4-H at the Storytelling Festival

On Friday night, March 8 and Saturday, March 9, the Hi 4-H, Marine Biology, and Shelter Dog 4-H projects will be having their big fundraiser at the Mariposa County Arts Council Storytelling Festival. This event is being held at the Mariposa High School.

For the past five years, 4-H has provided food & drink, and child care services for the people attending this event. This fundraiser will be helping the Shelter Dog project members to purchase needed items for the SPCA, for the members of the Marine Biology project to go on their trip to San Francisco to visit different aquariums & the Marine Mammal Center, and for Hi 4-H to visit a college and go on a deep-sea fishing trip.

If you are attending the Mariposa County Arts Council Storytelling Festival, please come by the 4-H Food Booth and support these three 4-H projects.
