THE DISTINGUISHED FLYING CROSS
(SECOND OAK LEAF CLUSTER)

TO

CHARLES E. MCGEE

Lieutenant Colonel Charles E. McGee distinguished himself by extraordinary achievement while participating in aerial flight as an RF-4C Aircraft Commander over classified targets in Southeast Asia on 25 January 1968. On that date, Colonel McGee was especially chosen to fly a top priority day reconnaissance mission in a high threat target area. The superior airmanship of Colonel McGee enabled him to completely cover his target and through his outstanding professionalism, valuable intelligence on hostile force disposition was obtained. The professional competence, aerial skill, and devotion to duty displayed by Colonel McGee reflects great credit upon himself and the United States Air Force.

It was reported to me by Lt Ross that rooms 3 and 4 (front building) and rooms 15, 16, and 23 (rear building) at the AF billet, 138 Nguyen Hue, were without air conditioners upon completion of the on-base move by the 16 TFS. Ever since the Tet Offensive, a number of air conditioners (AC's) have been inoperative and several rooms not used due to condition of the rooms and the working of the AC's. As officers returned to the billet following the offensive and as others departed upon tour completion and officers remaining moved to better rooms, there was constant moving of AC's to replace inoperative ones and also to have them repaired. I have never been made aware of the number of Air Force AC's authorized and in place at the billet. During my tenure, the assigned officers monitoring room assignments and building maintenance handled the maintenance and repair calls. The most recent were Major Heist followed by Lieutenant Jones. I am not aware of them taking inventory or signing for the property. I, personally, did not keep a tally on room assignments or property movement. The AC that was in the ante room of room 2, front building, the commander's room, was removed to replace a defective one in one of the upstairs rooms. The defective one sat on the back stoop and was moved with other squadron equipment to the base. I had this AC returned to San's but I have no information on what location it was placed. Other than Lt Ross' report, I have no knowledge of the air conditioners in question.

SUBJECT:
Office Assignment - LtCol Charles E. McGee, 0R51799 (Your Ltr, 11Apr68)

TO:
CINCPACAF (DPOH)

1. USAF has been queried concerning the ALO assignment of Lt Col McGee. He is applied against a critical requirement which calls for 100% manning. The tour length is not defined, only because selections are usually made from crew positions. The tour length could be as long as three years.

2. With USAF ALO manning projected to be 72% by September 1968, we cannot favorably consider LtCol McGee’s request for an assignment change.

3. Humanitarian considerations falling under the purview of AFM 36-11 should be submitted as soon as possible.

CAPT  HICKER, EDWARD C., JR, FY31236481  16 Tac Recon Sq  TOP SECRET - F
FROM: 16 TRS (C) 26 March 1968

SUBJECT: Reconsideration for COT

TO: 377 CSG (BDPMC)

1. Request reconsideration of my volunteer COT status.

2. I desire CONUS assignment with preference for assignment to the Pentagon, Washington, D. C. or alternate Bergstrom AFB, Texas.

3. Reasons for requesting reconsideration are:

   a. Results of last promotion list indicate the requirement to obtain a degree. I have twice been turned down for Bootstrap, so night study is the alternative for me.

   b. After acceptance of overseas assignment area, I have been informed that the ALO tour is only one year. This will require a move and schooling disruption for my dependent daughter. I desire a three year stable tour.

   c. My father's health has worsened in the last two months and being in closer proximity is of humanitarian interest.

SUBJECT: Graduate Review of Course 210
         Maintenance Management Information Systems

TO: LtCol Charles E. McGee

1. The School of Systems and Logistics, Air Force Institute of Technology, has been conducting Course 210, Maintenance Management Information Systems, for more than three years. We feel that enough time has passed, and enough people have attended the course, to permit a review based upon your current evaluation.

2. We ask that you respond to the attached questionnaire to assist in this review. It will take less than an hour of your time, and some recollection and evaluation, but will provide information of great value to us. We will appreciate your effort and you may rest assured the questionnaire will not leave the school. Your identity on the last page will be appreciated but is NOT required.

3. Hq USAF has approved the use of this survey and has assigned it the following official Reports Control Symbol: RCS: HAF-T133 (OT).

4. May we ask that you return the completed questionnaire in the inclosed addressed envelope so it arrives here by 15 November 1967.

SUBJECT: Terminal TDX - Bootstrap - PCS Enroute

TO: 377CSG (EPS-E)

1. In accordance with paragraph 4-2, Chapter 4, AFM 213-1, with the exception outlined in paragraph 5 below, it is requested that I be authorized Terminal TDX, enroute PCS from SEA, for a period of twenty-five (25) weeks. The following personal information is provided in support of this request:

   a. Charles E. McGee
   b. LtCol., USAF
   c. PR 57799
   d. Entry on current tour of active duty: 30 June 1963.
   e. Status: Regular
   f. AFSC's: Primary 1325F; Secondaries 0026, 11152, 4316, 19452, 0046 and 1416.
   g. FSSD: Current DEROS is 24 May 68.
   h. Aeronautical Rating: Command Pilot, Code 1N.

2. Academic and TDX Information:
   a. University of Omaha, Omaha, Nebraska.
   b. Bachelor's degree.
   c. Major Field: Physical Education; Minor Fields: Engineering and Military Science.
   d. Twenty-Four (24) semester and quarter hours to be completed.
   f. Request twenty-five (25) weeks TDX enroute PCS from SEA. Estimated travel time required will depend on PCS assignment upon completion of current SEA tour. DEROS is 24 May 1968. If assignment is state side, leave address will be 5231 Lawn Ave., Kansas City, Mo. Travel time from there is one day. The period from Aug 17, 1968 to Sep 16, 1968 will be covered by ordinary leave.
3. I have read Chapter 4, AFM 213-1, including attachments. I understand and accept the active duty commitment of not less than 72 weeks following termination of the TDY period and I will comply with paragraph 4.5a, AFM 213-1, if this request is approved. I am also aware that the TDY, if approved, will be permissive, and that I will receive no allowances to cover academic or travel costs, including shipment or storage of personal effects, arriving from the TDY. Allowances would be in accordance with the current provisions of AFM 177-105.

4. If application is approved, I will so inform the institution and indicate the specific dates for which I plan to enroll; I will also attempt to pre-register for the courses which the institution has stated that I need to complete my program. Sixty days advance notice is desired. (See Atch 3).

5. Waiver of time in service, rule 3D, Table 4-2, is requested in order that I comply with US Air Force policy that each officer obtain at least a baccalaureate degree. I do not contemplate early retirement. The University of Omaha is offering the opportunity for me to complete the course of study in Physical Education that I terminated at the University of Illinois upon entry into the Aviation Cadet Corp in 1942. This field of study with emphasis on health, safety and recreation has contributed broadly to my interest in and ability to work with people. This fact, I believe, has contributed to my stature as an Air Force Officer. Throughout my years of service, I have worked extensively in base and community youth activities particularly with the Boy Scouts of America. My interest in youth activities has been related to standards of physical fitness and citizenship qualities. Application of these standards and the study during my service years in engineering and military science has contributed to my overall knowledge and the manner of my duty as an Air Force Officer. My application dated 1 Oct 65 for TDY in 1966 was not accepted due to the Air Defense Command's pending reorganization and policy regarding rated officer school applications. Approval of the waiver of the time rule will reflect favorably toward compliance with the Air Force Officer Education Policy.

6. Waiver of PACAF Supplement 1, paragraph 4.2e (3), AFM 213-1, submission of application early in the eighth month before rotating, is required. Application was prepared to be submitted at time of forecast and it was then that the PACAF requirement was known.

7. I realize that the qualifications developed through this education may, at the discretion of the Air Force, lead to reclassification or a directed duty assignment. I accept this possibility as a condition of my request.

RECORD OF EMERGENCY DATA
Subject: Career Facts—McGee, Charles E., FR51799

To: President
RegAF Colonel Selection Board
USAFMPC (APFMJBL)
Randolph AFB, Texas 78148

1. Under the provisions of Section 8297(e), Title 10, USC, request the following facts be considered in the selection board review:

   a. To meet current Air Force policy, I have qualified myself for a degree under Operation Bootstrap. See attachment 1, extract from AF Form 186, Individual Record-Education Services Program.

      (1) My 1 Oct 65 application letter for Jan 66 entry was not forwarded by my supervisor because my service was desired during the period of ADC reorganization of Air Divisions to Air Forces.

      (2) After the reorganization effected 1 Apr 66, the Air Defense Command issued a personnel policy indicating that officer shortages precluded favorable consideration of school applications. My request for Sept entry was withheld.

      (3) Receipt of orders for extended TDY prior to SEA assignment forstalled application for Jan 67 entry. It is my intention to apply for study upon completion of the SEA tour.

   b. I am furthering my professional education by taking the Air War College course through the correspondence program.

      (1) Volume II has been successfully completed. See attachment 2, letter, AWC Correspondence Branch, 15 Jul 66.

      (2) Volume III has been completed except for the written requirement. My enrollment is being held in abeyance due to current TDY. See attachment 3, AWC letter dated 6 Dec 66. It is my intention to complete the study as soon as duty permits.

   c. I have successfully completed the RF–4C Aircrew Familiarization Course, OFF1325Z–1 and the RF–4C Tactical Reconnaissance Course, 132105F–N/M. See attachment 4, certificate of training.
2. I believe the facts cited reflect on my career capabilities in relation to my contemporaries and were not available for Temporary Colonel Selection Board review. Those cited in paragraph 1a and 1b, to my knowledge, have not been commented upon by reporting or indorsing officials in performance reports rendered. I am informed that those cited in paragraph 1c will be properly recorded in my records when I report to my end assignment at the completion of TDY training.

Dear Colonel McGee,

Your paper, submitted as the written requirement for Volume II, has been reviewed and evaluated as excellent.

We are especially pleased with the thorough manner in which you documented your work. This becomes increasingly important as the course progresses in pinning down your thoughts and in limiting your expression on paper to the exact facets of your own thought development.

You have a good writing style, and your train of thought is easily followed. It was a pleasure to read a paper so well organized and written, and you have our congratulations for a good piece of work.

All in all, we are pleased with your progress to date and look forward to your treatment of the next problem.
