Your Club’s Community Pride Plan: (Outline and give some details of what you plan to do.)

Two years ago we had no actual Community projects at all. In the past two years we have started a number of projects with the Community and plan to continue these: Monthly Paper Drive; Roadside Clean-up; Fountain Clean-Up; Porterville State Hospital; North Acres Convalescent Hospital.

We plan this coming year to see what else our club can do in the downtown city park beautification program.

What have people said about your Community Pride activity?

The co-owner of the paper believes we are doing a tremendous job with our members and numerous people have remarked about what an active club we have. We have received many compliments from our Float in the Parades and also from the serving at the Swedish Festival. The convalescent hospital have invited them back also.
Describe what you have done to publicize your 4-H Community Pride activity.

See following pages.

Pictures of the Community Pride activity. (Before and after pictures are good. Pictures of members at work on the project are interesting, too.)
