Van Memo 2017.docx; Graphics.pdf; Radio.pdf; Van Quote.pdf;

Justin,

Please see the attached memo requesting funds for a new wheel chair accessible van for Campus Escort. Noah has approved the submission of this request to the B&F committee. The memo request, cost for graphics, radio and van are also attached. Below is the some additional information on the 1702-105-0301 Capital Account. Thanks. -sandy

Subject: FW: Campus Escort wheelchair accessible van

Noah,

Please see the request for a wheel chair accessible van. Development was able to raise \$18K for the van. This still leaves the request from ASUN capital account at just over \$38K.

There is currently \$909K of which \$500K is for the Wolf shop. Expenditures this fiscal year for the remaining \$409K include:

1. Intramurals field payment - \$30K (October 2017)
2. Scholarships - \$105K (March 2018)
3. Computer replacements (scheduled) \$20K (November 2017)
4. Water filters – estimated \$5K/year (To be determined)
5. Total estimate expenditures for this year = \$160K

That would still leave about \$249K in the account. Please bear in mind that the current van is almost done. We sent it to get fixed again but were warned that the motor is dying ☹. . We have a customer right now that uses the van 4 days out of the week every week. The student is currently a sophomore.

Let me know if I can forward this request to Justin K. Thanks. -sandy
