PEOPLE with AIDS
PEOPLE with AIDS Related Condition NEED YOUR HELP!

TONIGHT ALL NIGHT
50 United Nations Plaza

Since Sunday October 27, people have been encamped at Bobbi Campbell Plaza (formerly 50 U.N. Plaza) to demand that the Federal Government commit one hour of its spending (about $500 million) to work on AIDS.

They are also demanding that PWARC's (people with AIDS related conditions) be considered eligible for disability payments. Many PWARC's are advised by their doctors not to work, but are not eligible for any disability payments.

The vigil needs food (particularly hot food at night), blankets, sweaters, and, most of all, people. Come for five minutes or spend the night. Drop in after the bars close. The more we are there the more we create an active community of resistance to the policy of calculated neglect, officially sanctioned ignorance, and destruction of human values.

OLD FEDERAL BLDG.
Since Sunday October 27, people have been encamped at Bobbi Campbell Plaza (formerly 50 U.N. Plaza) to demand that the Federal Government commit one hour of its spending (about $500 million) to work on AIDS.

They are also demanding that PWARC's (people with AIDS related conditions) be considered eligible for disability payments. Many PWARC's are advised by their doctors not to work, but are not eligible for any disability payments.

The vigil needs food (particularly hot food at night), blankets, sweaters, and, most of all, people. Come for five minutes or spend the night. Drop in after the bars close. The more we are there the more we create an active community of resistance to the policy of calculated neglect, officially sanctioned ignorance, and destruction of human values.
WHAT SERVICES DO WE PROVIDE?

Today, even while the vigil still remains a strong political statement, much of its focus has been directed towards meeting the educational needs of the community and providing free bleach, condoms & dental dams on a 24 hour basis. Being outdoors in a non-confrontational setting gives the client receiving services a feeling of trust. This in turn allows us to get to know our clients in a personal way so as to better assess their needs and provide the appropriate services and referrals. We can also provide on the spot non-professional counseling and, in extreme cases, emergency housing for people with HIV infection.

WHO DO WE SERVE?

Through the years, the vigil has worked hard to educate, enlighten and provide services to anyone who approaches our desk. But there are those of our clients who hold a special place in our hearts - the disenfranchised: those who for whatever reason fall between the cracks - the homeless, the active drug user, immigrants, runaway youths and prostitutes. These are just some of the many people we reach out to 24 hours a day and who come back because they know they can receive our services without fear of judgement.

HOW CAN I HELP?

To become a vigil volunteer or if you have any questions or comments call:

(415) 773-8899

This pamphlet is dedicated to the memory of John Belskus.
A BRIEF HISTORY

ON OCTOBER 27TH 1985 TWO PEOPLE CHAINED THEMSELVES TO THE DOORS OF THE FEDERAL BUILDING TO BRING TO LIGHT THE NEED FOR IMMEDIATE CHANGE IN THE WAY THAT OUR GOVERNMENT WAS (AND IN MANY WAYS STILL IS) DEALING WITH THE AIDS CRISIS. THEY SOON HAD MANY SUPPORTERS WHO CAME FROM ALL AROUND TO ASSURE THEIR SAFETY AND HELP MEET THEIR NEEDS AND SO BEGAN "THE VIGIL". THERE WERE FASTS, LETTERS, DEMONSTRATIONS, MEDIA INTEREST AND HUNDREDS OF ARRESTS. THERE WERE ALSO FOUR MORAL APPEALS OF THE VIGIL WHICH TODAY STILL REMAIN UNMET. THE WORDS HAVE CHANGED SOMewhat OVER THE YEARS BUT THE INTENT OF EACH STILL REMAINS THE SAME.

FOUR MORAL APPEALS OF THE ARC/AIDS VIGIL

1. WE APPEAL FOR A "MANHATTAN PROJECT" ON HIV, COORDINATED AND FUNDED TO TAKE ADVANTAGE OF ADVANCES MADE ANYWHERE IN THE WORLD. THE MAIN GOALS OF THIS PROJECT SHOULD BE TO FIND A CURE FOR HIV AND TO PREVENT THE SPREAD OF HIV THROUGH A NATIONAL EDUCATION AND PREVENTION PROGRAM REACHING EVERY AMERICAN. FUNDING OF THIS PROJECT SHOULD BE AT LEAST $3.5 BILLION IN F.Y. 1991 AND NOT BE TAKEN FROM EXISTING SOCIAL PROGRAMS.

2. WE APPEAL TO THE FEDERAL GOVERNMENT TO RECOGNIZE AIDS RELATED CONDITIONS (ARC) AND SYMPTOMATIC HIV INFECTION AS CRITICAL DIMENSIONS OF THE AIDS CRISIS AFFECTING VAST NUMBERS OF AMERICANS. WE CALL FOR AGGRESSIVE FEDERAL ACTION TO ENSURE THE PROMPT GRANTING OF SOCIAL SECURITY BENEFITS FOR THOSE ELIGIBLE AND IN NEED. WE CALL FOR AN AFFORDABLE AND ACCESSIBLE NATIONAL HEALTH CARE PLAN TO ENSURE THAT ANYONE WHO IS SICK CAN RECEIVE PROMPT TREATMENT.

3. WE APPEAL TO THE FDA TO IMMEDIATELY ALLOW AMERICAN PHYSICIANS TO PRESCRIBE MEDICINES AND TREATMENTS FOR ARC, AIDS AND SYMPTOMATIC HIV INFECTION AVAILABLE TO THEIR COLLEAGUES IN OTHER COUNTRIES AND TO INCREASE SUPPORT FOR PARALLEL TRACT TESTING OF EXPERIMENTAL TREATMENTS.

4. WE APPEAL TO PRESIDENT BUSH AND GOVERNMENT OFFICIALS AT ALL LEVELS TO PUBLICLY CONDEMN AIDS RELATED DISCRIMINATION AGAINST ALL RISK GROUPS, AND TO REPUDIATE INCITEMENTS OF FEAR AND HATRED WHICH EXPLOIT THIS TRAGIC EPIDEMIC.

WRITE TO PRESIDENT BUSH, 1600 PENNSYLVANIA AVENUE, WASHINGTON D.C. 20500.

A NATIONAL
DAY OF RECKONING ON AIDS:

On Monday October 28th people with AIDS and ARC from around the
country will be in Washington DC to demand a meeting with the
President. Their goal: to get the government to do MORE to win
the war against AIDS.
SHOW YOUR SUPPORT. Spend an hour or more at the Public Health
Service Building at UNITED NATIONS PLAZA in San Francisco.

★ SUNDAY October 27th--7:30 PM.
An OVERNIGHT VIGIL begins at UN PLAZA

7:30-8:30 PM
Hear Dr. Maggie Rubenstein, John Lorenzini (PWAA), John Wahl
Rev. Cecil Williams and singers Judy Fjell

8:30PM-till?
Discussions and music continue for ALL NIGHT VIGIL.

★ MONDAY October 28th 12 NOON: one hour rally

12 NOON-1 PM
Picket Public Health Service while people with AIDS seek to
meet the President. Join with Pat Norman (SF Health Dept.)
Dr. John Newmeyer (Haight Ashbury Free Clinic) Dr. Steve Morin
(UCSF) Dr. Bill Paul (SFSU) and those who care.

Our government must do MORE to WIN the war against AIDS
$60 million for MORE education/prevention
$55 million for MORE social services
$500 million for MORE research
This represents about ONE HOUR of federal spending in 1986.

ALL EVENTS AT UN PLAZA (AT MARKET STREET ACROSS FROM THE STRAND
THEATRE.) SEE YOU THERE!

San Francisco

ARC / AIDS Vigil
50 United Nations Plaza
San Francisco, CA. 94102
THE FOUR MORAL APPEALS

1. We appeal for a Federal Government commitment of $500 Million this year to find a cure for AIDS, NOT TO BE TAKEN FROM EXISTING SOCIAL FEDERAL PROGRAMS. This would amount to ONE HOUR of Federal Government spending!

2. We appeal for a Federal recognition of AIDS Related Conditions (ARC) as a critical dimension of the AIDS crisis affecting vast numbers of Americans. We call for proper funding for medical care and support for people with ARC, including such services as Medicare and Social Security Disability Insurance (SSDI).

3. We appeal to the FDA to immediately allow American physicians to prescribe medicines and treatments for ARC and AIDS that are available to their colleagues in other countries.

4. We appeal to President Reagan and government officials at all levels to publically condemn AIDS related discrimination against current risk groups, and to repudiate incitements of fear and hatred which exploit this tragic epidemic.

THURSDAY, MAY 29, 1986

The ARC / AIDS Vigil will begin a series of group discussions on the workings of the California Legislature. We will discuss several pieces of legislation currently in Senate and Assembly Committees. This legislation affects your future. Come and join us!

AT 7:00 PM
PROTECT YOUR RIGHTS

SENATE BILL NO. 1478
INTRODUCED BY SENATORS DOOLITTLE, MORGAN, NEILSON, ROYCE AND RUSSELL
COAUTHORS: ASSEMBLY MEMBERS BRADLEY AND LA FOLLETTE

A bad bill is one that requires RPR III testing to be an included requirement of the marriage license. It is particularly bad because it illustrates the extreme confusion over what the results of such testing really mean. In this bill a positive RPR III test result is given the same meaning as a positive syphilis test result — i.e. that the person is infectious and has a disease. Neither is a scientific result of the RPR III test. It further assumes that there would be an increased cost to the state by requiring such testing. Since the test does have a cost, the state’s money could be better put to use research or care than wasted in requirements which give no useful information.

NO. 1478

ASSEMBLY BILL NO. 4249
INTRODUCED BY ASSEMBLY MEMBERS -- VASCONCELOS AND AGNOS

An excellent bill which would promote Hospice care by including payment for such care into the Medi-Cal program. For most AIDS patients, the provision of acute hospital care alone is unnecessary, inappropriate, and not cost-effective. Community-based models of hospice care developed in San Francisco, coupled with periodic acute care, have been nationally recognized as more humane, appropriate and cost effective in the treatment of the terminally ill AIDS patient. Such inclusion would really save the state money in that Hospice care is less expensive than hospital care and would better serve the patient’s interests because of the more humane environment provided by Hospice care.

NO. 4249

SENATE BILL NO. 1545
INTRODUCED BY SENATOR LOEXIT

This is a bad bill in that it forces mandatory RPR III testing upon persons convicted of a broad range of crimes. Indeed, the issue of forced testing is sufficient by itself to generate a bad bill, but the bill is as far ranging in that it speaks of child molesters, prostitutes, vagrants, provokers, drunkards and other groups as deserving the same treatment under this law. It further goes on to define a letterer anyone who wanders upon the streets without apparent reason and who refuses to identify and account for their presence — a severe limitation of freedom.

NO. 1545

ASSEMBLY BILL NO. 4250
INTRODUCED BY: ASSEMBLY MEMBERS -- VASCONCELOS, PILANT, AGNOS, ARIAS, WILLIS BROWN, CALDERON, AND NAYLOR
COAUTHORS -- SENATORS DAVIS, STENGED, AND TOREZ.

An excellent bill is that it promotes the development of an AIDS vaccine by guaranteeing a $20 million purchase by the state of California of such a vaccine and increases the interest of drug companies in such development by partially limiting their liability. This bill is in need of support because there is strong opposition by the California Trial Lawyers Association. Their main objection is that they dislike the setting of this precedent of limitation of liability. It is generally thought that their real objection is the economic loss they would experience through missed opportunities of suits.
