Student Body Ratifies
ASUCI Constitution

The Student Finance Committee is almost out of power. Elected representatives are on the way.

The ASUCI constitution was ratified in last week's election when 1133 students cast votes on the issue. Approximately 76 per cent of the vote cast was in favor of the revised constitution. Eight hundred and forty-six students voted in favor of the constitution and 272 voted against it.

The constitution ratified last Thursday and Friday was the second draft of a constitution voted by the student body last spring. In last year's election 54 per cent of the student body voted for ratification of the first constitution. However, 606 per cent of the vote was required for ratification.

Main amended portions of the first constitution deal with the eligibility of Supreme Court Justices. In the ratified constitution students are eligible for the position of Supreme Court Justice if they have attained the status of sophomore. Whereas in the first constitution, students must rank as juniors to serve as Justices.

In addition to this change the first constitution stated that students must maintain a 2.5 grade average to be eligible as a Supreme Court Justice. Students may now serve as a Supreme Court Justice if they maintain a 3.0 grade average under the new constitution.

Elections of officers for the new government will take place the third week of the winter quarter. Petitions for the newly created offices will be available at the first of the winter quarter.

Brown Says "We'll Fight Tuition"
In Final Address to Regents

"I do hope you will fight any tuition within the University. This state can afford to put money into its greatest natural resource . . . the youth of the state."

These comments were made by Governor Edmund G. Brown as he addressed his last meeting of the Regents of the University of California, Friday, at UCLA. Having presided as the President of the Board for nearly a decade, Brown will be replaced by governor-elect Ronald Reagan at the next Regent's meeting in January.

Brown pointed out statistics which indicate that many young people do not go to college because they cannot or do not want to place the burden of expenses on their parents. Additional tuition for this University would further eliminate eligible students.

To the governor, "We've managed to do without it up to now, and we can keep on going without it."

Offering a second suggestion to the Regents, Brown pleaded that state funds which will come from Long Beach Tidelands Oil rights held for University use and for higher education within California. By protecting those funds for the use of education, Brown noted that the number of bond issues and state grants which will be needed for the University and other state schools will be cut down.

The Governor commended the Regents for their "devotion" to the Board during the last decade. "As I look back over the last eight years, I am impressed by the complete dedication of every one of the Regents.

"I have worked on many boards during my term in office, but none has had the devotion that members of this board have had."

In his report to the group, President of the University, Clark Kerr asked for action on a resolution that Regents "pay tribute to the long and honorable service he (Brown) has given to education in California, and in particular, to the University."

The resolution lauded Brown for his "firm and dedicated leadership . . . his wisdom, humor, compassion and statesmanship" which have allowed the University to thrive and expand under his administration.

SAC Bites the Dust

The Student Autonomy Committee (SAC), which has had opposed the proposed constitution on three premises, will not hold its autonomous election since the constitution was ratified.

SAC had proposed an autonomous vote on a new constitution to be held tomorrow and Wednesday. The new constitution, unlike the one-in-effect, would not have been subordinate to the Regents and Chancellor.

Because the committee has not met since passage of the constitution, there is no official statement from the group as a whole; but some committee members had reactions.

Ken Frye, a SAC member, felt that now that the constitution has been passed, the autonomous government issue should be dropped.

Another member, Glen Fliez, who wrote in the Anhull against the proposed constitution, felt that SAC may not recognize the constitution.
Service Clubs Perform Services

Alpha Phi Omega Frat Plans Future Projects

Alpha Phi Omega, the men's service fraternity at UCI, is involved in a variety of activities. Beginning "O" week, APO handled details for the Chad and Jeremy concert. They have collected for the Christie Christensen Fund, worked at the Open House, manned the constitution information booth in Gateway Plaza, and cooperated with Circle K and Tamandoa in sponsoring a Halloween visit for children involved in the UCICA program and a group of children at Fairview State Hospital.

In addition to service to UCI, Alpha Phi Omega has made contributions to Orange Coast College. APO donates a beautiful, childwise umbrella to OCC on Halloween in a simple, informal ceremony late that night. APO members left Friday for a weekend sectional conference of APO chapters in Southern California. The conference was held in San Luis Obispo. A trip to the Colorado River has been planned by APO members for the Thanksgiving vacation. Plans are now being made for a Christmas vacation in Mexico and an Easter holiday on Catalina.

Future plans call for several fund raising events and a benefit, "O" week, with a big-name vocal group next quarter. Alpha Phi Omega now sponsors a car pool service and is considering a book exchange to counter the increasing cost of textbooks.

Now in its second year, Alpha Phi Omega recently obtained a national charter. Permanent officers have been elected for the year: Bill Singer, president; Ron Robbings, first vice-president; Lee Oldenbrook, second vice-president; Carl Reinhart, secretary; Steve Wehner, treasurer; and Paul Reed, historian. APO now numbers 26 members and will begin accepting new applicants at the same time in December. For further information write Alpha Phi Omega, Box 1, 1014 Commons, Irvine, California.

Tamandoa

Tamandoa is the first women's service club to be established at UCI. The club began last year during the winter quarter and has now increased its membership from the few charter members to 50.

Tamandoa sponsored the fashion show during "O" week and performed services at the Chancellor's Inauguration, the Convocation and President Clark Kerr's visit. Tamandoa joined with Circle K and Alpha Phi Omega in supporting the local Head Start Program, and distributed candy to the children in the UCICA program. All three service clubs worked on this project.

Tamandoa sponsored the fashion show during "O" week, served on a community committee on Halloween to the UCICA children and patients at Fairview State Hospital. Plans for the future include a possible cooperation with the Peace Corps. The project would involve the building of a school house in Africa, Asia or Latin America.

Circle K and Tamandoa will co-sponsor the UCI Winter Formal, January 27 at the Newporter Inn. Tamandoa is led by Win- dy Fogwill, president and advisor, Mrs. Susie Cohen and Mrs. Sheila Davis.

JOINT PARTY — Tamandoa, Circle K and Alpha Phi Omega joined in a Halloween party. That night an ant- eater was donated to Orange Coast College.

Circle K Participates In Activities

Circle K is the largest college organization in existence. There are over 710 clubs throughout the United States and Canada. Circle K is a men's service organization at UCI affiliated with Kiwanis Clubs.

Circle K contributed $100 to the Christie Christensen Fund, assisted in the local Head Start Program, checked shoes at the Op Dance and distributed candy to the children involved in the UCICA program and a group of patients at Fairview State Hospital.

The club is now in charge of the Library-Administration Building bulletin board. Future activities include the sale of yearbook covers, outings to the UCI Varsity Basket Drive for needy families, the UCI Winter Formal, January 27, and the co-sponsorship of an evening of light entertainment at the Los Angeles Sports Arena in February.

The Circle K club at UCI is headed by John Carlisle, president; Alan Albright, vice- president and Les Badin, secretary. Dan Rogers is the faculty advisor and the Kiwanis Clubs of North Santa Ana and Newport Beach are the sponsoring clubs.

CK Sports Drive

The Circle K Club of Irvine will sponsor an all-campus Christmas Basket Drive for needy families within the local area. "Hunger and want are at their very serious problems. We of Circle K wish to reduce these conditions by conducting a Christmas Basket Drive each year, which will grow as the campus enrollment increases."

The campus drive will take place from Monday, November 21 to Friday, December 2. It is hoped by club members that students will take advantage of the Thanksgiving holiday to bring canned food, gifts and clothing from home.

Residence halls, apartments or organizations that wish to provide a family may contact Glenn Kagiayama at 833-6975 (late evenings) for further information. He will assign a family to the group and specify needs, clothing sizes and other pertinent information.

Your Invitation to Join Orange County's Exciting College Religious Discussion Group

next meeting, each Sunday night 5:45 pm at Grove Community Church, 15341 Lewis Street, Garden Grove.

THIS SUNDAY NIGHT

Mathews Chacko, an Indian student at Southern California College, will speak on "What it Means to be a Christian" November Church 9:30 & 11:15 Robert Schuller Pastor

3rd Prize College Contest!
Congratulations to Thom Anable, UCLA Senior

Did you know everything King Midas touched turned to gold?

So? It's better if you go to Security Bank for money.

Why's that, Fred?

Well, it makes it a lot safer shaking hands.

Our message:

You think Midas had problems?

MEET DENNIS BARR.
He read all these texts the first 15 days of the semester, with excellent comprehension...and, HE STILL HAD TIME FOR A NIGHT OUT WITH THE BOYS.

STUDY PROBLEMS?

GRADES HURTING?
If so, you've got plenty of company. Dennis Barr solved this very neatly. He took the Evelyn Wood Reading Dynamics course.

SPEED READING IS THE KEY!
If your grades are suffering, it's because you have a reading problem. Most of us read at an average rate of 300 words a minute, with only average comprehension! Average just isn't good enough to keep up with today's college demands.

Reading Dynamics absolutely guarantees to teach you how to read at least three times faster, with excellent comprehension or refund your entire tuition! Special attention is given to developing study skills.

Actually, most of our graduates read over 1500 words a minute without sacrificing comprehension or pleasure after just eight weekly lessons. Dennis Barr, by the way, does over 3000 words a minute.

ABOUT OUR GUARANTEE!
Based on beginning and ending tests, measuring speed and comprehension, only 2.1% of our students have qualified for a tuition refund. Reason? Our system is simple. Our method works and so do our teachers!

Reading dynamics teaches you not only how to read faster, but how to study, how to recall what you read, how to do your homework! And, still have time for social activities.

WHERE IS RDI?
There are six conveniently located schools in the Los Angeles area. One certainly near you. We have day, night and Saturday classes. For a quick demonstration of how easy it is to keep up with and get ahead of the reading you must do, call us today!

Incidentally, we are looking for qualified campus representatives. If interested, phone or write, Mrs. Janay Pelletier, Registrar, at:
