**BPM, Pop Band Head "O Week" Activities**

"The Back Porch Majority" will headline an Orientation Week concert Thursday evening in Campus Hall. Also appearing on the bill will be the West Coast Experimental Band.

The BPM were originally created to train replacements for their "older brother" group, The New Christy Minstrels. Their enthusiasm, however, led to the development of a unique personality and success in their own right.

The group has appeared on such shows as the Hollywood Palace, Shindig, Halltalloo, and the Tonight Show. They also have worked in top night spots including the Hungry i, The Thunderbird and The Nugget.

Their major occupation is college concerts, but they have been privileged to perform at the White House.

The six Majority members hail from all parts of the country, but have fused their different backgrounds into "one of the great groups in the business."

The West Coast Pop Art Experimental Band has been called a "sensuous combination of pop music, op art and drugless psychedelic experience... for total involvement of all the senses..."

This San Francisco-based group has headlined shows at the Avalon Ballroom, Hollywood Palladium and Shrine Exposition Hall.

Tickets for the concert are $1.25 for Irvine students and $2.50 for general admission. They may be purchased at the student activities office or at the door.

Also highlighting "O Week" activities will be the first varsity (Continued on Page 3)

Contributions
Increase Size of Loan Fund

The student emergency fund at the University of California, Irvine, took a $4,600 jump during 1966-67, as a result of sizeable contributions from community service and philanthropic organizations. Administered through the UCI financial aid office, the revolving loan fund is designed to provide students with interest free, short-term emergency funds. The fund now totals $7,800, including $4,600 in contributions during 1966-67.

Major contributors during the past year included the Assistance League of Newport Beach to the George Lind Memorial Fund, Cal Psi national fraternity, Kappa Kappa Gamma, Kappa Nu, Lambda Chi Alpha, Phi Delta Kappa, Phi Delta Theta, Pi Kappa Alpha, Phi Gamma Delta, Phi Kappa Sigma, Phi Sigma Kappa, Phi Sigma Nu, Sigma Nu, Sigma Phi Epsilon, Sigma Tau, and Sigma Zeta. Other loan funds at Irvine include the Children's Theater Guild of Newport Beach, National Panhellenic Association, Panhellenic Association of Newport Harbor, Paul Manti Memorial Fund and Stoogers Loan Fund.

Dean of Students Robert Lawrence, who made the announcement, stated that while the emergency loan fund is not as basic a financial aid as scholarships or long-term government loans, it is still an important stop-gap fund which enables students to get out of short-term financial difficulties.

UCI students used the loan funds on 267 separate occasions last year, borrowing more than $18,000 in the process. Schedules call for long repayment in 90 days, or 90 days, depending upon individual circumstances. Loans generally are limited to $100 or less.

**UNIVERSITY STUDIES**
- Open to new freshmen only.

**Week Tours**

New UCI students have been invited by head librarian John Hoit to visit the University Library during Orientation Week.

Two days of tours have been specially planned for students who wish to investigate the library, its functions, services and facilities thoroughly.

Professors and teaching assistants will lead groups of students Tuesday from 1:30 to 4:30 p.m. and Friday from 10 a.m. to 1:00 p.m.

A special exhibit, entitled "Know Your Library," has been arranged by library staff member Jane Kimball. The display, which illustrates procedures for getting library materials, is located in the main library lobby and will remain there through October.

Accommodations for 72,000 additional volumes were added to the library this summer; consequently the number of tables, chairs and study booths has been reduced. In addition, the use of library by students from local colleges and schools has limited the number of facilities available to UCI students.

Because of these overcrowded conditions, a new policy has been included in library procedures. Visiting students will be required to show registration cards at the turnstile before being admitted in to the library.

We tell students that the best way to get ahead in this world is to stay put.

Stay in school, complete your education. This is the way to a good job and all the rewards that come with it (and we don't mean just the financial ones). That is the message we put across whenever we go to high schools and counsel students on their careers.

Why do we do this?
We realize that the greatest natural resource any country can have is its young people.

From their ranks will emerge our future leaders. So by helping them now, everybody (including us) will benefit later.

We believe that our career-counseling sessions, and the scholarships, fellowships and college grants we provide, are encouraging more young people to complete their education.

Standard Oil is trying to help young people discover more about themselves... and the world they live in.
