TESTIMONIALS

Our management team could not have been more pleased to work with Summit Park on the acquisition of Arkive from Iron Mountain. It was a complicated legal transaction coupled with regulatory complexity and extraordinary timelines. In each stage of the transaction and company formation, Summit Park has been a trusted partner, and we would not want anyone else in our foxhole!

JUSTIN RIRIE
ARKIVE

After meetings with numerous companies, I felt something special about the Summit Park team. They seemed to care about my employees and my business. After working together, my feelings have been confirmed. Summit Park has made major strides in helping us improve our company, and they have been very helpful to my team. I'm thankful for my decision to partner with Summit Park!

CARS

Summit Park has supported me at every turn during my time at Control. With their help and support, we have made key hires within our sales team, invested in new product development, and continued to be a strong supplier for our distributor network.

CONTROL

When I referenced Summit Park prior to partnering with them, I was impressed by the clear and consistent feedback that they would be excellent value-added partners for NSI. I continue to be a significant shareholder in the company, and I have been very pleased in the progress that we have made since their investment. Summit Park has helped make the changes that needed to be made to position the company for continued success.
