

# KINDERGARTEN

## ***Providing Everything You Need to Teach Your 1st Grader***

Our comprehensive program includes everything you need to successfully educate your child at home:

- *Best of class, full grade level curriculum.*
- *An online platform that provides 24/7 access to teaching and learning activities.*
- *Learning coach resources with daily, module by module guidance including guiding questions, video questions & suggested books*
- *Online assessments and progress monitoring tools and more*

## **LANGUAGE ARTS:**

Students learn to identify and write all letters, produce letter sounds and also frequently used phonograms. Students will also master weekly sight words, reading, and comprehension strategies to grow as readers.

## **MATH:**

Students will build fluency with basic math facts by learning to count to 100, basic addition and subtraction facts, and how to add double-digit numbers. Students will be introduced to such new concepts as word problems, Venn diagrams, and basic geometric concepts. There is an emphasis on learning practical skills such as reading thermometers, looking at maps, and understanding the value of coins. Students will have multiple opportunities to practice new skills and knowledge through using integrated online practice problems.

## **SCIENCE:**

From Godzilla to Jurassic Park, dinosaurs continue to captivate us. In this course, students will learn about the fascinating creatures both large and small that roamed the earth before modern man. Watch interesting videos from experts at The Royal Tyrrell Museum, a leading paleontology research facility, and discover how the field of paleontology continues to provide amazing insight into early life on earth.

## **SOCIAL STUDIES:**

Students begin to explore basic fundamentals of social studies including map skills, cardinal directions, and will begin to examine maps of the U.S. and the globe. Students will also be introduced to important figures from American history such as Pocahontas, George Washington, Abraham Lincoln, and Clara Barton. Students also practice retelling stories. Students may do this by recording audio, retelling the stories orally, or writing their observations.

## **HEALTH:**

Helps young learners establish a basic understanding of the aspects of health. Students focus on the various aspects of their health and how they can make healthy choices. Topics of study include personal safety, healthy behaviors, nutrition, communication, disease prevention, basic anatomy and physiology, and values of cooperation and teamwork.

## **PHYSICAL EDUCATION:**

Helps young learners establish a basic understanding of health and fitness. Students focus on health-related fitness and learn how to become more fit and healthy. Topics of study include exercise safety, making healthy choices, nutrition, the benefits, components, and principles of fitness, basic anatomy and physiology, and values of cooperation and teamwork. In addition, students learn age-appropriate motor, non-locomotor, and manipulative skills. Students are required to participate in regular physical activity.

## **ART & CRAFTS:**

This course provides a foundation for children's' inherent artistic imagination and creativity by sharing the basics of art and making art. Students are introduced to primary colors, the color wheel, shapes such as lines and circles, and concepts such as symmetry. Young artists will also explore a variety of media such as pastels, watercolors, crayons, tempera, and pencil drawing. A particular emphasis on this course is on creating works of art. Each student is an individual with unique ideas and talents. Our goal is to provide each student an opportunity for personal growth for themselves and the world in which we live.

## **ELEMENTARY MUSIC – RECORDER 1:**

This course provides a foundation for children's' inherent artistic imagination and creativity by sharing the basics of art and making art. Students are introduced to primary colors, the color wheel, shapes such as lines and circles, and concepts such as symmetry. Young artists will also explore a variety of media such as pastels, watercolors, crayons, tempera, and pencil drawing. A particular emphasis on this course is on creating works of art.
