Fee Setup and Orientation

All of the components of your boat, motor, and trailer package have been specially chosen for compatibility. The professionals at your authorized Legend Dealership will help you select the proper motor and options for your package. They will then prepare your package to ensure proper and worry-free operation.

### Side console models, full windshield models:

The setup includes the following items: control box, shift cables, starting battery, aluminum propeller, outboard installation and set-up. Your dealer will prepare your package and give you a full orientation to ensure trouble-free boating from day one.

### Utility models in packages:

The setup includes the following items: outboard installation and setup, propeller, fuel tank, starting battery on packages with electric start motor or utility boat models with lights or livewells. Your dealer will prepare your package and give you a full orientation to ensure trouble-free boating from day one.

\* Freight charges outside of Zone 1 (Ontario and Quebec), licenses, and taxes are extra on all prices. Delivery is available at an additional cost. Payments are calculated with licenses, bank registration charges, and taxes as your downpayment at 6.49% over 780 weeks for amounts \$10,000 and higher, and 8.99% over 364 weeks for amounts less than \$10,000 (at time of printing). All financing is OAC. Payments will vary by province. All Choose your power prices are in addition and only available with the purchase of the specific package they are listed with; they are not stand alone motor prices. Premium Packages are model specific and are only available with the purchase of a boat package. Towing weights are approximate and are calculated based on a full tank of fuel and 200 pounds for batteries and gear. Speed tests were done with 2 persons, 50 pounds of gear and proper weight distribution. Actual performance may vary. Prices, rates and specifications are subject to change or error. Pictures may show options. Ask for complete details. All illustrations, photographs and specifications in this catalogue are based on the latest product information. See actual boat for complete accuracy. Legend reserves the right to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models or equipment. For information on accessories, contact your local Legend dealer.

# 6 YEAR WOWRANTY

A warranty that makes you say wow!

Sure we've always had the industry's best warranties on the structural parts of our boats, like the welds, main riveted seams, pontoon tubes, decks and transoms, but what about everything else in your boat? Well, most companies offer a 1 year warranty on the other stuff and some offer up to three years. Although this is very respectable, we figured we'd double that. Legend's 6 Year WOWranty covers most other components for 6 long years. That gives you a lot of worry-free, quality, memory-makin' time.

## All-Welded Series Leakproof For Life Warranty

Every Legend All-Welded model carries our exciting and industry-leading Leakproof for Life Warranty. It is remarkably simple. It covers the entire structure of the hull against leaks through the hull for as long as you own the boat. In fact it's the kind of warranty you won't find on any other aluminum boat. Plus it is transferable, giving the second owner up to 10 years of protection.\*

## Riveted Series Lifetime Main Seam Warranty

Each Riveted model has a Lifetime Main Seam Hull Warranty and an amazing 10 year warranty on most other hull components. This industry-leading warranty is transferable, giving the second owner up to 10 years of protection.

## Mercury Warranty

Every Mercury 4-Stroke outboard is backed by a 3-year standard limited warranty to give you peace of mind. Ask us about Mercury Product Protection to extend your Mercury Factory Warranty for up to 8 years.\*

## Lifetime Floor & Deck Warranty

A thicker floor means a stronger boat. With 7 layers, of marine-grade plywood, each individually-treated, we can offer a lifetime warranty against rotting.

## Legend Glide-On 5+1 Year Trailer Warranty

Every Legend Glide-On trailer by Shoreland'r is backed by a 5-year frame warranty and 1-year complete tongue to tail light warranty.\*

## Legend ProTech 5+1 Year Canvas Warranty

Legend ProTech All-Synthetic Tear and Mildew-Resistant Material is backed by a 5 Year Warranty and guaranteed not to rot or fade for five years. Stitching, zippers, seams and other top components are covered for 1 year.\*
