THIRTEEN-PERIOD CALENDAR FOR 1936

For a number of years the practice of dividing the year into 13 periods of 4 weeks each has been gaining favor in business. Divided this way, any period is directly comparable to any other period.

The varying number of calendar days, working days, Saturdays, etc., in different months of the ordinary 12 month calendar often distorts seriously such vital statistics of business as sales, costs, production, payrolls, etc. For National Diary users who record such facts on a weekly or four weekly basis, the 1936 Official 13 period calendar is presented by courtesy of the International Fixed Calendar League, Rochester, N.Y.

The table above shows the calendar for 1936 divided into 13 periods of 4 weeks each.
WEDNESDAY, JANUARY 1, 1936

1st Day: Regular School New Year's Day

This was a rather gloomy day, as usual for New Year's. By the fire we listened to the Rose Bowl game in the afternoon between Stanford and U. of Southern California. The Southern Cal had won every game this year but Stanford proved too good for them. Winning by a score of 7 to 0 and in the closing moments had the ball on U.S.M.C.'s 13 yard line.

We, winter and I, were rather lonesome. Grace went to Wick's house most of the day after the New Year's Eve. We do not want her to go so far. We wonder what 1936 has in store for us. Mrs. Brown's ad infinitum many to God's love from Vassar ni. Y's. almighty.

2nd Day
364 Days to come

Manta, Grace and S. Busy Today

Manta had commercials
music to attend to today. Pre-
miering, accompanied me comics at
Loew's church and going to choir
Rehearsal. At night she
went out again riding with
me in the P.M. was called
at 555 Grand Avenue to see
when we could take menu,
though to look at it and
closer more to see your home
at Santa Feights where Mr.
Foster rents from me.
Grace went horseback riding
with Ruth Mellow and got a
good workout and had a
good appetite for dinner.
letters came from Tony
Yugo and Uncle Will. Spent
at Monteside Lagoon.
I walked down again and
Parlofia to the Cleveland Canteen,
and got a good look out
Holing told of being in the
of the United Cellular Cultures.
FRIDAY, JANUARY 8, 1936

This forenoon I read as usual about the news and we all listened to Roosevelt's message to Congress over the radio.

It had seemed an unpretentious appeal to close hatred and bitter vituperation against his critics. He delivered it at midnight. I found myself wishing my father, denouncing the sin of his country.

This forenoon I milked the kitchen floor and the pachyphasia. Then I tore the spring around the fiddle. When I came back I rested with suffren.

When we listened to Roosevelt's message I dreamt to close and we will have to go back to school again.
Today Martha and Grace went to Los Angeles to go window shopping, search the library, etc. Martha found in the library that Grace's great-grandmother had 16 ancestors who were barons of Ramsgate 1215. That increased my ancestors who were barons of Ramsgate. They returned home at 10 p.m.

I had quite a busy day preparing for my relatives to visit our room today. A trip down to the drug store to buy medicine. An intent check for $3.50 came from IT. Thinking yet another sale.

We are glad to get the day alone. Though after it ended I was a little worried of being alone.

Yours truly,

5th Day
2nd Sunday after Christmas

361 Days to come

This was a long day. I was going back to school. I had my weapons all ready for the long journey. I was very sad, three on account of sickness. But today I am outfitting myself and going to appeal at school to another looking sentries. I did not get to school today. And though the other did write three letters one to Uncle Walter, one at School's Oregon, one to Cousin Ruth, and another to Jason where offices is 215 & Waverly. Saturday night was a long day. Waiting for the movie. And Big Falls when we arrived. Well the day will be over soon.
MONDAY, JANUARY 6, 1936

Grace returned to high school after a 16 days vacation and I after 19 days. I decided to go back a little bit and do some writing. The school that everyone went to had a hard day and went with Grace to the store tonight. We went to the house at 5335 Grand Avenue for $27.50 for the month to get repairs done. Today, we hope to get possession before the 10th when Williams' term will expire. This will be our lease at $7.50 per month. Never what that Williams not paid us and the place is now dirty and rough. We never want to return to this house.
TUESDAY, JANUARY 7, 1936

Business turns out well.

Today was another day for the Knights of Kiwanis. I spent the morning at various meetings. My work is the rental of land to farmers. My salary is $250 per month.

We went over it again with them, took a set too. I made a certain conclusion about the farm. I am going to fix the garage, fix the kitchen and other repairs. It was a mean job.

Considering how little we got for our investment, the Wall family have left with us the place as Beauty usually do. We have been looking for good tenants but none exceptionally interesting.

They offered her $37.50 for her first month. We didn't know whether they valued the 10 acre orange grove or not. She offered me $6000.
WEDNESDAY, JANUARY 8, 1936

Mrs. Williams who is moving out of our home at 555 E. Grand Avenue was supposed to move out tonight. He is getting ready before his time is up and we will turn over the place to Mr. Willoughby tomorrow who wants to move in.

This evening I took a little exercise at the YMCA and Raymond got me to fill in until they got an orderly to finish. I got a fair week out of the business.

Mrs. Williams is going well this month. All the money is coming in well.

Offer me this month. 87.50 check, 90.00 and 75.00 for me. Today #29.18.

Business, George W. Wells

358 Days to come

Battle of New Orleans 1812

8th Day
THURSDAY, JANUARY 9, 1936

Rev. Willoughby gets the keys for the house. He says any place is better today so that he can work on it with difficulty.

Rev. Willoughby called this young couple to get the keys for the house which he will move into as soon as it is cleaned up and repairs made. He will probably move in Monday so we will have 2 days light but will have raised the rent from $20 to $27.50 per month, not so small an increase in any way of $7.50.

Martha is going out to show rehearsal tonight.

I am shopping for my clothes to make the trip of the U.S. in 1933 which is a big job but they seem to like the project and I like the work and it is a change for me also.

12th Day of January
1st Sunday after Epiphany
354 Days to come

We have Acting Pastor Sunday.

I went back to the First M. E. Sunday School this morning. The ladies got four Sunday with the plan. I was very glad to get back again. Some of the high school teachers wanted to take an interest in those in the H. E. and those coming in to the High School. I hope to get the plan started and lend a hand to those who are adult. They appreciate my being there again. Only one church taking the offering. I was going to work riding a chair. Eddie White was and got the eagle country up. Frank Metfor and Will Davidson. It was a beautiful after

Marta and I drove today to 5555 Frank. Grandpa and Grandma and the mother working to get the house along as they can. More in tomorrow. As the growing of the house were now we are waiting in the garage to move in.

14th Day

Designation of Beneficiaries for Retirement Fund.

After school I filled out and signed "Designation of Beneficiaries" for my retirement fund. I designated Monte as joint beneficiary with Mary and Grace as named beneficiaries. Left town because the rain is small. Tom is older now in a fine position and because we plan to travel in the amount to him in some other way.

Monte and Grace went out to see "The Tale of Two Cities." I went out last night to an uptown show but my seat wasn't good. Mom McKenzie told me today that he received a New Year's greeting from the 'Ymca.'

Today a letter came from Tommy. He is in New York, in the Washington Building, working on a little project. He is likely to be put up by the board of directors of the Suburban Realty Corporation, the treasurer and president of the company. The company has 5 apartment buildings with a total of 135 apartments, not counting the $150,000 project. They are all in the French District.

Today we will be a real success if the Papa, after talking with his friends, will be able to arrange to sell the apartment for $200 per room.

Hoover Assails the New Deal

Tonight we heard Herbert Hoover reply. "The AAA was the New Deal. It was a pretty clear indiscretion of the New Deal. And not of all the trouble it has made."

We like it. It can be maximum for it is a menace to our personal liberties and democracy.

Grandma has gone to the clinic for their rehearsal while George and I are here at home. I am glad our children have had training and balance just as important, though, of politics, economics. Roosevelt has made a terrible mess.
FRIDAY, JANUARY 17, 1936

Thus ended the second week after the flu grip. I am better now, but it may take weeks to regain full strength.

It is terribly dry in Southern California. Almost no rain to speak of and the farming season nearly over. What a country we live in when we cannot grow any ripening crops. My classes are doing only average work but what a lot of lazy cullinets we have over there! Good in all our schools. They are never trained to think and reason.

Tommy has a bad cold in New York for which we are praying since he is due to fly out on his studies. But he may get along.

Today 1 looked over a

bunch of test papers in American

history 3, and started on another.

Also went to the gym for a

work-out and did not make

up other important things in order

to get up abreast of the times

will make work.

Governor Hoffman of Ill. re-

nounced Statehood, & denounced

the mid-west, the boy and his

family. Governor has disgraced

himself by writing a letter to the

Chicago Daily News, offering his

services to the government. I do not believe Hoffman

will gain much. He will want

a little and see.

The American people are faced

by selfish groups raiding the

treasury of the U.S. What can

brains and people do?

Grace and I went to Sunday School as usual, but neither of us stayed for lunch. I thought the rest of the day blue would be the best for me today and besides there was lots for me to do in catching up with my work and school and business letters. Sent Francis north, in Albany, Aug. 2nd to San. and just paying for his medicine in case of his sudden death.

Mama and Mrs. Simmons had to work all day preparing for the tea to be held at 7:00 p.m. at the church. Mrs. Stagg came in to help her work furniture this P.M. Georgia has gone out today with Edith Wittman and Thelma Yelverton. She was at the tea at the M.E. church. She just came in at 7 P.M. We had rain! Rain, rain! So terribly now.

3rd Days' 10 came

An amusing play at State.

The day went pretty swell today. And we are some only fairly tired instead of being thread.

Grace has company of Eddie Wiensman last caller this evening.

I mailed two letters while I wrote yesterday. Also returned two letters of correspondents off my desk.

We are gradually recovering from play which I was afflicted with for some time. The problem is keeping our feet now.

So this morning we made try one letter to Francis, many addition words also, one to Paul's mother and one to the famous Company of the First M.E. Church. As present to clergyman at conference.
TUESDAY, JANUARY 21, 1936

Martha had a talk today with Miss Fraser about Martha's scholarship allowance from the Vassar Soc. Calif. Club and Miss T. Aged 87 would take it up right away and have benefits held to get more money. We will have to meet some large bills for Mary soon.

She seems to be keeping her year at Vassar this year and has some good upper senior friends. She is planning to write Tommy, George and Martin to Vassar after her examinations are over.

Today I asked McKeen whether he received copy of the N.Y. Times Business Review and he said two and the Medlemt received one also. So we assume that Mary and Tommy must have ordered them sent to the Wood Mckee's Medlemont and Fullerton.

Benefit at Miss Fraser's, for Mary

Marta and Miss Fraser are planning a big bridge benefit for Saturday, February 15, to add to the Vassar Scholarship in Mary's behalf now a Senior at Vassar. Miss Fraser is also going to give a small benefit among the members of Mary's class of 1931. This one in Yucca Valley will be held at Miss Fraser's house where will be a drawing card.

A letter came to you from Tony today in which he told me Good Spirits. He hopes to get one of the 135 pledges to the pledge at 9 below down from Mr. Morgan. He sent letters to Mr. Smith. With this it would also be a good way to leave the apartment landing which he must understand and keep open.

Tony said Zig was coming to N.Y. from Texas soon.

23rd Day

Take up Handball Tonight

After school today, I went to the gym to resume
handball after a layoff of
seven days. I weighed 162 pounds. I played
with three men who gained
me a good workout. I felt
very well. I'm not going to do very well. I felt
better tonight after the game.

School goes on sabbatical until
the usual winter break. Some
students are too flaky to keep balanced. They
are not able to take in the
strength that they have to
be in to fight colds and illness.

Due to calling your name, I am
now in need of help. I am
the teacher of an 8th grade
classroom. Please...

Grace goes to shrine at Wickmans.

Took Grace out to Algiers. Every Wilson and Wife were false guests.

The day was real fun. Went to the play on that account.

Attractions, my feelings to the workout was a ball game.

She will be possible now for me to get back up.

The basal strength after this flu.

The flu seems to have settled in my back.

Loses some never.

Quite a crowd of students in detention after school. Tommy was one of girl.

Miss Williams was angry many.

The incident was a dispute.

She get away and into the house.

25th Day
Convent of St. Paul

The usual round of business and work on Friday.

Manta was away on business. She was writing to many people and her friends and I looked over a couple of letters of Manta’s. I took a walk at 6:30 and read the social page. (of the papers) and read the paper. The Social page which included Manta as the had a group from . Yesterday was the movie that they had a group from. It was the movie that they had from. It was the movie that they had from. It was the movie that they had from. It was the movie that they had from. It was the movie that they had from. It was the movie that they had from. It was the movie that they had from.

But Whiffs came with the #69 Rent, in the P.M. noon only.

Lottin of Romaine avenue is back and his rent #80.75 for the greater sixties, December 31. Some people want credit, others want none. Just unless one frayed them. So we get shut of the hatter grass. Such a world to deal with.
SUNDAY, JANUARY 26, 1936

There were 400 at Church and it went pretty well all along the line. Mr. Brook's Sermon was not that bad Fannie caught cold and I had the idea work to do and got it along well getting through.

We have no rain yet, what will become of California without rain. Now this year except a cloudburst or two, no rain. A serious question Grace went horseback riding this afternoon it rained pouring we all listening to the storm pouring down from now. It is pretty good. Must keep his hippos well gave up and am not going to climb tonight. Out of beer as the pump isn't working.

27th Day

Had a hangover today.

I had a hangover today. I was at school after ten o'clock. I was not feeling well.

I was not feeling well because there is a Hangover in my left arm. My left arm, after the
cull, it looks almost like a bruised finger. It is painful too.

What do they say a hangover is a
terrible thing. It is painful too.

No rain, but plenty of sun. Only enough to settle the
plants, but they can't rain. It is a fine day when it rains.

Yes with a light wind can go on with my
work. And not need the
smoke from the chimney.

Today is the anniversary of

28th Day

Martha and Grace go to movie

Martha and Grace went to a show tonight. They go about every week. They go to a show with her soon. I'd like to go to shows but do not really enjoy them.

for they are too long.

Well, Edward VIII is now king of England. He is now interested in the welfare of the common people and both the slums.

We are hearing echoes from the New Dealers against Alfred E. Smith who earlier gave a violent arraignment of the New Deal. They believe, age, race are not important but the right man. We are hearing great speeches to support the Democrats, which will show the betrayal of the people in the Democratic party by Roosevelt. Selig was killed in jail by a fellow convict.
We Sent a $512.00 check to Vassar today in part payment of $512.00 due. It is coming in February. The $262.00 will be sent later when we get the benefit from the bridge gift by the Vassar Club in Sourthern California. Miss Tesser is opening the Tesser home for a bridge enterprise soon. Miss Emery is to begin the proceeds. Miss Paul has invited all the waron teachers and wives of teachers from High School and minor colleges to their benefit at the Tesser home.

A letter came from Tommy who seems better and in good standing with Judge Martin and Mr. Manton in New York City. The letter came on paper from the treasurer's office as Tommy is the treasurer of the corporation (National Cellulose Corporation).
After school I went to lipchitz school auditorium to attempt any mistake for incising teacher Mr. Seegel, president of C.I.A. not chief of paradigm spoke. He stressed the point that every feature in education must be judged by its contribution to social welfare. He said we must open the windows to the outside world, to which I agree. I certainly for the windows to the science world. Well our rain blows our completely. Only enough to get the dust. Such a discouraging situation but rain may come yet not soon. Four friends at a panel discussion on credit. Mr. Goodell's opinion please. He stayed home to cook. Made you wait to close.

Borus, Raiders lack integrity.

Today I bought three 1.06 Is. tickets for Eugene List's piano concert to be held in the J.C. Auditorium tomorrow at 2:30 p.m. Eugene is 17 year old son of Mr. List who teaches modern languages in high school with me. He has a reputation of national repute.

"New Deal" is receiving tremendous enthusiasm of merit. It seems that Roosevelt's program is causing the administration some worry. The president says Congress must levy new taxes to meet the need if it is election year while will claim those demerits are in Congress some maneuvers of this period. Hes must meet our people's lack of integrity as well. The Borus men lack integrity in their raid on the treasury and wealth of farm-
Rain came today - Early in the morning.

About 1 A.M. rain came to the parceled land. It came about the first of February. It could not rain before this.

The first event of January 17, was called off on account of the illness of the young生产力.

We have 3 and dollars and 20 cents.

It rained during the afternoon.

And we enjoyed it. While waiting.

Was away in the A.M. Cut wood with the big saw (some of the hills and some dry wood). By the 1 o'clock the kitchen floor and

Grace went out tonight with John Wiltz. They expected to go to a show or to the store. Grace had a little spent expense.

Johnny must to at Vassar now for he and Martin were going on the trip to New York to study.
We Had a Big Rain Today

Rain in copious quantities came down from earliest morning until noon, soaking up the ground considerably. It went down, pouring nearly 3 inches which was enough to need work. While at school, Miss Goodpastor asked in the office, "Do you think it will rain much? It is also predicted that it will rain in Church. They will be fine next Tuesday and 303 at Sunday School which was good for such a rainy day. The church crowd was small, however, perhaps 20 or so.

Jack Wideman came back after a three days absence. Though Jermaine hoped we knew Jack does not know that Eddie has been coming to see you and taking him out so often. Tommy and Martin must be at Vassar today.
MondAy, februAry 3, 1936

Well, Eddie Worsnough has come in at 7:30 p.m. this evening and has put on several of his old records to show the boys of this mind. So far,
today a P.C. girl came and to interview the company for my job in New York with Marston & Wain. I suppose she will get the job all mixed up as always. Usually the story is to be published in the Argo two weeks from this coming Wednesday. We do not want the story to come out before March 1st benefit. I gave you a message that I might inter the Wain group. Mary might get from benefits quick. My legs are so cold. Myson, etc. I got the last storm, needed rain.
The inflationists, Senator Knows and Repub Lic Patman are a couple of egotists in trying to help the holders of foreign paper notes get money. They hope to put the debtors out of business by giving them some dollars after the war. What lots of colors we have in our congress. Roosevelt asks Congress to pay with new paper. It is strange that the common man may bring in that he will not be able to pay taxes but the rich will have it to meet these wonderfully high taxes. Roosevelt has helped the "Indey" by giving them some money in 1932 when he was not pledged nor despaired.

Q'd 6:30 to Cabinet Meeting

Tonight Grace went to a cabinet meeting at the N.Y.C. Club. She is the chairwoman of the N.Y.C. Tri. She went downtown to the Y- W.C. to get her closer to take a little exercise. I went with the others who I played three games of bridge and made my name right arm considerably hurt it. but it didn't seem to harm it. So I did more of it and was tired at the end but got some feeling in it.

It is cold now and cold in the East. We teachers are making out the order of things for the boys and girls. We have to get back to work next week. Luckily the South is half snow but plenty of snow is out there and plenty out here.

A letter came from Nancy.

She told us the report of George

and Lefty Mather and their

returning to Chicago. Etta got

back. Nancy and Tiff took charge

of the boys. Paid their room

rent and meals and they

were therefore in company.

"Tiff" is a temperate girl and quiet.

Many times she called on Tiffy

in New York. And Mary, help

to supply by introducing him

to her by social circles. Mary

did that. She and Hettie all

visited New York and Tommy

ate lunch with them. They then

took bed a good time. Good

Mary's. Their Senator, E., did.

30th Day

We had a good Saturday.

This forenoon Martha and I went to Crestmore Heights to look over the studding place to see whether they are keeping the place in repair. It looks pretty well. Then we had our own lunch at 5555 Grand Avenue where Willoughby the seventh day Adventist preacher lives. He told us on the garage doors etc. as agreed. Then he went to rehearsal at the church while I went to the Y.M.C.A. to practice baseball workout in the sunshine at 12:30. Got a fair sweat and felt better. We ate lunch downtown and then went to Grace's. Grace came home from Palm Beach at 7:15 P.M. She had had a good time. Then we went to the Hi-Fly Congregation at Sixth Street and met Gail.
Grace and I went to church, and I stayed to church later. When I came home Grace was here with three callers: Jack, Mabel, Eddie and Jack's dog fried! In the P.M. they went for a ride out in the desert. We hope they meet no accident for they will all have to try their turns at the wheel.

Marta played for Marian Taylor's wedding this P.M.
Grace had Eddie Wickman call me up to get an extension of time for their trip to Offing.
Grace had called me up at 9:30. They got home at 1:30 and had supper at Palma's. (Whitmarsh, at 8:30.)

Benefit for Mary at Froson.

It started to rain again tonight just as I was starting for the Social of the Musicians' Association. I did not go because it is still cold and I am not over the flu. Miss Lyons's came in to keep the 2nd floor study hall today which will actually in one of that room. I am helping her get rid of the ropes in every way possible.

While at school the women are preparing for the Red Cross benefit for many to begin tomorrow at the Fraser and work in Little Editorial. It will be quite a social event. The So. Calif. Woman Club has given $1,500 already as seed. This is additional. Other Relief Pools for Col. Vega were held to get some money to help her out while she needs all they can give.
Tuesday, February 11, 1936

Rain! Blessed rain came late last night, today, and this evening. There must have fallen in this storm 1.5 inches by 7 p.m. today. Now we need lots of rain now to make everything green and springlike.

Mamie and Grace went to the show tonight to see Harold Floyd, Edgar Wiethman may go with them.

Mamie went today to the home of a school boy doctor, Mrs. Bonnette who is getting fat for the "chastity drive" for America. Soon to be in full swing. Mamie seldom helps these drives. Mrs. Paul asked her to go and of course we want to please the folks. The work in school today is quite well, only there is quite an epidemic of flu.

New Deal: a pattern ahead.

George's report card: Excellent

Grace's report card for 2nd quarter of 6th grade was excellent. Chemistry B-, Harmony A, Economics A, French A, and Voice A.

We had heavy rains for the last 78 days about 3 inches for the storm last night only 7 inches for the year.

Magneto is helping to go down to church at the Chief's for Sunday's service.

I went down to the gym and took a work out all by myself as I was so glad that I felt well this afternoon. The 'New Deal' is certainly getting worse and older but God bless our man as Right Hoover etc. It is coming far and he will stand by men as Right.

Mary and Tommy. With letters.

Letters came from both Mary and Tommy at Vassar and 233 Woolworth Building, NY, respectively. They seemed happy. Mary was off leaving New York and Tommy said he would return in his familiar position, judge Peck. It seems about time they will soon launch the housing project on 44 acres near Ocean Park. Tommy will be still busy then, then more. He told of studying a 94-page report of Affirmative Action in the Housing Corporation of America. He expects first that defenses could be cut 30%. Tommy finds his job a laboratorious one, so he might wish to do more business. But he seems not to be working to death, said that he played hardball yesterday. Trained all night and afterwards bought this in town on the way.
SATURDAY, FEBRUARY 15, 1936

This afternoon, March 16th, went to the home of Frances Dosher to the Vassar Benefit for the Vassar Memorial of Ft. Sumter, South Carolina. This was a memorial ceremony the #300 Ethelbert.

There were 80 or more women there, many of them were from the most prominent families of Riverside. We were given claims to be near the top of a prominent family in Riverside. The event was in charge of Mary Night. Among the prominent women were the Misses Sturges, Bower, Bostrome, Bellow, etc., who played some good violin.

This was the first time we all felt much better than when we were there.

We danced until late, but the fun was just beginning.

We stayed all night to play and the musicians

on their tops.
SUNDAY, FEBRUARY 16, 1936

Grace and I went to study school today when there was only 25 on account of the storm of rain last night and drizzling today but we felt quite a school after all and I enjoyed it. I had to get some degree as supernotant as we have no supernotant at all and Mr. Aylmer resided. When anything of a general nature has to be done it falls on my office to do it.

At night I went to the Congregational Church to hear Prof. of YC on a conference on the Euthenic War. I want to get an ample credit on my mental health I suppose which sick during the holidays.

He stood from his visit there but the St. John's girls are back after his report in YC and that make it right. I succeed if he is willing to pay the fine.
Today at the day school were lessons of the Hess proposed post for the big freeze so I depended on my fingers to help with the frozen fingers fairly as we certainly did and if it would be a credit to them to stand in with my aces for those who I am a famous the period of the fingers the little children if you take the fear of not concentration all those children are all from students and they from Prager Dr. Schuh to my desire to have been keeping the house for some others like the town has won so good town of yours.

RIVER

Those who need...
RIVERSIDER HOLDS
RESPONSIBLE POST

Thomas L. North Business Assistant to New York City Judge

Friends of Thomas L. North, son of Mr. and Mrs. Alfred M. North of Riverside, have learned that he has accepted a responsible executive position as business assistant to Martin T. Manton, judge of the United States circuit court of appeals in New York City.

The young Riverider has an office on the 21st floor of the Woolworth building, from which he is engaged in organizing and directing several types of investments. Among these are the National Cellulose corporation at Syracuse, the Lemonida Products corporation, the Alamac-Esplanade Hotel corporation of New York, the Modern Carpet and Storage corporation in the Bronx, the Sulmar Realty corporation of New York, which includes eight large apartment houses and the development of 250 acres in Queens. This last project is just getting started, the first unit of which will include development of 44 acres to house 2500 families and the erection of 75 six-story buildings and 50 three-story structures. When completed it is planned that the project will house 25,000 families together with stores, theaters and other businesses which make up such a community.

On Jan. 1 Mr. North was elected to the board of directors of the National Cellulose corporation and made its treasurer. He has been associated with Judge Manton since November.

The young man was born in Riverside and went through the entire school system. After his graduation from the Junior college he entered the University of California at Berkeley, graduating in 1931 with honors in economics and Phi Beta Kappa. The same year he entered the graduate school of business administration at Harvard university, completing the two-year course with high standing and with a master's degree.

After leaving Harvard he was employed a year by the C. W. Young Investment council in the Chrysler building. Later he spent one and a half years in the general office of the Bethlehem Steel corporation, where he had valuable training under William J. Brown, treasurer.

We attended Faculty Boost Program tonight. Faculty Club meeting.

The faculty club meeting was held at Schuylkill Club.

I sat by pool in the 25 years ago when one built the building,

and had a good time. Mrs. Egelston spent part of the night

We got back and to bed at 12 o'clock which is in the hotel where we are staying. About 9:30 in the morning and slept.

This morning I spoke with the family about the new and exciting plans for the fall. Among those present were Missions and others. And Miss Jones who attended the 2000 through the years.
WEDNESDAY, FEBRUARY 19, 1936

Mandela attended her debut in the fashions last night. And the fashions are about London's wonderful success in his position with Judge Mantor. In New York. It is certainly fabulous and affected.

The priority form is now. We hope he can find the job as long as he likes. Mr. Cooper and some of the women talked of how if they ever get out with a cadet to be a monk, some of the women who nodded approval to me will manage. Pete, Jeff, and a few others. The city of New York has happier standards by the annual success of London. We are thrilled by the instant fame.
THURSDAY, FEBRUARY 20, 1936

Tonight I went to the gym and practiced my high school game. They were very good for a line of boys. I met a tall, fair-haired young man with whom I got along very well and I was allowed to play with him from my very legs. Before coming home I needed some help from my left arm. When I reached the gym I saw the secretary and told him to come over there. They were playing a very fine game. I told the coach to tell them about it. This afternoon I did some exercise on the gymnastics stage. It was a good deal of good, but I feel better tomorrow.
FRIDAY, FEBRUARY 21, 1936

We had quite a nice day today as it was clear and the snow is coming up nicely after the rain.

After about 3 went down together to have the fruit cajas.

I fed my interest in the Gainey early 120 acres, notaried by Fred Reiney. He signed it.

Tommy brought interest since he had seen the big article in the Press and Enterprise. He also asked me about many cost.

I revealed that it cost $50 to keep students in New York. The article about Tom and May was the paper lost week have gone.

Addison. Also Miss Buckley is one of Tom's teachers in the girls' school to me at the P.C. She begged slightly. I said it is wonderful.

Elizabeth Brookshire also spoke to me about seeing the article about Tommy and the others Tuesday night.

I sent death and also mine of service to concern...
SATURDAY, FEBRUARY 22, 1936

Today Edgar, Norton Reed and many North Hurd came to lunch as relatives of my first distant relative picked. They are all descended from John North who came as a servant to Boston in 1635. They started off before the American Revolution. We met at 7 or 8 "cousins", yet they seemed as near related as any half cousins on my mother's side. They are so much like the Norths, well we talked about the genealogy and I learned more about my ancestors and that I was descended from very the same yet. Mrs. Lewis came with them. We had a chicken for dinner and lemon pie. It was nice and ready served on the table. Played football at the Ymca with the boys. Played with Pete and Denny Jordan. I can do better than a week ago.
SUNDAY, FEBRUARY 23, 1936

Well this was a cold day, after a 31 inch of rainfall, roads and ditches still are holding the water so we are still 2 miles in on a good dirt road. We sold four quarter bushel sacks of potatoes for 75c each or less. I worked in the office, as no one is now substituted. I'll try to get a new letterpress machine. I went to Congregational Church to attend their annual fair. I had all my potatoes and gourds on display for a dollar a pound. I needed this as a want of myMITTLE and messengers. At 8 am filed for plant of redwood near Montclair. I am certainly glad. I am not in the habit of going any more this week. Oh yes, amen.

The Haying begins this fall.

I was about to stay in and get some work done.

I decided to go to Madison and meet Paul there.

We played basketball with me.

I wish I had done more in the evening.

The cold weather has cut me down to 50%.

I was not feeling well and was advised to rest and sleep well tonight.

I received a letter from Sister Carrie's mother, who is in the hospital.

I am happy that she is going through this. She is very brave.

I look forward to spending time with my friends this weekend.

Feast comes after fasting.

Mardi went out to Hughes today. I felt frigid which was probably due to my clothes which I had put on after the lunch. Last night, I started in a position on the ground and kept stretching into the fandango until the students got up. They seemed to have been out of their proper place. I was the only one missing. I'm sorry, I'm not a very good singer. I've been trying to learn it for many times today. goodbye. I've been a little idle today after her hard work yesterday. The drone went to his dog and she gave him some bone flowers. We also took Mrs. Hinde out with her and they called on Mrs. Ashbrook who is located up off the houchcock. Mr. Hinde was very badly off. She mind to close behind.

Olive and I went to the Hi-Fraternity dance at the YMCA. Eighty Hi-Fraternity girls were eligible to dance. Grace was chairman of the officer committee and her name was mentioned oft in the enterprise and spotlight as being a leader in the affair. We decorated etc. etc.

Maurice and I were sponsors of the affair and were pleased by the enterprise. This is good for the Benson School for the enterprise. This is good for people to know that we are still active and interested in welfare of young people. We were proud of Bobbie at the dance since she selected gorgeous. It was quite unique and light. Comment: We got time at 12:30 a.m. for sleep. It was quite cold down there. It was good for dances.
SATURDAY, FEBRUARY 29, 1936

Well, got up quite early and was pretty well rested for the day and the weather was pretty nice. Had breakfast at the hotel and then went to the store to get a few things. Went to the Orange Grove and saw the orange grove tour. Went to the Orange Show with some friends. Had a good time and stayed late.

MONDAY, MARCH 2, 1936

I was a warm day after such a long period of cold weather. We smelled others at Tabor. After school, I went downtown riding down with Geo. Moyer to the city hall where I got a map of Riverside with the Seven Wards bounded and numbered. I got parents to fill out into other maps of Riverside.

We sent the tax money away to St. Helens to the County Sheriff Oscar Ward to pay taxes on the old homestead of Minnie's. 7 miles south of Vernon. So you have done #30. Please left from rents collected. And took own day done up.

Mama's death.

I feel better when reading home and relaxed for an evening of reading. When William Stebbins left to have a conference with the about the annals of facts in early California. By he is working on part 2 feet by 1 1/2 feet grid history of the ownership of the place from 1542 to 1936. This took many evenings but I enjoyed the research and what learned of California and the J.C. trust since 1542.

Maude and Grace went out to the plant tonight to gain juice a tree.
THURSDAY, MARCH 5, 1936

I attended P.A. at J.C. Proctor.

This was quite a successful day at school for me as classes went pretty well. We are studying the County with|Pine-aged County as my example.

After school I went over to the J.P. Cottage and attended the P.A. and had a good social time. We met General Parker, T. W. Parker's mother of Sunny etc. Miss Yancey took me to tea. We filled me with suggestions.

Later I indulged a little while with Miss Hale while who was interesting at she is a deacon and they was a common interest. Tonight "Eddie" is here, and we will have a party at the Church.
FRIDAY, MARCH 6, 1936

Decided and Bill Harmon to go to Los Angeles with me and my little girl and Mr. and Mrs. Bill Harmon to the movie, the library and bookstore. We went on the bus at 7:00 and returmed in the late afternoon. This was quite an outing for her. We got to Los Angeles and went to the junior boy of the U.S. with Bill Harmon. The junior boy now has a study but still nothing has happened yet. 

I went to the American Legion and tried to play football and they offer Madison, Woodson and Johnson. I may call and see about a chance to play. The cold weather is worse. I am teaching the county to my closest ones. They are coming closer and closer. Working on the farm on the State and National.
This morning I received a telephone call from Colton asking to rent our place at $40 Valley

Homecoming at Hilltop M.E. Church

2nd Sunday in Lent

58th Day

Today we (Grace and I) went to Hilltop where I had double duty in the office and as acting superintendent. The church service was good.

We had a good crowd. The Homecoming went well again for pledges. The main year good with a good balance.

Wrote to Beet agin.

Martha Griffin

After lunch Martha and I went to 340 Telegraph where I said, called the real estate agent yesterday in time to get the balance due, Mr. Johnson did not appear good to the sight, I went to see Dr. Fassett. They agree to let the place out for $275 and rent the room light and water.

We began State Civics (III) today. Today, 30th Day.

Marta and Grace went to the movies to lift and lift me to do the chores and read awhile before going to bed.

I started State Civics today in all my classes. I began by compiling a map of the U.S. and a graph of California, and seeing the things and getting them into my mind. We spent a lot of time on the State and coming out with public states and the Union then projected out places and states. We also visited the mountains, the desert, Death Valley, and many areas.

Have you filed your Federal Income Tax Report?
The girls in the city are not the same.

After supper Great went to the Hi-Five meeting at the YWCA. She is social chairwoman of the Y's girls' group.

After school I went to the Hi-Five and took a short walk out there alone. The wind was so cold that it wasn't very nice. The school was so cold that I can't stay there. My legs are so much colder than a month ago. My knees are still stiffer and my tips are so much stiffer than a month ago.

Clothes is going well for me and my office is fine. We are about to quit California. We are going on to another state next year.
THURSDAY, MARCH 12, 1936

We went church again. We were at a church for supper to get salads for the drive and the party get some grind. We ate at 9 o'clock with Roger Williams and Harry Ward. We got some 12 to 14 eggs to follow up during the next couple of weeks.

Vacation will soon begin as the grass gets green. The youth's union for tour all will be good for some vacation. We need it a lot. From many at Darton today and was a cheering one to guess right now. Letter from the editor of Germany is getting from the military. The papers predict war and that it will probably fail.

J. C. celebrates 20th Anniversary

This was the 20th anniversary of the founding of the junior college which I helped to well and was one of its first teachers in economic and modern history. Since that time Tommy Godfrey has gone through the junior college system and is away from the city. Grace Young was over 2½ years after the J. C. was founded. Both of them and Tommy are now students and going great speed to J. C. Tommy had getting on the 20th anniversary of J. C. now has about 20 times the enrollment that it had in 1912. God almost 60 there. Judson classes are held in the high school rooms. Grace will be in J. C. next year.

The effects of the flu is not seen as much better. I went to the yard and took some use of the field and felt much better.

We went to the movie tonight with Bill Hamann. He took her Sunday on a yacht tour.

Marta went to the LARC meeting today. The monthly meeting changed after she was made Regent next year. She is not sure what to do, but she is thinking of joining the garden club and doing some gardening with some plants.

Grace did not arrive until 11 a.m. I went for a hike up Buffalo and took my 1 p.m. I am trying to think out my fruit legs a bit after the hill but didn't.

Grace dressed up but to kill and went to Edgell's (Sid's) for the evening. She has so many things that she has to get the plates done to hold her steady. She is quiteolumbia with the crops for her minnow are hungry. We are a bit worried about Tony's health. That he has traveled company with Judge Newton. I don't think they will ever return.
MONDAY, MARCH 23, 1936

We got pledges for Mr. Church at 5 P.M. to try and get the 13 cards for which we went to Jackson's where the general gave us a $15.60 check for this year's pledge to the Church. We also got a promise from Mr. Finley that he is very ill now at 3:00 p.m. We also got $10.00 at another place. We were called out late Thursday. In the 11:00 P.M. I typed again my last syllabus. This is my 3rd consecutive day of feeling much better, though my heart is quite weak. Mr. G. got a 90% this time in the back yard with flower plantings. Mr. Harmon was here three times to pay a small amount of rent. We was over at Wickwire's tonight eating red clown.
TUESDAY, MARCH 24, 1936

I saw the story of the Lonesome Pine. This afternoon I went to the river to see the story of the Lonesome Pine where it grew. It was an excellent show. We saw the second show and all told it took the band to get in the afternoon. I took exercise at the gym and got around the grounds. It took us some time to get the work done. I took #5.20 for the lunch budget. We spent #62.25 on General's fees and must get more later. Probably to #80.00.

We received a letter from Tommy who plans to leave about April 10th. We hope for a visit to Europe. He may continue to ride, Judge Massey. The rest of the month...

280 Days to come

A very gloomy day today.

Well, I stayed in all day for I was not fully recovered from being too much read yesterday when I read Dickens and Wordsworth, but in the yard in the cold winter weather I was gloomy today. A letter came from Johnny yesterday also.

He has received passage to Europe for another cutaper to the seaside for another job when he returns. He does not fear finding a job and I wish that he will.

Mama had the women to think many of the endless worries still as Mr. Grace's case with Eddie Wamblee and John, many of us, about her, Martin's wife, wants Martin to take her back to Scotland and

she goes to.
FRI DAY MARCH 27, 1936

We go to Palm Springs and Beaches at 11 a.m. Mrs. M and I (after meal) left Riverside and went around via Redland to Reb's. I stayed in sonic. The boys in hotel and we are getting only $15.00 per month from it. Of Jim Burns. We showed my wood thing for $30.00. Then we stopped at Bakers for lunch getting a sandwich for $0.10 each. As tea cream and sugar for $0.10 each. The tea cream gave the whole thing. Then we drove to Palm Springs which we had not seen for 12 years and were amazed at the change from a pioneer place to a town of beautiful residences and hotel. We also drove to Palm Canyon and walked up a mile among the palm trees. We then drove back via Jack Rabbit springs and more of the same. We drive for over 300 miles.

May 3rd. Had a big play night.

This forenoon Eddie Winkman gave an invitation to see Gracie the play. Bill Hannon came and asked Grace to go to a play tonight.

Worked all day and all evening.

Evening. I arrived from the Granite Club meetings. Worked all night.

And Gracie was away cleaning the kitchen, fighting and back porch floor. 17 hours. Then I went to the pictures for a film football play myself. Took a bath and returned to bed. It was an early day and at night it rained. I am going to send all night which fact will be of great interest to the dry farmers in particular.

But a friend of Hauflman's is to be hanged tomorrow night for the murder of the Lindbergh baby. There's something going to stay the execution for the next 21 years. There's no bloodhound big enough to track his scent. If it is a favor of doubt in regard to his guilt, yet there must be a reason. It has cost $6,000 or more to cover the crime and bring him into the clear. A ball bearing revolver in his finger print matched the bullet.

Grace went to the circus tonight with John Chrisman. We do not want to hurry out next night unless there is someone for school comes first.

Our income tax sheet was complete today and after exemptions I had to print a check for $6.33 for State income taxes.

Mary Reports Her Visit to Norfolk

A letter came from Mary telling of a good time at Norfolk. She says: "Home Sweet Home." Emily Hope McKay passed away. Mary also sent a picture clipped from a Norfolk paper of Mary Hope McKay of Riverside and Emily Hope McKay going swimming on their way back to Fairbanks after stopping at New York. I gave a juicy piece of news indirectly to your brother May. A letter of her association with women who are still fighting the girl war in which the Japanese up North girls fought strongly on the side of the Allies. War will not continue any more, I'm sure. After all the suffering and hardship of many men and women through this dark period of our history. Uncle Billy, my humble child, is to take up the reins and guide us through the future.
Hauptman Executed for Lindbergh Murder
FRIDAY, APRIL 5, 1936

This is a blazing day. It was cold and cloudy today. The Counting House is cold, as red as the street that it runs on. The weather comes, which may break any time now. It is hard on my feet and back, but I must... I feel a benefit. Tonight at 5:27 O'clock eastern time, Bruno Richard Hauptman was electrocuted in New Jersey for the kidnapping and murder of Charles Lindbergh baby. He was guilty as the devil but about 48 hours ago people really believed him innocent and Hayley Hoffman, go of 67, worked long and hard for his own advent. Of course, Hoffman is a disgusting character.
SATURDAY, APRIL 4, 1936

I had Physical Examination today.

Hedberg was this day for a free medical examination offered to me by the Metropolitan Life Insurance Co.

I took out $2,000 life insurance about twelve years ago, and have recently renewed. Was reluctant to have the examination.

I was told to avoid any strenuous exercise and to get plenty of rest.

Since having flu, should have not been able to continue good condition, as preferred. Did not seem to hold any malaise. May not want to throw anything.

Might want consultation this P.M. on Monday.

Mum to begin at 5 P.M.

Grandma and Grandpa were in town, will probably stay on.

P.S. My head is still on the mend. He goes off that time.

Vesper Musical, Very Dashing

This morning I got up at 6:30 and rushed hard to get out to Sunday School and church. Everything went well in church. We had a S. S. test that is good. The choir service was excellent and well attended. Hugues played beautifully. After the meditation maybe he played a shorty of "Advent Song of Prayer" with sound as beautiful as any music I ever heard in my life. At the Vesper Service, before the first M. I. music. PRAY for the first time in the choir and I was very much touched to see him up there. It made me think of you. Gone try when Mary will. James was here. H. Howman played beautifully. Norman played beautifully.

97th Day

Monday in Holy Week
Army Day

School went well today.

My daily work was the

interesting part of the National

Games I was also helping a

trip to the court board

above and a mock trial

in my 4th period class.

We tried a great deal of interest seems

to be shown in the above

events.

We had a terrible cold

front today which chilled

my skin and my legs. I

stood my way to

get my digits out of my

fingers and toes.

We received a letter from

Tommy Stelling that he expected to go to work

this summer. I felt glad about

him to sell papers.
TUESDAY, APRIL 7, 1936

We'll today, moderately well. Today's work is difficult. My legs feel pretty stiff from my legs feeling pretty again. This is the first great warm day for a good while.

My classes are well interested in civics. Our week's due mainly to my having the couple in practicals and reflecting and working and what else. My practical نحو is normal. Mama says to go to church tonight to see my dad. Gilles' son says it is to go to see Jack that invited me to go with her teaching. This is a church you all like to attend for it is a small, quiet church with many windows.

268 Days to come
I went to Court House for Visitation after school today. I got to the Court House to inspect it for the first time today. The judge came to the court this morning. I went to the judge's office first where I filled out my paper. We had to take me to the Justice Court while the judge was here at 2 P.M. Nearly all of them would have small claims cases. Hence we went to the office and looked in the courtroom. Found that the supervisor would be in session. Tuesday, April 7th.

So we may see them in their first room. Hence we went for a work out of it. The service to the judge and secretary. Went to the office at the end of the day and stayed till late. Went to the office to meet the organ for my sister tonight. went home after that.
THURSDAY, APRIL 9, 1936

100th Day

We all attended the communion at the first M.E. church, music played for communion, music on the organ. Grace and I got first in the middle aisle. This service is playing good for some way the people come staged up for the occasion and it begins like a big fourth of July. The front is always good. I walked both ways to the church of study #5. Actually passed today as they was too much rain and she was to take my week. Phone service one day and have here once to day but don't know when can find an hour to do this one and students read speed science meetings for a week's check.

Nunzi Hosts St. A.R. Meetings

Good Friday

Today Nunzi had a busy day. He attended the Good Friday meeting at Mrs. E.B. Parker's home. There he and other hosts attended the Paduax chapter meeting of St. A.R. Later that afternoon Nunzi attended the St. Joachim chapter meeting at St. A.R. It was well planned and seemed to be well attended with the prospect of having regret next year.

Today Nunzi had an appointment to take a group of students from his parish school to the county court house to inspect the court's administration of officials. It may be noted that Mrs. and Mr. 35 to 40 students he has must take the train to the school.

Easter Sunday and Easter Day

Grace and I attended Easter Church at the church. The church was crowded by an enormous throng totaling nearly available seats. They had two collections on income, offerings and made the church overflow by the floods and for accession.

Grace was not as good as she sometimes feels that she was. The sermon was given. We attended and Grace went to a special church that I needed to study. So did not go out in the afternoon.

A telegram came from Tommy who was in New York working for the Standard Statistics. Greetings from Tommy did say. Tommy did not plan to come on April 6 as had planned but went on with studies Statistics for a train of value to him.

262 Days To Go

Life begins at Court House.

This was my final exposure in taking a civics class to the County Court House of Riverside County. But at 1:30 p.m., 38 students gathered from four sections entered a room where Deputy Shafter explained the story of Christmas and took us through the process. Each room was graced with a human being behind bars for crime. Then we all went into the justice court of Riverside. Inside, the Supreme's special room, they were well received, though the Clerk of Court, A. A. Peterson, room. Clarke's department, gathered and took various letters. They were made quite a stay in the Recorder's office. Some of the volumes are left. Here we had some files. They explained the work. Among the students, we learned about the courtroom to hear an equity case. It was interesting.
TUESDAY, APRIL 14, 1936

This was a cooler day than for the past few days.

We held a mock trial to the Court House yesterday. The 5th period great interest was shown by those attending the 2nd period. Most of them noted the trial.

The most interesting thing was that the Superior Court was most interesting and a good many that heard in the Reader's office were most interested.

Several said they had never been in a Court House and it made what they read about

257 Days

as Hostess at Spring Formale

TOMORROW was the Spring Formale for the girls of the Riverside High School. The Social Committee, being led by Grace, who is hostess in charge of decorations and reception, got the guests in the mood. Her flowers, decorations and food were beautiful to behold for amateurs and gave instructions and were down for a couple of hours. Grace stood in the recitaling band playing the 75 to 100 couples and the orchestra came in.

At about 12 o'clock it was an opened from the orchestra that the next dance would be in honor of Grace Witham and Bill Waples. Grace's escort was grand and made to throw flowers to the couples from the balcony.

I attended Institute at the Newport Gym today. The Alleys picked me up but didn't have time to eat dinner. I heard a good deal about reading problems.

A forestry play today.

We hear many conflicting reports about forest fires in Saturday night at the \underline{\underline{\text{3}}}.

Mary had her class and thought it today and Grov was highly pleased to be delivering of pyrithrene copolymers.

Ann was plane Monday as usual. It was a cold cloudy windy day and we were frozen enough.

In Spring we studied the Department of Justice and got all about justice, how to handle cases, etc. I'm afraid some thought he should not have taken on at the same time. They current furnish of the log.

253 Days to come

This was a hard day, but ended well when the wave of responsibility tonight in connection with communism and attempts to discourage study of American history in the public schools. We were discussing the danger in U.S. from communism. We talked of the strength of the half million of our country representing leadership premises. If we lost, there is the great opportunity of the U.S. at this time when there is so much muddled thinking to start for the principles of democracy but freedom while from.

The last day before Primary. I have been thinking about the next few weeks and how I will need to prepare.

My wife and I have been working on our campaign, especially in the area of education. We believe in providing quality education for all children.

Despite the challenges, we are confident in our ability to make a difference. We are working hard to ensure that our values are represented in the upcoming election.

Stay strong and keep fighting for what you believe in. Together, we can make a difference.
FRIDAY, APRIL 24, 1936

We attended a party where we had a chance to meet interesting people. The party started at 2:15 PM. The Social Science teachers met with the teachers who informed us that the Social Science teachers must be the guides for the entire school. That important work must be guided by teachers and that we expect teachers to be present to guide the students in their work. Many students were present, and we enjoyed their company and conversations.

At night, we went to the Philharmonic concert on Semple Hall for a dance party where many people came to enjoy the music. The Philharmonic played beautiful compositions. The dance started with the Crystal Palace, and we enjoyed dancing with the girls and boys. We left the dance and went to a show.

I was very miserable today for my right leg gave me great pain in the day. I think it due largely to loss of sleep and nervous strain. I am feeling what may disappear when vacation time comes. I did not go to church to attend the Advent Calvinist Church Service Convention. I wanted to go very much but could not get there right. My wife had a sick aunt to take care of and I had a 50 cent ticket to Palm Play. Most was off so many and should not have gone camping as we stood up and sat down. The role she played last night with the other girls and the ophelion. She played...
This was a rather eventful day in some ways. I wanted to see the Miller men about my leg. Conditions do not look good. My trouble is due to my teeth and gums having many fillings and lost last week. I think it necessary to remove more of them or so. Many have been removed in my trouble. 

She is certainly very dear and helpful to my family and I thank God for her. I am very happy to be able to go to church and am very glad to be able to do something about my health. I will continue to try and do the best I can with what is left. My Sunday school and my church. I did not have any

Andt Affly Pastes Repel

When I came home from school 3/4 of a year ago I had a letter from the Bishop of St. Louis saying that my first cousin, Dorothy Miller, had died. I could not help feeling sympathetic, but really, I did not expect that she was going to leave me. March 25th, 1936, she passed away. I was very glad to see her when she came in dragon. We took her to Wakefield where she was going to go and we were there on April 25th. She was my Uncle William's sister. He used to work in Wakefield. He worked in the West. I was very glad to see her and Gracie. Getting from for and in about the west. They went on a trip to Europe. They went on a trip to Europe and to get George a green coat. He had a big surprise. They got a $300 surprise at the hotel. At most two hundred and sixty miles and not a very good one.

Day 126

This was a fairly quiet day, and my school day went along quite well. After school, Frank Coffee, who was playing for Indiana, visited before going to college and informed him that he would not be making a scholarship. Frank, who would have been entitled to college aid, tried to show him that success will not come to those who aren't willing to pay the price. I think necessary to have three or four tech. jobs and a part-time job in my possession, but I'm pretty hell to give up and feel so.

This is the day when I was to go under the knife for mastectomy. I am to have an operation today. The doctor indeed did not get along with my breast. We had not much to talk about with Dr. West today. We talked a little about the diagnosis. It is a fact of the matter.

I guess Edna got on well with her work. And her work is a big factor. Beyond a vast amount of work done, I grant you, that you will. Do you know, Peter, Mary's June 15, and June 15th. One from college and one for +++.

140th Day

Collapsing at first I thought my legs simply passed under me but after pulling myself up I started to walk. When I tried to walk my legs gave out. I went down in the dirt. My legs lifted me up and carried me to the place where Manta came for me in the car. I could not walk. Manta and his mother helped me into the truck. I was wonderfully quiet and Manta seemed to worry. I should have been helped. Manta was very attentive. We had the chance to go up the mountain. He gave the signal to go. We started towards the stakeout.

I found a warm, eager, wonderful care and attention from Margaret. She is a wonderful, gentle, loving nurse. I am getting well. Dr. S. could only work with great difficulty today.

She had good news in a telegram. Was given 
250.00 from Mr. and Mrs. Clarke.

Contact is for Mr. and Mrs. "A" for May and July. The next year will come with a blanket awning larger. This year will be the 23rd year, which will bring all that I love of the out.

Miss Attorney called to see 
me and came right over to talk. Many thanks.

224 Days to come

I walked around the house today, but my dog, Fido, refused to come with me. I spent the day working on my garden and phone calls to friends. Mr. and Mrs. Smith called and were pleasantly surprised to hear I had asked about their children. Mrs. Smith, who had just been operated on for cancer, seems to be doing fairly well. Manta went to the city tonight to meet with the others to discuss future plans for the magazine. She expressed concern about the magazine's future and the need for new members of the magazine committee. She felt that she could handle the work and ideas for the magazine.
This afternoon three pretty young women came into my bedroom all at the same time. They were Mrs. Armstrong, Miss Spillers and Miss Brookes. She had brought flowers from the city south end and they visited me up considerably. Do not see much progress for I am weaker now than I was last week and they tell me that I must not get much rest. They tell me to stay out of doors for some time yet, but I hope that if they keep me up it will not be long. The weather is pretty wet and I am keeping warm to a fedor by dr. davis and to

A happy day for us. The climb up and back was not too bad. We went in the afternoon to see the Bishop. He gave me a serum shot in the arm. He was a friendly fellow.

Sanaa had a happy day. Today was the beginning of the Holy Week. The city of Sanaa, which is the heart of the country, is very beautiful. Of course we could not go out of the city. But sometimes I go out to get some fresh air.

I feel better. My condition is improving. It will be a long road. Getting back again, and only rest will bring it.

me quite a little while
criticism of the work
and plans for the week.

I told her that
I could not be back
school by next week
so that Mrs. Lewis just
could go about

Mary North received her Bachelor of Arts Degree at Commencement at Vassar today. She had transferred from Riverside, C. two years before as an experiment, transferred and made the grades in two years receiving good grades in the Junior year and grades sufficient for Phi Beta Kappa in the Senior year (1 R 3 385.) She specialized in social science getting an in Political Science under Prof. Fitz. The graduation exercises at Vassar were very elaborate. She will return to Riverside for the vacation.

The following few pages were recorded by Mary North.
TUESDAY, JUNE 9, 1936

After graduation from Vassar college Mary left Poughkeepsie and rode to New York city where she stayed from night until Tuesday with her brother, Thos. C. North at his spacious apartment. Tommy North is an analyst at Standard Statistics.

Tuesday dinner and Tommy and Liz and Andy Martin went to the Russian arts and ate a Russian dinner. In the afternoon Mary and Mac had gone shopping.

Johnny North, Andy Martin, and Elizabeth were put Mary on the train which left New York at 11:45 p.m. headed for Riverside, Calif. and home.

Mary’s last in leaving Poughkeepsie to New York because Dr. Alfred North, her father, was on a sick bed at his home in Riverside.
On the tenth of June Mary and I left North with her diploma and started away in her studebaker. We arrived at Chicago where she remained six hours before boarding "The Challenger" for Riverside. Mary's impression of Chicago was that it was an overgrown mid-western town beside New York which is a great city. At 9:30 p.m. Mary and I boarded "The Challenger" and were air-conditioned on a very comfortable train. Air conditioning on trains has come in in the last two years—a very wonderful discovery.

In the car with Mary was Rebecca Reid of Riverside who has been going to George Washington in Washington, D.C. During the night Mary was crossing the Illinois and in the morning crossed into Iowa.

received one and will now
have a gold seal on her
diploma as both Tom & Mary
had.

The fourth member called
by Student Body President,
George Bole consisted of
Gracie & Carol Frost who
received a bronze medal from
D. A. R. for being the outstanding
girl in the High School, and
the surprise & gratification
of great man. Mr. and Mrs.
George & Clark stated that
the Ridiculous Chapter of the D.
A. R. were bringing this money to
Texas North because she was the
first history student in the High School.

Mary leaving North Ogden Salt Lake City.

By Friday June 15 Mary Guine North had arrived on "The Challenger" at Salt Lake City, Utah. There there was a delay for an hour in the morning and Mary with Rebecca Reid and people off the train went on a tour of Salt Lake City, famous city of the Mormon, founded by Brigham Young in an effort to be free from the restraints of the United States. On this tour taken by Mary the morning of June 15 they saw the Marble Temple built by the Mormons, the Tabernacle, Salt Lake City, State House, "Weir and the Great Salt Lake. They were surprised to see the tremendous expanse of water called "The Great Salt Lake."

Mary S. North arrives home in Riverside

SANTA, JUNE 13, 1936

Martha North, Grace North, and myself

had looked forward

with great expectancy this morning
to the arrival of Mary North who

had graduated from Vassar

College June 8. Martha North, her

mother, and Grace North piled

out with our automobiles early to

meet the train at the Ringwood Station.

Myself, Alfred W. North lay at home

on the sick bed and thought and

listened with interest for her

arrival at home 4:30 E. I. S. T. The

challenge was to hasten about 7:30

a.m. I heard the automobile stop in

our driveway and very soon the

voices of the three dear North ladies.

And sweet they came into my

bedroom and threw her arms

around my neck and offered

words of encouragement for

my recovery.
Today none of us went to church except Ernest North. Mary & Alice were resting at home and taking care of me. Mary's account on various interesting topics were very interesting. One thing she related was her recently acquired was her diploma conferring Bachelor of Arts degree from Vassar College. It was in Latin. The report of her grades was also gratifying as she made 1 A and 3 B's. It was high enough for Phi Beta Kappa—but having had such difficulty as a transfer last year, she did not receive this great honor. The experience of two years in a great Eastern College was very important, she thinks. The experiment which Vassar made on Junior College English by admitting Mary seemed to have been a success.
MONDAY, JUNE 15, 1936

Today, they spent a good deal of the day in visiting with the family, tolerating at home after the hard year of working. Mrs. G. was a close friend whom she had met at Vassar and also aboutlovings present situation, and interested. Jamie is still working on finance, analyst for Standard Statistics and seems to be making good, apparently in few years suitable for better. Tommy explained by saying, "You have been living happily in a very nice apartment on the 10th floor of a rooming house with two other people, men. The apartment was spacious, with kitchen, fireplace, large living room and large bedrooms, bath, restroom.

2nd Payment of Federal Income Tax Due today
This morning we decided that my recovery would be impossible without going to the hospital and having a specialist examine me. Dr. Wickman summoned Abraham Ackerman to come to the house with the ambulance and it was a great break in the monotony of the bedroom on the 2nd floor at home to be carried on a stretcher by the ambulance to the Community Hospital where I was given Room 4. My appetite returned remarkably fast for a few days and some preliminary examinations were made by a kidney specialist, Dr. Gardner, and a check-up was started and a record kept on a chart. Gracie turned in her high school books to her teachers today which was a tremendous retrospection, to put it kindly.
Today Mrs. North, my wife, was here at the hospital when the doctors gave me my final examination.

I, Manta, did not go to hospital till about 2:15 p.m., as we had been busy getting our hair washed, also Mrs. Brown came for work. She did big washing, including wash Mary brought home from Vassar. When I got to hospital I found Alfred quite despondent as he had been chastised by one of the nurses. I called in a nurse in charge of floor & he made his complaint. Mary had Dr. Esgate look at her wisdom teeth & clean her teeth. She had been complaining of sore throat & mouth. He found she had bad tonsils, infected with white spots. She may have operation. She found from Dr. Esgate that he needs Dr. Householder had had a long consultation about daddy's teeth. That will be outcome? I practiced with Madge Pitman at church 4 p.m. She invited Mary & Grace to swim in her pool. At night I went back to hospital, found daddy had disconsolate. I'm not sure I can explain this. It's been a very strange day. I woke up late, feeling tired. The morning was dull and the sun didn't shine as brightly as usual. My head was filled with thoughts of the future and what lies ahead. I tried to focus on my work, but my mind kept wandering. I spent the day in a state of confusion, not really sure what I was doing. It was a long day, and I'm not sure how much progress I made.

I must have almost fallen asleep a few times, but I managed to stay awake. I hope tomorrow will be better. I need to focus and try to make some progress.
I got up early, went to Mission Inn 6:55 a.m., and was guest at breakfast given by Mrs. Frank Miller, to meet the President General of N.S. D.A.R., Mrs. William Becker of New Jersey. I sat next to her and found her most sociable and delightful. The other guests were Mrs. Frederick Johnson of Redlands and Mrs. Hugh Knight, Regent of Aurora Chapt. Riverside.

A COMPLETE SERVICE FOR YOU

For every kind of business or personal record, there is a kind of equipment especially suited to the needs and uses of that record. And it is the business of the modern stationer to help you select the right equipment for the job.

He knows the advantages and limitations of every device in common use. He doesn’t pretend to be an expert in business systems. But in all matters pertaining to the selection of records for greatest efficiency, his knowledge and experience will be invaluable to you.

For example ask the stationer to show you the many features of these National items:

- Steel Hinge Ring Books
- Bi-Lock Ledgers
- Bi-Lock Post Binders
- Stanite Binders
- Sturdex Binders
- "Eye-Ease" Filler Sheets
- Visible Record Equipment
- Machine Posting Equipment
- Planned Loose Leaf Forms
- End Bound Column Books
- Telephone Books
- Appointment Books
- Address Books
- Desk Blotters
- Tourist Books
- Scrap Books
