MEMO TO: Pistachio Work Group

FROM: Beth Teviotdale
   Extension Plant Pathologist

Just a reminder that we will meet on January 19, 1983 in Room 2124, Wickson Hall, at 8:30 a.m. We should be finished no later than 3 p.m., and I sincerely hope earlier than that.

Enclosed is a copy of each of the proposals submitted for FY83-84. Please come prepared to offer constructive criticism and comments. We need to decide how best to meet this responsibility in the future.

The accompanying agenda is somewhat tentative. If you have something you feel should be included, contact either Scott Johnson or me.

David promised to pick up the tab for this trip.
