SUBJECT: Application for Commission in the Regular Service.

Captain Charles E. McGee, 0807103
607 N. Hickory Street
Champaign, Ill

TO:

1. The Secretary of the Army has directed me to inform you that it was not possible to act favorably on your application for a commission in the regular service and to express to you his appreciation of your tender of services.

2. Your competitive standing among the great many officers who applied for a regular commission was not sufficiently high to permit your appointment. In each appointment grade many thousands of temporary officers served with distinction during the War. The number of vacancies being limited obviously resulted in many men of high military merit being unavoidably omitted from the peacetime organization of the regular service. The Secretary of the Army wishes particularly that I emphasize your omission from the appointment lists has not been, and can never be considered an indication of lack of merit.

3. Your patriotism is evidenced both by your service during the War and by your desire to serve as an officer in the regular service. The fact that you were chosen as a leader in our great war Army should be a source of gratification to you, and will continue to serve as evidence of the importance of the service you rendered.

4. It is hoped that you will give careful consideration to your eligibility for service as an officer in one of the civilian components of the Armed Forces or for further active duty, as many officers will be needed during the period of occupation.

RESTRICTED
IN REPLY REFER TO:
AGSO-R 201
(21 July 46)

SUBJECT: Appointment in the Regular Army.

TO: Capt Charles E McGee, 807103

1. The processing and selection phases of the Regular Army Integration Program have been completed and practically all appointments authorized by Public Law 281, 79th Congress, 28 December 1945, have been made.

2. The number of applications received by the War Department greatly exceeded the number of appointments authorized by the above law. The successful candidates for appointment to commissions in the Regular Army were selected in conformity with the provisions of War Department Circular 392, 29 December 1945, and Public Law 281, 79th Congress.

3. Your standing among the large number of qualified applicants who applied for appointment in the Regular Army was not high enough to include you among the number authorized for selection for appointment at this time. However, having attained the required standards, your records are being retained by The Adjutant General for further consideration in connection with selections to be made for additional increments which have been authorized by legislation. Recent legislation permits an increase in the Regular Army officer strength from 25,000 to 50,000. It is not intended, however, that all of the 25,000 vacancies will be filled at one time. Your application will receive further consideration on a competitive basis, along with those of other individuals who have attained the required standards, and those submitted by individuals who have not heretofore made application for appointment in the Regular Army. The foregoing is furnished to give you the maximum amount of information feasible under present circumstances in regard to your application. You will understand, of course, it is impossible for the War Department at this time to make any commitment concerning a Regular Army commission in your case.

4. In order that your application may be given further consideration by the War Department, it is necessary that you execute the inclosed form, titled "Supplement to Application for Commission in the Regular Army", and return it in three (3) copies to The Adjutant General at the earliest practicable date. If you desire to change the Arm or Service of your first and second choice, you may do so by making the appropriate entry in the space provided on the inclosed supplementary form.

5. The Secretary of War has directed me to extend to you his sincere appreciation, on behalf of the entire Army, for your devoted service to our country, and to express the very great personal gratification he has derived from your interest in the Army.

BY ORDER OF THE SECRETARY OF WAR:

EDWARD F. WITSELL
Major General
The Adjutant General

IN REPLY REFER TO:
AGSO-R 201

SUBJECT: Appointment in the Regular Army

Paragraph 4 of the inclosed letter is rescinded and the following substituted therefor:

"In order that your application may be given further consideration by the War Department, it is necessary that you execute the inclosed form, titled "Application or Supplemental Information for Commission in the Regular Army" and return it in two (2) copies to the Theater or Army Commander within whose area you reside or are stationed at the earliest practicable date. If you desire to change the Arm or Service of your first and second choice, you may do so by making the appropriate entry in the space provided on the inclosed supplementary form.
