Health Pioneering in the 80’s

Health Pioneering in the 80’s
June 9, 10, 11, 12 • 1983
Denver, Colorado
Conference Overview—Health Pioneering in the 80’s

The following are some of the themes to be addressed at the conference:

Gay Health
Lesbian Health Issues
Lesbian and Gay Aging: Realities and Challenges
The Health Needs of Lesbian/Gay Youth
Guidelines for Healthy Gay Male Sexual Activity
Counseling and Therapy Issues
Alcoholism Services
Addiction and Pregnancy
Coming Out Professionally
The Impact of AIDS on Gay Male Sexuality
Creating a Gay Community Service Center
Food Addiction and Sexuality
Racism in the Lesbian and Gay Community
Chemical Dependency in the Lesbian/Gay Community
Sexually Transmitted Diseases
Stress Reduction and Relaxation Techniques
Health and Politics
Hepatitis B Vaccination Strategies
Stages of Gay Male Relationships
Artificial Insemination
Alcohol Abuse amongst Lesbians and Gay Men
Relationships and Intimacy
Alcoholism and Incest
Cultural Update on AIDS
The Ideal Women’s Therapy Program
Organizing and Networking

KEYNOTE SPEAKERS

KAREN CLARK, Minnesota state legislator; co-founder Minneapolis Medical Committee for Human Rights, Women’s Counseling Services, Westside People’s Health Center. Ms. Clark serves on various house committee (Health and welfare) and has fought continuously for the basic human rights of Native American Indians, Blacks, Women, and Lesbians and Gays in Minnesota. She has been involved in numerous political organizations and will speak on “Gay and Lesbian Health, A Political Issue.”

JEROME PERLINSKI, Secretary General of the International Telhad Foundation, author of HOPE: A Four Letter Action Verb. Auster Passions (discussions on personal transition to a global age in politics, economics and art).

VIRGINIA M. APULZU, former Assistant Commissioner for Operations, New York City Department of Health, Coordinator, National Gay Task Force effort to obtain a Gay Rights plank in the Democratic Party, Executive Director of the National Gay Task Force. Ms. Apulzou will address “Health Pioneering in the 80’s.”

SECOND NATIONAL FORUM ON AIDS:
One of the most salutary aspects of the first National Health AIDS Forum was its focus on a dialogue of decision maker and the consumer (the care provider). The Second National Health AIDS Forum will emphasize along with that of long range planning.

The AIDS forum is specifically designed for those currently involved and contemporary with AIDS issues.

Participants will actively be involved in dealing with the enhancement of the AIDS education, political, socio-cultural, and patient care skills.

The following is a tentative list of workshop topics planned for the forum:

AIDS Medical Update: "State of the Art"
Public Politics
Examination of Epidemiology
Infection Control and AIDS Reduction
Guidelines
Meeting Patient Needs
AIDS Network Development
Policy Strategies
Creating Positive Changes in Sexual Morals
If you wish to attend the forum, check the registration form. Further information will be sent as it becomes available.

AAPPRI MEDICAL SYMPOSIUM
The American Association of Physicians for Human Rights will be conducting a symposium in conjunction with the health conference and the AIDS Forum. The Symposium will occur over Thursday, Friday and Saturday and will encompass 12 hours of formal and panel presentations. Topics to be covered include the current state of medical and scientific knowledge about AIDS, Hepatitis B and the safety and efficacy of the recently introduced vaccine; Sexually Transmitted Diseases, risk reduction and sexual ethics, aspects of gay coupling, and issues in lesbian health care. C.M.E. Credit has been applied for. The Annual meeting of the AAPPRI membership will occur Saturday evening after the Symposium. Please check the appropriate box on the registration form to receive further information (details on schedule, speakers, additional registration costs) for the symposium.

Registration

PHONE (day) ADDRESS

REGISTRATION FEES (covers the cost of attending all workshops and the Second National AIDS Forum.)
$150.00 Regular (before May 8, 1983)
$125.00 Deferred $25 (before May 8, 1983) Send Proof of Full-time student status
DEDUCT $10 FROM REGISTRATION FEE IF YOU STAY AT THE EXECUTIVE TOWER INN.
125.00 ADDITIONAL CHARGE IF attending the Annual BanquetMeeting of the American Association of Physicians for Human Rights (SATURDAY EVENING)
I would like to attend the noon luncheon on Friday, June 10. Entertainment will be provided. Open to all conference participants. Additional $11.00.

Total Registration fee enclosed. Make check or money order payable to N.G.H.E.F. Inc. or The Health Fund.

CONFERENCE INFORMATION
1. I will be attending the Second National Forum on AIDS. Please send me additional information.
2. I will be attending the Third National Health Conference workshops. Health Pioneering in the 80’s.
3. I will be attending the MEDICAL SYMPOSIUM of the American Association of Physicians for Human Rights. Please send me information about AAPPRI membership as it becomes available.
4. I am interested in C.M.E. or C.E. Credit should it be available. (The cost of such credit is not included in the Registration Fee. Please send me further information as it becomes available.)
AIDS AFFECTS US ALL

THE IMPACT OF HIV INFECTION AND DISEASE ON HEALTH CARE DELIVERY AND THE COMMUNITY

SATURDAY, JUNE 27, 1987

SAN FRANCISCO MEDICAL SOCIETY AUDITORIUM
250 MASONIC AVENUE
SAN FRANCISCO, CALIFORNIA

CO-SPONSORS
*BAY AREA PHYSICIANS FOR HUMAN RIGHTS
*SAN FRANCISCO MEDICAL SOCIETY
*AMERICAN ASSOCIATION OF PHYSICIANS FOR HUMAN RIGHTS
AIDS AFFECTS US ALL

This full-day Symposium will address the ways in which AIDS has affected us. We as individuals, health care providers and a community have been drastically changed. Topics discussed will include changes in the gay and substance abuse communities, in health care delivery systems, in the individual practitioner and in persons with HIV illness. Additionally, the latest advances in treatment of viral, immunologic, opportunistic infection and oncologic diseases, as reported at the International AIDS Symposium, in Washington DC, will be summarized.

In addition to the presentations by experts in the field, there will be panel discussions and ample opportunity for questions from participants.

“CANCER AND AIDS”

AIDS is a life threatening condition characterized by a defect in the body’s immune system. Opportunistic diseases and cancer pose serious complications to AIDS. The incidence of AIDS and cancer related to AIDS is increasing dramatically and poses a serious public health problem. It is imperative that physicians and cancer specialists be aware of the management of AIDS and cancer. A distinguished faculty will share their experience with you in this three day symposium in San Francisco.

A THREE DAY COURSE FOR:

- Internists
- Radiation Oncologists
- Medical Oncologists
- Surgical Oncologists
- Pathologists
- Primary Care Physicians
- Oncology Nurses
- All Cancer Researchers

IN THE HISTORIC, OPULENT SHERATON-PALACE HOTEL

**Conference Goals** - Participants will have the opportunity to:

- Assess patient readiness for antiretroviral therapy and develop regimens with an appreciation for sequencing, drug interactions and toxicities.
- Understand the role of psychosocial, legal and cultural issues on the healthcare of HIV patients.
- Recognize the role of resistance testing in disease management and the evidence supporting it.
- Apply basics of assessment and management for physicians and nurses new to HIV care.
- Address the HIV patient's issues and concerns from a nursing, social services and peer advocate perspective.
- Appreciate the role of the paraprofessional in the comprehensive team approach to HIV care.
- Acknowledge how HIV differentially impacts women and how that affects their care.

</table>
(1) HIV 101 for MD’s & RN’s – Part I
   Cynthia Carmichael, MD
   • Transmission & risk reduction
   • Diagnosing primary HIV illness
   • Evaluating the seropositive patient

(2) Resistance Testing & Sequencing Therapy
   Jeffrey Burack, MD
   • Importance of resistance
   • Comparison of testing modalities
   • Using testing to plan therapy

(3) Legal Issues
   Jeff Selbin, JD
   • Return to work issues
   • What care providers need to know about benefits
   • Meeting permanency planning needs of families with HIV

(4) Nursing Care Management of HIV Patients
   Debra Wyatt-O’Neal, RN, MSN
   Grace Ricco-Pena, RN, MS
   • HIV care in the faith-based community
   • Psychosocial issues affecting HIV patients
   • Assessment of common complaints and symptom management

(5) Update on Women & HIV
   Ruth Greenblatt, MD
   • Local data from Womens Natural History Study
   • Cervical dysplasia
   • Other gynecologic complications

(6) Social and Occupational Post Exposure Prophylaxis
   Michelle Roland, MD
   Trisha Barrett, BSN, CIC, MBA
   • Nonoccupational post exposure prophylaxis
   • Occupational post exposure prophylaxis

(7) Positive Prevention: A Skills Building Workshop for Healthcare Workers
   Erica Monasterio, RN, FNP, MN
   • How to talk to your HIV+ patients about sexual risk
   • Good sex – safe sex
   • Superinfection
Session B - 3:00 – 4:30 P.M.

(8) HIV 101 for MD’s & RN’s – Part II
   Stephen O’Brien, MD
   - Antiretroviral therapy: what to start, when to start and when to switch
   - Side effects of antiretroviral therapy

(9) The Role of Peer Advocacy: Incorporating a New Team Member
   Paul Dalton; Debra Wyatt-O’Neal, RN, MSN
   Moderator: Margaret Giordano
   - Definitions and examples of peer advocacy
   - How to work with peer advocates
   - Peer advocacy resources in our community

(10) Complementary Therapies for HIV
    Misha Cohen, OMD, LAc
    Donna Odierna, MS, AHG
    - Chinese Medicine & HIV
    - Herbs and nutrition to support the immune system
    - Efficacy data and drug interactions

(11) HIV Update for Non-Medical Providers
    Bryanne Burdick
    Gwen Downs, RN, BSN, PHN
    - The latest on transmission and prevention
    - Basics of treatment
    - Disease progression

(12) Metabolic Complications in HIV
    Kathleen Clanon, MD, FACP
    - Fat redistribution
    - Diabetes
    - Osteoporosis

(13) Transgender Issues in HIV
    Barry Ress, NP
    - Social issues and resources for transgender patients affected with AIDS
    - Hormone therapies
    - Drug interactions between hormones and HIV treatment

(14) Mental Health & HIV
    Nannette Hancock, PhD, MFT
    - Special issues for the dual and triple diagnosed patient
    - Resistance and compliance issues affecting drug interactions
GENERAL INFORMATION

The Conference curriculum has been developed specifically to address the practical needs of care providers and to provide a venue for innovative problem solving across traditional institutional boundaries. Educational methods include didactic sessions, lively case discussions and small group problem solving. Participants attending this conference will have the opportunity to select workshops on a variety of specific medical and nursing issues in AIDS care according to individual educational needs.

Credit Information
This is an activity offered by Alta Bates Medical Center, a CMA accredited provider. Physicians attending this course may report up to 6.0 hours of Category 1 credits toward the California Medical Associations Certificate in Continuing Medical Education and the American Medical Association’s Physicians Recognition Award. The California Board of Registered Nursing recognizes CMA Category 1 credit as acceptable for equivalent CE credit towards nursing relicensure. The Board of Behavioral Sciences has approved Alta Bates Medical Center as a continuing education provider for LCSW’s and MFT’s.

Acknowledgments

Major Sponsors
We are very appreciative of the generous grants from these companies which have helped to make this conference possible: Abbott Laboratories; Agouron Pharmaceuticals, Inc.; Bristol-Myers Squibb; Dupont Pharmaceuticals, GlaxoSmithKline and Merck & Co., Inc.

Additional Sponsors
We gratefully acknowledge additional support for this conference from: Alza, Amgen, B.T.G. Pharmaceuticals, Bayer Diagnostics, CVS ProCare Pharmacy (Stadtlanders), Ortho Biotech, Ortho McNeil, Pfizer, Roche Laboratories, Roxane Laboratories, Schering Laboratories, Serono Laboratories, Unimed and ViroLogic.

Lodging and Transportation
The Medical Education Department at Alta Bates Medical Center can provide information on lodging and transportation, however participants will need to make their own arrangements. Please check the box on registration form or call (510) 204-1463.

Mills College Campus
This beautiful 135 acre campus provides a collegial atmosphere that encourages both tranquil thought and a stimulating exchange of ideas. The college setting will enable us to have lunch outdoors. Plan to dress casually and wear comfortable shoes.
