Laying a Foundation

I. My Personal History and Experience with Dreams & Visions.

- A. *Baptized in the Holy Spirit - 8th Grade. (1970)*
- B. *First Dream that I knew was from God - Summer 1972.*
- C. *First open Vision - Summer 1972.*
- D. *Second open Vision - Summer 1973.*
- E. *Dreams & Visions started happening regularly, even though I didn't understand them. (Job 33)*
- F. *When I entered the ministry in 1979 - Dreams & Visions exploded in number and intensity.*
- G. *1987 - I started to learn how to interpret Dreams.*
- H. *1995 - First dream about a church in Minnesota. (Last portion of the dream is starting to Come to pass this year. (2008)*
- I. *May, 2003 - Open vision. In it was information concerning moving to Minnesota.*
- J. *August, 2003 - The move to Minnesota was now certain. It would be orchestrated through Dreams. (Various dreams were given via family members.)*
- K. *November, 2003 - A dream that told us when we would make the physical move to MN. It gave About a 5 day window of timing.*
- L. *February, 2004 - Final selling price of house in CO, and moving details were given.*
- M. *Presently - Continual & On going Dreams & Visions. (It flows like a language)*

II. Dreams & Visions are a Last-Days Language.

- A. *Job 33:14-15 - They are a Language.*
 1. *God uses many languages. Each one listed below will speak/communicate a certain way:
- Audio: Prophet, Teacher, Evangelist, Apostle, Pastor. (They each speak their own language)
: Tongues, Prophecy, Interpretation of Tongues, Faith, Trust, Hope, Intercession, Praise, Worship, Edification, Exhortation, etc.*
 - *Visual: Visions, Dreams, Imagination, Physical Representations. (Abraham & Stars)*
 - *Kinesthetic: Presence, Worship, Praise, Embrace, Anointing, Glory, Peace, Leading, Conviction, Uncion, Comfort, Encouragement, Stillness, etc.*
- B. *Joel 2:28-29; Acts 2:16-18.*
 1. *Anything we do for God has to be done by faith. (II Cor. 5:7; Hebrews 11) Since D & V are a last days language, it must flow from faith. In Luke 18:8, Jesus was concerned that when he returned he would find faith on the earth. So this is something we need to learn to grow in and operate via faith. Flowing in D & V is an awesome thing.*
 2. *As we are growing and maturing, there is always the challenge of not getting flakey. We want to stay scriptural, Godly, and credible.*
 3. *Dreams and Visions are for every believer. (Acts 2:16-18)*

C. Avoiding Flakiness.

1. *My definition of Flakiness is when we're trying to be something we're not. Acting a role that isn't real. Pretending. Self-exalting.*
2. *Some examples of what I'm talking about.*
 - a. *Making ourselves to be super-spiritual.*
 - b. *Making ourselves out to know it all.*
 - c. *Becoming everyone's seer.*
 - d. *Looking for attention/approval through D & V's.*
 - e. *Looking for position through D & V's.*
 - f. *Those kinds of things. (Etc., Etc.)*

D. How to Avoid Flakiness.

1. *Stay Honest. Don't get into making things up or exaggeration.*
2. *Keep Quiet. Don't broadcast every little thing you think God may be showing you. Keep it to yourself until it is necessary to reveal.*
3. *Guard against Pride and Arrogance.*
4. *This is not a competition to see who God will flow through the most.*
5. *Realize that you are not more spiritual if you have a dream or a vision.*
6. *Typically we need to disregard dreams or visions that are only bits/pieces/confusing/etc.*
7. *Remember, it's FOR you, but it's not all ABOUT you.*

III. Dreams and Visions flow under the Prophetic Gift and Anointing.

A. Number 12:6-8; Acts 2:17-18.

B. It is a language of the Holy Spirit for the last days. According to I Cor. 2:6-16, the work of the Holy Spirit is to reveal the wisdom of God to us. So this language will flow in Revelation.

C. D & V's are Revelatory. They bring Revelation.

D. Dreams & Visions are very picturesque.

1. **Dreams.**
 - a. *Many types, symbols, pictures, very metaphorical.*
2. **Visions.**
 - a. *Also uses pictures, but it is much more direct and straight forward. Less interpretation is needed.*

E. Why would God speak this way?

1. *It is the Glory of God to conceal a matter. It is the Glory of a king to seek it out. (Prov. 25:2)*

2. *God is looking for/Testing for Kingship Qualities in us.*
 - a. *Exodus 16:4, 20:20; Deuteronomy 8:2,16; Judges 2:21-22, 3:1-4.*
 - b. *John 6:6; II Corinthians 2:9, 8:8, 13:5-7.*
3. *In many ways, D & V's, (esp. dreams) are like parables.*
 - a. *Dreams can resemble and flow in a similar language as parables.*
 - b. *Remember in the New Covenant, we have also been given a much clearer communication form with the Lord. He will not speak so figuratively, but will speak plainly. (John 16:15)*
 - c. *Yet, he will extensively use Dreams and Visions in the Last-Days. (Acts 2:16-18)*
4. *They can be seeds for Faith.*
 - a. *You recognize what you should be believing for.*
 - b. *You have a feeling in your gut. (spirit) You know you need to act and get moving.*
 - c. *They can give you a perspective you don't currently have. That gives the Holy Spirit a way to get us believing down a different path/direction than we were going after.*
5. *God is able to get information to us that we would normally reject, or pay little attention to if it was given to us through more direct channels.*

IV. Why Dreams and Visions?

- A. *Why would God choose to use the languages of D & V's if he can speak to us more plainly?*
 1. *He can keep things secret and hide information. (Job 33:16 - "Sealeth") Later it comes back to us as a confirmation as it plays out in our lives. (via De-Sa-Vue, Familiarity with something/someone, Simply Remembering, Etc.) (Job 33:14-18)*
 - a. *To protect man from himself. (Job 33:17b-18)*
 - b. *God can communicate it to our spirits, and yet keep it hidden from our minds so we aren't in the position of messing something up because of the knowledge we have - yet our spirit knows what is coming and what to look for. (Job 33:17)*
 - c. *It is hidden from the Demonic realm, because they don't understand it. Esp. dreams, because they need an interpretation. Interpretations come from God and the Holy Spirit. (Gen. 40:8; Daniel 2:27-28) They won't give the demonic realm the interpretations.*
 2. *So we follow our spirits and seek it out. (He's looking/testing for Kingship qualities)*
 - a. *Remember, Kings rule. Servants serve. We are to be Kings in the New Covenant. (I Peter 2:9 - a Royal/Kingly Priesthood; Revelation 1:6)*
 - b. *By following our spirits, we are following the Holy Spirit. (Romans 6-8; I Cor. 2 6-16)*
 3. *It is a way for God to Test us, and Prove what is in our Heart and Character.*
 - a. *Psalms 105:16-22. The time between the speaking of the dream, and the fulfillment of it is the time of the TEST.*
 - b. *Dreams: A Test.
Visions: A Very Hard Test.*

- c. *That's why Visions are more straight forward and need less interpretation than Dreams. God has to make it plain enough for us that we don't miss it, because what is coming is going to be really big.*
 - d. *Dreams are not so plain. They need interpretation. If we miss a few things in them, it's not that crucial. We'll still do alright. Because the test is not that hard a test.*
- ******* *Apply those principles to the dreams and visions throughout the bible and you'll see the differences quite clearly.*

B. The TEST.

- 1. *It may be a short time for it all to play out. (Joseph in the Gospels)*
- 2. *Or it can go on for years. (Example: Joseph in Genesis)*
- 3. *Don't be discouraged. The opposite outcome of the dream or vision seems to come first. Then after a time, the dream/vision begins to play out as you saw it. (Joseph in Genesis)*

- C. Because there is a TEST involved, we have a responsibility to the revelation. We can't just sit back and do nothing and expect it to come to pass. ALMOST ALL dreams and visions given to us are conditional. (Explained at the end of the Hebrew and Greek Definitions - Page 5) We must do our part and fulfill the conditions. God is in the process of Proving Our Heart. He wants to see how Kingly we really are. ARE WE TRUSTWORTHY? Always find your part to play in the fulfillment of the revelation. And GET INVOLVED.**

D. Principles to Remember.

- 1. *The Greater the Word/Revelation > The more difficult the test.*
- 2. *The Greater the Word/Revelation > The longer the test.*
- 3. *Typically: Visions imply > Hard and Long Tests. (Likely involves hardship)*
Dreams imply > Shorter and Easier Tests.
- 4. *The Stronger the Opposition to the D or V, the Greater the Possibility!!!*
 - a. *Recognize, the enemy is opposing what God is trying to do.*
 - b. *Recognize, God believes in you and that you can do what he's revealing!!!*
- 5. *If you get a Clear and Distinct word from the Lord, be on guard because all hell may break loose around you. Since it came so clearly to you, the demonic likely saw it also. Now they will try to do everything they can to stop it from coming to pass.*

**** *An important principle to remember in Dream and Vision Language is that most of the dreams and visions that we receive are not 'Unconditional'. What I mean by that is in scripture you will find that many of the dreams and visions are going to happen no matter what the person having them may do. They are 'Unconditional'. 'Unconditional' means that they have been spoken by God and they will come to pass unconditionally. Nothing else needs to be done or happen for the vision/dream to come to pass. God will do it 'Unconditionally'.*

Visions

In this study we are not going to spend much time talking about Visions. The main reason is the inherent difference between Dreams and Visions. Dreams NEED interpreting. Visions DO NOT NEED interpreting. Let me explain. Dreams are a very metaphorical language. They are filled with pictures, types, symbols, etc. Rarely is anything in a dream a 'direct representative' of what the Lord is trying to tell you. The colors, whether it is day-time or night-time, directions, numbers, etc. - They all have a hidden meaning that must be interpreted to understand what God is saying.

Visions are not that way. In a vision, usually what you see is what you get. It will play out just the way you saw it. No interpretation is needed. That's why we're not going to spend much time trying to explain them. I'm not trying to take away from the various kinds, levels, and intricacies of the vision language. But I am saying that in general, they are not as complex, and don't need a lot of figuring out, or interpreting.

I. Basic ways we can have a vision.

A. Waking Vision.

1. Genesis 15:1; 46:2; Daniel 2:27-30; ch 8; Acts 10:3; Revelation 1:10.
2. *This is a vision that takes place while we are awake. It may happen during the day or night. That aspect doesn't make any difference. The deciding factor is that you were awake when you had it.*

B. Sleeping Vision.

1. Genesis 31:10-13, 24; Job 33:15; Daniel 2:27-30; ch. 7; (Vision in a Dream) Matthew 2:13, 19.
 - **** *Genesis 31:10-13, 24 are examples of having a vision in a dream. Because of the clarity, and the lack of needing any interpretation - these would be categorized - visions.*
 - **** *The vision in the dream of Daniel 7 (& Daniel 8) are examples of a highly complex and symbolic vision. Yet when it was over, Daniel understood it perfectly, because in the*

vision someone literally explained it to him. So when Daniel woke up, the vision was again very direct and clear. No interpretation needed.

2. *This is a vision that takes place while you are asleep. It may occur during the day or night. The main aspect of this vision is that it happened while you were asleep.*
 3. *Note: In Matt. 2:13,19 - the vision took place in a dream. But it was a vision, because it didn't need any interpretation. Joseph knew exactly what he was to do.*
- C. *Outward or Open Vision. (Scripture usually doesn't indicate which type it is)*
1. *Numbers 24:4,16; (In a trance) II Kings 6:15-17; Acts 10:3; 22:17-18 (In a trance)*
 2. *This type of vision is seen through your natural eyes. You are seeing it with you eyes open.*
- D. *Inward or Closed Vision. (Scripture usually doesn't indicate which type it is)*
1. *Matthew 2:13, 19; Acts 10:9-16; (In a trance) (16:9, 18:9 - Asleep or Awake??? - Night Vision)*
 2. *This type of vision is seen through your spirit. You are seeing it with you eyes closed.*
***Trance - (Greek Def. in Strongs) - "A displacement of the mind"
- "To be transported out of the natural state of mind"

II. Types of Visions.

- A. See 'Types of Dreams and Visions'.

Types of Dreams & Visions

I. Intrinsic and Extrinsic.

- A. "Intrinsic" is talking about "Internal Dreams/Visions".
1. *This is the vast majority of our dreams/visions.*
 2. *They are basically about us, or strongly include us in the revelation.*
 3. *They are personal and give self-disclosure in order to help us with our christian life.*
Ex. > Joseph and his engagement with Mary (Matthew 1:18-25)
Ex. > Peter and his issues with anything 'unclean' (Acts 10 - Cornelius)
- B. "Extrinsic" is talking about "External Dreams/Visions".
1. *This is more in the minority of dreams/visions for the average person.*
 2. *Even though you may be a part of the dream/vision, they are basically about others, or events outside of our lives. They show you what is happening or going to happen in others lives.*
 3. *They deal with your sphere of influence.*
Ex. > They can be giving you a call to a certain place. (Acts 16:6-10 - Paul & Macedonia)
Ex. > Warning you of what others are about to do. (Joseph - fleeing to Egypt - Matt. 2:13)
Ex. > Giving you insight, understanding, and direction. (Acts 10 - Peter & Cornelius)

- C. *As you've probably noticed, Intrinsic and Extrinsic can combine in the same dream. They separate out according to the view of the dream that is taken.*
- D. *In relation to Visions: they can also be broken down into various types and categories.*
1. *Types: There are prophetic, revelatory, informational, guidance, impartation, etc.*
 2. *Categories: The same three categories listed below (II.) apply. However, it seems that when the Natural Man or the Demonic get involved in Visions, they almost always deal in the realm of:*
 - a. *Fear.*
 - b. *Lust of the Flesh.*
 - c. *Lust of the Eye.*
 - d. *Pride of Life.*

I think part of the reason for this is that Visions (Esp. waking visions) are so closely tied to the imagination centers of our being. And without those parts of us being sanctified, they are like a factory for the 4 areas listed above. Dreams (Esp. night dreams) on the other hand are by-passing the conscious thinking realm. As a result, they can become very random and even weird in their content - making very little sense. The visions on the other hand can make what seems to be perfect sense, but they are typically centered on self and sin at their core.

II. Conditional and Unconditional.

When we have a vision or dream, what is being said in them is often 'Conditional'. The outcome is some how dependent on our faith and actions. If we make the wrong choices, the end result of the revelation can and probably will change from what was shown in the dream/vision. The outcome is 'Conditional' on us. It is very comparable to the promises in the Bible. Every promise has a condition that needs to be fulfilled for the promise to come to pass in our lives.

Since dreams/visions are conditional in most cases, God usually doesn't show us the final outcome in the revelation. When he does, the end result of the dream/vision must 'Unconditionally' come to pass. Since we almost always play a part in how the will of God (which dream/vision is showing to us) is fulfilled or not fulfilled in our lives, the dream/vision becomes 'Conditional'. It is somewhat dependent on our doing our part for it's fulfillment. That's one of the main reasons why God gives these kind of revelations. It shows us what we are to set our faith for and things we are to do to make what is being shown to us in the dream/vision actually take place in our lives.

III. Categories of Dreams

Dreams break out into three general categories: Dreams from God.

Dreams from the Natural Man/Flesh.

Dreams from the Demonic Realm.

It is impossible to categorize all the different kinds of dreams, because of God's infinite nature. However, this will give you an idea of the source and kinds of various dreams. Also note, the various types of dreams can interact. (Esp. dreams in a specific category) You can have numerous categories of dreams playing out in one dream.

A. Dreams from God.

1. Healing Dreams: *Dreams that bring Forgiveness, Restoration of Love, and Physical Healing. Once the dream was fulfilled, this happened with Joseph and his brothers. (Genesis 45:4-8)*

B. Dreams from the Natural Man/Flesh.

1. Flushing Dreams: Dreams that need to go down the toilet. They scour off the daily activity and contamination of the world.

2. Dark Dreams: This is not only referring to the setting of the dream, but can also refer to

the emotions it conjures up. They can be dark in mood and tone: somber, depressing, something seems wrong or slightly off center. They can also be dark in lighting, and colors: blacks, grays, sickly greens, etc. This is the overall tone of the dreams you may be having. Rarely do you dream any other type of dream. They can be tied to illegal drugs, witchcraft, depression/loss of hope, and sin. (These are not to be confused with the dark, black & white dreams where God is using the lack of color to show us which side of the spirit realm he's revealing.)

3. Body Dreams: *They come from Physical Illnesses. Your body is fighting and the dream depicts warfare, weakness, pain, etc.*

4. Chemical Dreams: *Drugs of any kind cause the body to change - reflected in dreams. If we are taking medications, insulin, hormone therapies, etc. Or if we are in a time of life where the hormones/chemicals are changing, the body may trigger these types of dreams.*

7. Soulful Dreams: *Wanting/Believing something so strongly that you dream your own Opinions, Desires, Goals, etc. (Jeremiah 23:25-28; 29:8) It may also be your emotions expressing our needs or desires like companionship, love, happiness, a vacation, food, rest, insight or direction, etc. They can show us things about ourselves that we may not see when we're awake.*

8. Body Dreams: *They reflect some aspect of the physical condition of the person who is dreaming. A person who is sick, or fighting sickness may dream of being sick. If you are in pain, the dream may focus in on that pain throughout the dream.*

9. Deceptive Dreams: *Dreams that will lead us into deception. Since dreams and visions are a last days language, we need to realize that the demonic realm will try to work in them also. (They always pervert the genuine) I Timothy 4:1 specifically states that in the last days that people will fall away from the faith to follow deceitful spirits and doctrines of demons. Their purpose is to deceive us in any area of life we are vulnerable. To guard against this, we must maintain a high scriptural conformity, (Specifically the New Test.) guard against an independent attitude and stay under accountability, and watch out for new*

revelations that are peculiar to only you or a few people, and the rest of christianity doesn't understand or hasn't been enlightened to yet.

C. Dreams from the Demonic Realm.

1. False Dreams: *Dreams that give false information. They're of the Devil.
(Zechariah 10:2, Jeremiah 26-27:9; 29:8)*

2. Dark Dreams: *This is not only referring to the setting of the dream, but can also refer to the emotions it conjures up. They can be dark in mood and tone: somber, depressing, something seems wrong or slightly off center. They can also be dark in lighting, and colors: blacks, grays, sickly greens, etc. This is the overall tone of the dreams you may be having. Rarely do you dream any other type of dream. They can be tied to illegal drugs, witchcraft, depression/loss of hope, and sin.
(These are not to be confused with the dark, black & white dreams where God is using the lack of color to show us which side of the spirit realm he's revealing.)*

3. Fear/Panic Dreams: *Most nightmares, especially childhood nightmares fall into this category. They usually come from trauma, abuse, rejection, neglect, emotionally or physically painful experiences. They come from our own Fears.*

4. Misc. Dreams of sin: *Any dreams that are laced with desires for sin do not originate with God. Dreams that contain violence or violating someone, murder, ungodly aggression, ungodly sexual content, sinful lusts or passions, fits of anger or rage, ungodly music, etc.*

V. Identify the Source of the Revelation.

- A. *Dreams and Visions that are inspired by God.*
- B. *Natural, or soulful dreams and visions which are produced by the natural processes of a person's mind, will, or emotions.*
 - 1. *Natural dreams can reflect the day's activities. (Eccl. 5:3)*
 - 2. *Natural dreams may reflect physical needs. (Isa. 29:8)*
 - 3. *Dreams can reflect the soul's meditations, concentrations. (Ps. 119:55)*
- C. *False or occultic dreams and visions, which are demonic or sin inspired.*
 - 1. *"False" in Jeremiah 23:32 indicates "someone telling an untruth, a purposeful deceit, or a lie; a sham".*
 - 2. *"False" in Zechariah 10:2 indicates "a destructive evil, idolatry, or deception".*
 - 3. *If a revelation (dream/vision) is given that is even followed by signs and wonders, but it is leading you away from the true God - Do Not Listen to It or Follow. (Deut. 13:1-3)*
 - 4. *False revelations deal in the realms of divinations, worthless things, and the deceit of the heart.*

**** *Since, like any other revelation, we can be hearing the wrong voice and receiving input from the wrong source, we should never depend solely upon any prophetic/revelatory means to lead us in our daily lives. The Lord does use many different languages to speak to us: dreams, visions, prophecy, his voice, words of knowledge, words of wisdom, etc. But remember, the demonic realm will try to imitate, copy, and ultimately deceive us via the same languages.*

Any area in our lives where we are not fully 'Submitted' to God and actively 'Resisting' the Devil, the kingdom of darkness can use those openings and speak to us falsely. It's important to make James 4:7 - A LIFE-STYLE.

Everything must ALWAYS be tested against the Word. (Bible) THAT IS OUR STANDARD TO WHICH EVERYTHING MUST BE MEASURED!!! If some revelation given to you is not scriptural - THROW IT OUT. Recognize the source of that thing is not God, and don't make any excuses for it or try to reason it away. Any input that contradicts scripture is not of God. (Gal. 1:6-9)

VI. Identify the Flow of the Revelation.

- A. *Is God speaking to your spirit?*
- B. *Is your spirit speaking to God?*
- C. *Is it a combination of the two?*
- D. *Is God interceding through your spirit?*
- E. *Are you literally on a mission, and possibly even out of your body? (Supernatural transportation, etc.)*

How Can You Know if a Dream is of God?

- I. Remember, in scripture dreams and prophecies were to be tested in the same way. They were treated equally. (Numbers 12:6; I Samuel 28:6)*
- II. Always remember that there are no revelations (dreams, visions, prophecies, words, etc.) that don't need to submit to the basic standards of scripture. **THEY CANNOT OPERATE CONTRARY TO THE WORD IN ANY WAY!!!** The Scripture stands supreme over all revelations. (Gal. 1:6-9; II Tim. 3:16-17; II Peter 1:3-4)*
- III. Is the message of the dream or vision consistent with doctrine, teachings, and principles from the Word of God? (II Tim. 3:16)*
- IV. Is the message of the dream or vision consistent with the teachings, character, and nature of Jesus Christ? (John 14:6; 16:13-14)*
- V. Does the message of the dream or vision lead us to righteousness, or is it more self-serving? (I Timothy 6:11)*
- VI. Does the person receiving the revelation have a good, strong, free of willful sin, surrendered, submissive christian life? (Romans 6:16-18)*
- VII. Does it stir your spirit when you wake up, or are done seeing it?*
- VIII. Does it cause you to search your soul in a non-condemnatory fashion? God convicts, but he doesn't condemn.*
- IX. Is there a repetition of the dream, vision, or similar dreams, visions? (Genesis 37:6-10; ch. 41; Acts 10:9-16)*
- X. Look for the Obvious.*
 - A. Look for the Presence of God in the dream, or right after as you wake up.*
 - B. The dream will usually be extremely detailed if it's of God.*
 - C. There is a logical progression to the dream. Even though, you may not understand the progression.*
 - D. Absence of sinful characteristics/emotions/desires like fear, hate, sexual things, etc. You may experience strong emotions, but they're not built on sin or it's affects.*
 - E. Is it in your sphere of influence? Does it fit your Measure of Rule?*

XI. Is it burned into your memory? When it lingers. You can't shake it. It doesn't leave your spirit. (Note: It's not staying with you because of fear, worry, terror, or some sin related cause. It just seems to abide in you.)

****** How can we know for sure if we're having a soulish, demonic, or Godly dream? Again, interpretations can only come from God. We will only know for sure by the Holy Spirit and the impressions he gives to us concerning the dream. A Big Key: The closer relationship we have with God, and the more easily we can hear the voice of the Spirit, the easier it will be for him to tell us the difference & give interpretations.*

Unbeliever's & Dreams from God

I. Unbelievers can have dreams from God.

A. Examples:

- 1. Abimelech. (Genesis 20:3)*
- 2. Laban. (Genesis 31:24)*
- 3. Pharaoh's Butler and Baker. (Genesis 40:5)*
- 4. Pharaoh. (Genesis 41:1,5)*
- 5. Midian. (Judges 7:13-14)*
- 6. Nebuchadnezzar. (Daniel 2:1,4,36)*
- 7. Wise men. (Matthew 2:12)*
- 8. Pilate's wife. (Matthew 27:19)*

B. Though they receive dreams from God more rarely, they can have all the same types and purposes as dreams given to believer's.

Sphere of Influence *&* *Measure and Rule*

I. The Realms that Dictate your Dreams.

A. Sphere of Influence.

- 1. You will most often dream according to your sphere of influence or allotment in the kingdom.*
- 2. The area's where we have more influence, we will dream, and have visions about. God*

usually doesn't show us a great deal about things/places/people we have no influence over. (If it is happening to you, you must identify why God feels you have influence in these areas and exercise it)

3. Examples of sphere of influence.

- a. Your personal habits, choices, goals, dreams, fears, plans, gifting, life-style, etc.*
- b. Your spouse, children, family, relatives.*
- c. Your workplace.*
- d. Your church.*
- e. Your community, county, city, region, state, nation. (Varying according to your influence)*
- f. Other cultures, nations, governments, continents, the world.*

B. Your calling and giftings.

- 1. Your revelations will be colored according to you 5-fold gift. (Ephesians 4:7-11)*
- 2. They will be illuminated by your personal motivational gifts. (Romans 12:6-8)*
- 3. The gifts of the Spirit (I Cor. 12) that you operate in will give specific flavor to your D & V.*

II. Our Personal Measure of 'Rule'.

A huge part of our personal directive from God is to have and exercise dominion over the created order. (Genesis 1-2) We are to rule and reign in this earth. Our 'Measure of Rule' is the releasing and limiting factor of where and how our Dreams and Visions will be accepted and have an influence.

That Measure of Rule is determined by 4 things. These things combine to determine why some people have a larger sphere of influence than others. Most people have a more local sphere of influence. Some have regional spheres. Some have national spheres of influence. A few are global.

A. Our Destiny.

- 1. The Lord determines our measure of rule according to his sovereign will. He chooses why we are on this earth and what he wants us to accomplish. Psalms 139:13-18; Romans 9; Ephesians 1:3-14; 2:10; Romans 8:28-30; Proverbs 16:1-2, 9, 33; 19:21; Psalms 33:10-11; Acts 5:38-39)*
- 2. Remember in God's system of priorities, Faithfulness is more important than Size. (Matthew 25:21-23; Luke 12:42-48; 16:10-12)*
- 3. Doing his will is of utmost importance in the issue of Destiny. (Matt. 7:21-23) His will reigns supreme in our life. Why we're on this earth, and what we're here to accomplish. God does not look at all the great and wonderful things we might be doing. He looks at what we're doing and whether it fulfills his will for us. Our entire life on this earth is built around that principle.*

B. Our Authority.

1. *There are area's where we have authority, and area's we do not. If we have no authority in an area, we will have difficulty ruling and reigning it.*
2. *Authority also has transient qualities. It sloshes back and forth like a wave. We can have it today, and not have it tomorrow. (Or Vice/Versa) Much of that depends on our Destiny, are we in God's will, are we clean spiritually, has our assignment changed, etc.*
3. *Paul knew to stay in his sphere of authority. (I Corinthians 10:13-18)*

C. Our Faith.

1. *What can you REALLY BELIEVE FOR? Identify that. Live in it, and stretch for more.*
2. *To believe for more than your Faith can handle, will cause a lot of problems - even if it is in your Destiny to go to that level some day. Grow before you go.*
3. *God wants you to be able to rule and reign in your family before he'll send you to larger. (I Timothy 3:1-13; Titus 1:6-9) The principle continues to apply in ruling and reign what we are already responsible for as we enlarge in our sphere of influence, and measure of rule.*
4. *Romans 12:3.*

D. Our Gifting.

1. *This refers to the specific level or degree of grace gifting we have received from the Spirit.*
2. *What gifts do we operate in?*
 - a. *5-Fold.*
 - b. *Motivational.*
 - c. *Gifts of the Spirit.*
3. *How proficient and confident are we in those gifts?*
4. *Our gifting will always be sufficient for our sphere of influence. But it may not operate very well outside that sphere. (Inefficient, over-loaded, not recognized, rejected by others)*

Dream Inhibitors and Promoters

I. Inhibitors.

- A. *Holding on to and believing wrong traditions, theology, and world views. Believing dreams are an invalid or unreliable way of receiving divine revelation. (Matthew 15:6b)*
- B. *Are you living in peace, or unrest? God operates in an atmosphere of peace. If our life, home, or environment are in disarray or unrest, we may receive very little in the realm of dreams. (James 3:13-17)*
- C. *Are you living as a sacrifice to God, or are you sacrificed to the world. (Rom. 12:1-2) If we are not spiritually clean and our minds turned toward God, we can't test what is coming from God. This will greatly inhibit our recognizing Godly dreams, and possibly even receiving them.*

D. Are you using/doing what you have already been given. (Matthew 13:12) People open to the truth will see, hear, and understand. (Matthew 13:16) Are we open enough to be doing, and not just receiving (hearers) the word?

E. The 'Dis' diminishers. ("Dis" > Webster: "The god of the lower world: Hades")

- | | |
|---------------------------|-----------------------------|
| <i>1. Distraction.</i> | <i>9. Discouragement.</i> |
| <i>2. Disinformation.</i> | <i>10. Disillusionment.</i> |
| <i>3. Disbelief.</i> | <i>11. Disinterest.</i> |
| <i>4. Disintegrate.</i> | <i>12. Disappointment.</i> |
| <i>5. Disregard.</i> | <i>13. Disaccord.</i> |
| <i>6. Disarray.</i> | <i>14. Disavow.</i> |
| <i>7. Disassociate.</i> | <i>15. Discord.</i> |
| <i>8. Disclaim.</i> | |

II. Promoters.

- A. Stay purged/purified by the Blood of Jesus.*
- B. Walk in the Spirit. (Continual consciousness of the Spirit)*
- C. Pray in the Spirit.*
- D. Be Led by the Spirit.*
- E. Eat the Word of God and Meditate on it.*
- F. Praise and Worship Intensely.*

Your Personal Dream Language

Every person has a dream language that is unique to them. God will speak to you in ways that only you can understand what he's saying. We need to be aware of the kind of language we speak. Every profession has it's own language. (Even when they all speak the same native tongue - English, French, Russian, etc.) Music is written in it's own unique language. Dreams are no different.

I. Types of Languages.

A. Dreams will have a Language that is peculiar to you, your past, experiences, etc. Things will be

told to you in words, phrases, pictures, sayings, etc. that will make sense to you, and carry a specific application to you according to what you understand these things to mean.

- B. Interpretations can come in Colloquial Expressions/Pictures. Such as:*
- "Back against the wall"*
 - "Chip off the old block"*

- *“Honest wage for an Honest Days Work”*
- *“Stubborn as a Mule”*
- *German Architecture of a building*
- *Dressed in a Medieval Roman Military Suit*
- *An 1800’s Printing Press*
- *Other cultures & nationalities*

C. Interpretations can tie into Familial/Family Traits.

- *Using terms that only were known to the family.*
- *Nick-names.*
- *Family expressions.*
- *Settings of your growing up/past.*
- *Specific family members in the dream.*
- *Points in History/the Past that have definite thoughts/feelings tied to them.*

D. Interpretations will often link into your past experiences.

- *Past events that stood out to you*
- *Childhood experiences*
- *Education and Training*
- *Vacations and other locations/areas*
- *Sports, music, drama, and other activities you been involved in*
- *Other cultures and nationalities*
- *Etc. Etc.*

II. Scriptural Language.

- A. The bible is full of parables, allegories, types, shadows, and symbols. God will use these in dreams. If you have any of these show up in a dream, the meaning will often be the same as it is in the scripture. This again can be somewhat personal because every person looks at the various stories, parables, etc. from a little different perspective - depending on what the Holy Spirit has emphasized to you. These perspectives will be unique to you and appear in your dream accordingly.**
- B. Remember: When possible, we look to the scripture FIRST. Any types, symbols, meanings, colors, numbers, etc. need to be interpreted according to what the scripture has to say about them BEFORE any other applications are made.**

Guidelines for Dream Interpretation

The remainder of this booklet will be dealing with Interpretation. We will deal with some basics of interpreting, and then there is a huge amount of material dealing with various symbols, types, pictures, and what they could possibly mean.

Please Remember: The possible meanings listed in the rest of this booklet ARE NOT THE ONLY possible meanings to the things in your dreams. However, generally speaking, they will get the message across to you as to what God is trying to tell you. Don't feel limited to the descriptions listed in this booklet. God may show you how that in your dream, the thing, person, setting, etc. means something different than what is listed below. But from my experience, whatever God gives to you that is different will still flow in the same general realm of thought/meaning. RARELY will he give you something that contradicts the interpretation helps listed below.

I. Interpretations come from God.

- A. *Genesis 40:8; 41:8, 15-16.*
- B. *Daniel 2:16-23, 27-28, 47; 4:18; 7:16b.*
- C. *In the Old Testament, the Holy Spirit worked with man on a much more limited basis. The average person did not have direct access to the Holy Spirit. Only a few people did - like the prophets, judges, etc. So to get a dream interpreted, there was only a certain person who could interpret it.*
- D. *In the New Testament, we ALL have full access to the Holy Spirit. In fact he lives in EVERY believer. GOD CAN USE ANYONE TO INTERPRET DREAMS. God can and will flow through you to interpret your own dreams, as well as the dreams of others.*
 1. *Acts 2:17-18. (The promise)*
 2. *Luke 4:18. (The Holy Spirit is the Anointer)*
 3. *I John 2:20-21, 26-27. (Anointing teaches us)*
 4. *John 14:15-20, 25-27; 16:5-16. (Jesus states what the Spirit will do)*
 5. *I Corinthians 2:4-16. (Spiritual things revealed to us by the Spirit)*
- E. *God wouldn't give us the promise (Acts 2:17-18) without giving us the means to understand what the promise gives to us. Each one of us now has the Holy Spirit who will teach us, and reveal to us individually. (John 16 & I Cor. 2) THAT INCLUDES DREAMS AND VISIONS.*
- F. *Interpretation of Dreams and Understanding Visions is often looked at like any other supernatural thing that God wants to do through his people. It's too hard for the average person to do. We look at these things like they are held in a shroud of mystery, and until we have some sensational, spooky, and maybe weird encounter with God, we can't move in the things of the Spirit. Those beliefs and feelings are NOT OF GOD. Just like any other Gift of the Spirit, move of the Spirit - when you begin operating in Interpretation, IT JUST HAPPENS. Supernaturally, you simply begin to see and understand the language. The*

Dream or Vision will make sense to you. YOU JUST SEE IT & UNDERSTAND IT.

- G. Interpretation is a By-Product of a Relationship with God. We are not entitled to Being able to Interpret.**

II. Becoming a 'Master' of Dreams.

- A. Some people are better at interpreting than others. WHY?? They've worked at it!!!**
- B. Remember: Dreams and Visions are Languages of God. Just like with any language - ANY ONE CAN LEARN A LANGUAGE. Why are some better at it than others?**
- 1. They work at it with more diligence and perseverance.**
 - 2. They don't try to make the new language conform to their mind and way of thinking, they change their mind and way of thinking to the new language. It makes a huge difference. We must learn to think with and flow with the way the language functions and is expressed. If we fight it, don't like it, resist it, refuse to conform to it, regard it as foolish, etc. - we will not get very good at it.**
- C. We can become a 'Master' of dreams.**
- 1. Genesis 37:19 - In the original Hebrew, this scripture refers to Joseph as the 'MASTER OF DREAMS'. This is confirmed in both the Amplified Bible, and the Interlinear Bible. Even though the brothers were saying this about Joseph in sarcasm, they were literally prophesying over him. Because that is what he became - a Master of Dreams.**
 - 2. That is why Pharoah gave him the name Zephenath-Paneah which means "Abundance of Life". The command of the Dream Language which Joseph had developed over the years literally was now giving life.**
 - 3. Daniel 1:17 - Daniel was also a 'Master' of dreams. He could understand Visions and Dreams of ALL Kinds. Chapter 5:12 expands it on to a very broad knowledge of how God operated and what God was saying.**

III. Basics of Dream Interpretation.

- A. Always record your dream, as quickly as is possible and practical. This helps insure you are remembering all the details. Include EVERYTHING that you remember. Nothing is insignificant. Setting, sunny or cloudy, rain, snow, wind, smells, sounds, directions, up and down indicators, people, colors, left and right indicators, personal involvement, etc. etc. I like to write it out. This will take more time initially, but it will save time when it comes to interpretation.**
- B. The first thing you want to establish is the 'Context' of the dream. The context is the largest determining factor of how the dream will be interpreted. Context is made up of a number of components. They are listed below with the outline for interpretation.**

- C. *Then we combine the Context information with some other factors. What we are looking for is what I call ‘The Big Picture’. It is the One, Basic, Complete Message being given in the dream.*
1. *The Big Picture is the dream reduced down to it’s simplest form. It is condensing the overall meaning of the dream down to a few sentences or less.*
 2. *This is extremely important. It gives the outside boundaries that the interpretation must now be established in. It also gives the basic structure the rest of the interpretation must now hang on.*
 3. *The Big Picture helps you stay on the Theme of the overall dream, so you don’t get pulled off onto rabbit trails and end up with a lot of loose ends that don’t really tell you any one complete message.*
 4. *To establish the Big Picture, look at the Dream in 2 separate ways:*
 - a. *First, look at the over-all dream, and find the general meaning of the Dream.*
 - b. *Once you’ve done that, now you can look at the details and find how they fit into describing the general meaning of the Dream.*
 - c. *To focus to intently on the details at first, will confuse you.*
- D. *To remain as accurate as possible, keep yourself, your thinking, your opinions, what you already believe about a person, situation, etc. - KEEP IT OUT OF YOUR INTERPRETATIONS. Without a doubt, it will skew what God is really trying to say. This is extremely hard to do. It takes tremendous concentration and discipline. Not being able to ‘Un-Hook’ from these, is probably the greatest reason why people who know you well have difficulty interpreting your dreams. It also plays a big, big role in interpreting our own dreams.*
- E. *Are you Personally involved in the Dream/Vision, or are you an Observer?*
- *As an observer, the dream is likely not about you but someone/something/someplace else. If you are involved/helping in the dream, but not the main focus - it means that it will impact you, but not directly. If you are the focus of the dream/vision, it means you are the main character. You will be directly impacted by what you see.*
- F. *Are you above, below, at same level of the rest of the action?*
- *If you are above, you might be an observer, or it might be depicting your position (Overseer, Leader, Boss, Etc.) compared to the rest of the people.*
 - *If you are below, you might also be an observer, or it may also be depicting position. (Lower can indicate: employee, follower, dependant, etc.)*
 - *Observation can be depicted by being on the same level. However, interaction/involvement is usually found when your on the same level.*
- G. *Are you younger, older, or the same age?*
- *Can be depicting past, present, future.*

- *Can be bringing up past experiences that need to be dealt with.*
- *Age usually represents some type of time frame.*

H. What are your physical/emotional/spiritual attributes like?

- *Is there anything happening with you physically that stands out?*
- *What is your emotional condition?*
- *What is happening with you spiritually?*

****** All of these will be used to give you a message.**

I. Interpretations come in one of 4 ways:

1. *Reveals the meaning by an angel. (Daniel 7)*
2. *It is simultaneously spoken to us as we sleep. (Gen. 20:6ff)*
3. *By writing it down. Eye, hand, and mind. (I Chron. 28:19, Dan. 7:1)*
4. *The meaning is unfolded as we mature in our understanding of the ways of God. (Proverbs 25:2; Daniel 8:27)*

J. The 4 Levels of Interpretation. (Sociological)

1. *Literal Interpretation - The easiest.*
 - *Direct Application.*
 - *Child Level.*
2. *Allegorical Level - Acts 2:16 (This is That.....)*
3. *Philosophical Level - Acts 2:16ff (Whose in control?)*
 - *Your sons and daughters > My servants*
 - *Acts 2 type of utterances are higher than the child level*
4. *Hidden Interpretation - Daniel 8:27*
 - *Things not easily understood.*
 - *Things that may never be understood by the person who dreamt or saw it.*

K. Giving meaning to the Symbols/Metaphors.

1. *There are 4 primary ways they acquire their specific meanings:*
 - a. *Inherent character: This is when the symbol has the same basic characteristics all over the world. It has universal meaning. (Ex. - Animals, cold & hot, stars, etc.)*
 - b. *Personal experience: An object, animal, person, color, or location may mean something to one person, and mean something totally different to someone else. God will speak your personal experiential language.*
 - c. *Culture or Society: These can be universal through out a nation. Like in America if we say someone has 'Gone Postal', most people understand what that means. However, that can change from sub-culture to sub-culture in a nation.*

An example: ranchers would understand what 'I'm about to Hit The Hay' means, where other societies may not.

- d. Scripture: When at all possible, use the scripture to give the meaning to the symbols. (Esp. with numbers, colors) Try to always use the Bible as Your Base of Interpretation. Be Aware: Just because a word means something in one setting, doesn't mean it will apply to another. (See: Matt. 13:31, 17:20 - in one place 'Seed' means Faith, and in the other it means 'Kingdom')*

To gain a better understanding of Metaphors.

- READ, READ, READ, the Scriptures.*
- Especially: Parables, Dreams, Visions, Types, Shadows.*

L. The Four Divisions of Authority.

- 1. God's mighty power in all 5 forms:*
 - a. Delegated Authority. (Gr. - Exousia)*
 - b. Explosive, Dynamite, Miracle Power. (Gr. - Dunamis)*
 - c. Energy. (Gr. - Energeia)*
 - d. Dominion. (Gr. - Kratos)*
 - e. Strength. (Gr. - Ischus)*
- 2. Power and influence obtained through education. (Secular or Spiritual)*
- 3. Political Power. Power which is influence and authority obtained by position and wealth.*
- 4. Financial Power. Power and influence by reason of his their resources.*

M. The Four Seasons.

- 1. Spring: speaking of revival and renewal.*
- 2. Summer: typifying a time of toil and labor.*
- 3. Fall: representing changing of times. (something is changing)*
- 4. Winter: speaks of waiting. A time of desolation and barrenness.*

N. Sun, Stars, and Moon.

- 1. Sun: God; the one in authority; a human father.*
- 2. Stars: they represent people; offspring; siblings; angelic; demonic.*
- 3. Moon: the christian church; one in a position of lessor authority; a human mother.*

IV. Light & Colors.

******* This aspect of the study can be so huge and encompassing, I've decided to keep it simple and deal with some basics. Before I do that allow me to make an over all statement:**

Realize that John 1; I John 1:5; as well as other scriptures refer to Jesus as the Light. We too are referred to as Light. (Matt. 5:14-16) This means that concealed in and woven through how Light functions and operates, is a detailed explanation of the soul, spirit, and spiritual dimension. If you will do a deep study of Physical Light and Colors, laying the physics of it beside the scriptures, you will be astounded at what it reveals and confirms of God.

When light is present, it illuminates and reveals. Since God is light, the Holy Spirit is also light. It's interesting how the scripture and the basics of creation run parallel. Isaiah 11:2 talks about the 7-fold Spirit of God. Interestingly, there are 7 colors of light when refracted through a prism. (representing the 7-fold Spirit of God) When all 7 colors are combined, they make a White light. (representing God as one)

Pay special attention to the details of light in a dream/vision. God uses light in unique ways to describe what he's trying to communicate to us.

- A. Light is a very short, fast vibration of energy. (Sound is a much longer, and slower vibration. Remember: If we had the capabilities to see and hear the full spectrum of light and sound, everything we see - we would also hear. And everything we hear, we would see)**

These vibrations of energy are called wavelengths. Our eyes are designed to pick up from about the 400-700 nanometer length Wave-lengths. (A nanometer is 1/25,000,000 of an inch) In this 400-700 wave-length area that our eyes can detect lies 7 separate colors: Violet, Indigo, Blue, Green, Yellow, Orange, and Red. (Note: #7 being the number of Spiritual

Perfection and Completion. Also note how it stands for man - #6 plus #1 - God working in man - #7 > Isaiah 11:2; Revelation 1:20. Also note the absence of Black. Black is not really a color. In fact, Black is the full absorption of, or absence of color) Violet is the shortest wavelength that is visible, (approx. 400 nanometers) and Red being the longest wave length that the naked eye can see. (approx. 700 nanometers) All light that is shorter than 400 nanometers in length is referred to as Ultraviolet. All light that is longer than 700 nanometers is referred to as Infrared. Humans see a very, very thin slice of the spectrums and dimensions of Light. This is a perfect picture of the Biblically stated fact that as humans, we see and understand very little of the spirit and spirit realm.

- B. There are 4 basic Spectrums of Light:
(1) Visual Spectrum: Explained Above: #19-a.**

- (2) **Artist Spectrum:** Where 3 colors are used (Red, Yellow, and Blue) to create a 4th color. (Black) Those four are used to make the Color Wheel which is used for painting. This is part of the Subtractive Spectrum. (See: b-4 below)
- (3) **Additive Spectrum:** (Color by addition) **THIS REPRESENTS THE GENUINE OF GOD.** When lights of different colors are projected onto a screen, (like TV) they blend and form new colors. As light of different wave-lengths are added together, they form new wave-lengths, or different colors. The Primary Colors in Light are Red, Green, and Blue. Combining all three Primary Colors in Light in the proper proportions results in White Light. Also, the colors of any two lights are complementary if they form White Light when mixed. When Primary Lights are mixed in pairs, they produce Complementary, or Secondary Colors. Such as:
 Red Light + Green Light = Yellow --- the complement of Blue.
 Blue Light + Green Light = Blue-Green --- complement of Red.
 Blue Light + Red Light = Purple --- the complement of Green.
- (4) **Subtractive Spectrum:** (Color by subtraction) **THIS REPRESENTS THE COUNTERFEIT OF THE DEVIL.** This is the result of mixing colorants such as dyes, or pigments. In a colorant mixture, each colorant absorbs, or subtracts some of the wavelengths of light that strike it. (i.e. - when paint with blue pigment is mixed with paint that has yellow pigment, the resulting paint appears green. When light strikes the surface of this paint, much of it penetrates the paint layer and hits pigment particles. The blue pigment absorbs most of the light of long wavelengths - light that appears red, orange, and yellow. The yellow pigment absorbs most of the light of short wavelengths - light that appears blue and violet. Most of the light of medium wavelengths is not absorbed but reflected through the surface of the paint. When this light reaches our eyes, we see the paint as green.) In a colorant mixture, each colorant absorbs, or subtracts, some of the wavelengths of light that strike it, that's why it's referred to as Subtractive color mixtures.

Any three colorants that can be mixed in different combinations to produce nearly any other color are known as Primary Colorants, or Primary Colors. (i.e. - Red, Yellow, Blue) When Primary Colors are mixed in pairs, the resulting colors are called Secondary Colorants, or Secondary Colors. (i.e. - Red + Yellow = Orange. Yellow + Blue = Green. Blue + Red = Purple.) Mixing 'equal amounts' of three primary colorants results in a color that is almost black. Mixing white with a color produces a Tint. Mixing white and black forms gray, and mixing gray with a color creates a Tone.

C. How do we know that the Subtractive Spectrum is the Counterfeit, and the Additive Spectrum is the Genuine?

(1) Look at how they produce color:

The Subtractive is created by mixing pigments or dyes to something. Is God something that we add to something else, to create some new thing? No, God is the new thing, and must become the source/core everything else exists off of. He's not an additive, He's IT. That's why he's called the LIGHT, and he's not called the ADDITIVE.

(2) The Subtractive also takes away from other colors to produce a different color. The Additive adds to another color to produce a different color. Compare that to Jn. 10:10.

(3) Subtractive colorants are not a source of color. Without White light, they cannot be seen. Application: The Devil is not a source of creative powers, or any powers for that fact - God is the source of all power and energies. In fact, without the true source (God) the Devil would cease to exist.

(4) How did the subtractive come into existence? By mixing sin/wickedness with what is pure. (Ez. 28:15)

**D. There are 3 Primary, and 3 Secondary Colors. (Note: #6 - the number of Man.)
Yet there are 7 Basic/Primary colors in the Visible Spectrum.**

(Note: #7 - the number of Spiritual Perfection and Completion)

When man starts working with colors it settles out as 2 sets of 3.

(Soul = Mind, Will, and Emotions. Spirit = Wisdom, Communion, and Conscience.)

Combining the 3 Primary Colorants (Color by Subtraction - Counterfeit) in equal amounts produces Black. (Application: when the Soul tries to produce something good, it comes out black - Isaiah 64:6)

Combining the 3 Primary Light Colors (Light comes in 3, and God is in 3 - Trinity) in the proper proportions results in White Light. (Application: when the spirit produces something good under the direction of the Holy Spirit, it comes out White - I Corinthians 2:6-16)

Matthew 6:22-23: There are 2 kinds of light trying to be at work in us. Godly light, and Ungodly light. If we are led by our soul/flesh, (Psalms 119:25) or ungodly light (Subtractive) - How great is our darkness? If we are led by our spirit/Holy Spirit, (Rom. 8:14) or Godly Light (Additive) - How great is our Light? Jesus was concerned that the correct light was At work in his people.

When God starts working, The White Light, he produces one set of 7. That is Man (the #6) plus (the #1) Jesus, brings us back to Spiritual Perfection and Completion. (the #7)

********* *The main application of 'Additive' Vs. 'Subtractive' colors is that one is more Godly than the other. Most dreams will manifest 'Subtractive' coloring. If you get a dream, or a portion of a dream that is 'Additive' in coloring - the colors are literally emanating out of the objects - it's like the objects are alive with color - you are dealing with a dream that is operating in a much higher realm of the Glory of God. Now I'm going to use a play on words to describe what this higher realm of Glory does - 'It Throws a Whole Different Light On the Subject'. (Literally) It will cause the dream to need interpretation more from a Godly viewpoint/language than your personal viewpoint/language.*

E. *There are also many other variables that can be added to the discussion that produce infinite variations of change. Listed below are some of the variants that can be added to the basic color schemes noted above:*

- *Neighboring Colors*
- *Color Circles/Wheels*
- *Intermediate Colors*

F. *The Coloring of Dreams.*

- 1.** *A picture is worth a thousand words. Nothing is more true about colors in dreams. The colors in dreams are some of the most highly metaphorical aspects of the whole dream. Learning to read the colors correctly will give unparalleled insight into your dreams. I believe the reason for that is the fact that 'God Is Light' - the same way 'God is Spirit'. If God is Light and God is Spirit, than Light and Spirit must be very similar from God's perspective. That's why Light opens up the spirit realm like nothing else can. Pay particular attention to the Lighting of your dreams.*
- 2.** *Understanding the mixing of light is absolutely huge. Remember, most colors are derived from the basic spectrum colors. (Primary & Secondary) Knowing and memorizing the mixing of colors, gives depth of insight into the color you are looking at in the dream. Because the color you are looking at is either a basic color, or it is a mixture. If it's a basic - the thing the color is standing for is easily seen. If it's a mixture, then the meanings of all the other colors that make up that mixture could be at play behind the scenes of the actual color*

you're looking at in the dream. It gives you much more depth of insight into the dream.

3. Black and White (and shades of gray) Dreams and Visions may be given by God but are not of God. What that means is God is letting you see something that does not represent his best, represent his will, represent his kingdom, or what he wants for you. He is showing you/allowing you to see activity of the kingdom of darkness/the devil. Hence the lack of the 7 colors of the visible color spectrum.

G. Dreams and Visions that contain the Visible Color Spectrum are more likely to be from and representing God's kingdom and will. (Note: please remember to always sort through the 20 categories of dreams to help determine if something is from God or not)

H. General 'Positive' & 'Negative' Meanings of Colors:

- 1. Depending on the context of the dream, the colors will be interpreted in their positive Meanings, or their negative meanings.**
- 2. All the colors and their meanings are listed later in this book. Please refer to the Table of Contents for the page number.**

*****Pay close attention to the Colors. Light is a language of God in itself. Colors, and how they are used in the vision/dream relay a lot of information.**

******* Read the Bible for what it is -- The "White".**

But also understand that there are "Colors of Meaning" given and explained by the Spirit.

V. Numbers.

- A. They always represent something.**
- B. They are used to get information to us in an accurate method.**
- C. (See the detailed listing of numbers in the 'Table of Contents')**

VI. People Who Appear In Your Dream

It is very common to have family members, friends, acquaintances, prominent leaders in church, society, or government and even complete strangers appear in you dreams. In the majority of cases, the people who appear in dreams are symbolic in nature.

Discovering the meaning of a particular person in a dream is very important, but it can also prove to be difficult at times. Often, it is dealing directly with your personal dream language. This person will mean something to you that they would not mean to someone else. But that's OK, God is speaking to YOU.

A. Guidelines for interpretation of people in a dream.

1. *Determining the general realm the person represents.*
 - a. *Was the person's name mentioned in the dream? If it was, look up the definition to the name.*
 - b. *What does this person represent to you?*
 - c. *Who is this person in relation to you?*
2. *Possibilities.*
 - a. *A man or woman of God in your life probably represents a particular type of message being delivered. Focus in on the message.*
 - b. *An untrustworthy person in your past may indicate a coming situation that you should not trust.*
 - c. *A healing evangelist (prophetic person, etc.) in your dream usually represents a healing anointing that is coming your way.*
 - d. *Your husband in a dream will usually represent authority of some form.*
 - e. *Getting married in a dream usually relates to growing intimate with someone or something.*
 - f. *When dead people appear in dreams it usually needs to be interpreted by what they represent to you. (Provided you knew them) If you didn't know them, ask these questions:*
 1. *Do they represent some person, characteristics, relationships, etc.*
 2. *What is the circumstance or environment they appear in? What relation does it have to the rest of the dream?*
 3. *If they are typifying death, what aspect of death is being portrayed, and who or what will it affect?*
 - g. *Dreams of presidents and other people in authority are often calls to pray for the nation, or national events. They can also represent what is happening, or about to happen on a national scale, or in government.*
 - h. *A faceless person often appears in a dream as an indication of the presence of the Holy Spirit, or possibly even angels.*

B. Sexual Dreams.

1. *Sexual dreams tend to speak of either:*
 - a. *Intense joining and intimacy.*
 - b. *Ungodly desires. (Likely originated in the natural man or the demonic)*
2. *Sexual dreams with people.*
 - a. *If they are your spouse, try to discover the application of 'Intense joining and/or intimacy' via the setting, and events surrounding it.*
 - b. *If they are not your spouse, it likely is not from God.*
3. *Sexual dreams with animals.*
 - a. *Not of God. (Again, either natural or demonic in origin)*
4. *Other people having sex.*
 - a. *Are they married? If so, what is the setting in the dream? It must be revealed whether this is to be interpreted positively or negatively.*
 - b. *If they are not married, they will be representing some form of sin or ungodliness.*

5. *Orgies. (More than one person involved)*
 - a. *Not of God.*
6. *When you wake up, are you intrigued, aroused, do you have wondering thoughts, etc. If so, are these feelings toward your spouse or some other person?*
 - a. *If they are toward your spouse because your spouse was the focus of the sexual aspect of the dream, don't let you passion bother you.*
 - b. *If they are toward someone other than your spouse, your passion is not of God.*
7. *Dreams of having sex with God, are not of God.*

V. Interpretation Outline

1. Context.

- A. *Setting: (The immediate surroundings of dream)*
- B. *Environment: (Sunny, cloudy, rainy, windy, light, dark, etc.)*
- C. *Scenes: (Is there more than one scene? If yes, the context likely changes with each scene. Restate the context for each scene)*
- D. *Day or Night: (Self-explanatory)*
- E. *Directions: (North, South, East, West)*
- F. *Right or Left Indicators: (Positions, movement, locations, etc.)*
- G. *Up or Down Indicators: (Positions, movement, locations, etc.)*
- H. *Overall Dream - in Color or Black & White: (Self-explanatory)*
- I. *Location: (Heaven, Earth, Which Continent, State, Home-Town, etc.)*
- J. *People: (Do you recognize them, know them, strangers, normal in appearance, etc.)*
- K. *Forms of Transportation: (Cars, trucks, bicycles, planes, ships, etc.)*
- L. *Genealogical Indicators: (Ancestral or Posterity)*
- M. *Time Locator/Indicator: (Past, Present, Future)*
- N. *Personal Involvement: (Observer, Participator, Center of Attention, etc.)*

2. Type of Dream: *(Warning, Prophetic, Informational, Healing, Comfort, Impartation, etc.)*

3. Source of Dream: *(1st Heaven - Natural Realm)*
(2nd Heaven - Demonic Realm)
(3rd Heaven - God's Realm)

4. Category of Dream: *(Simple Message; Simple Symbolic; Complex Symbolic)*

5. Intrinsic or Extrinsic: *(Mostly about you and your life, or mostly about someone else)*

6. Over-all Symbolic Interpretation: *(Positive or Negative) (This can change by scene)*

7. Big Picture: *(Explained above)*

VI. Remembering Your Dreams.

- A. *Ask the Holy Spirit to help you remember them. If you're struggling to remember, ask the Holy Spirit to tell you why.*
- B. *Ask the Holy Spirit to wake you up when you have a dream so that you can write it down. Establish the habit of getting up after having the dream, because the quicker you get up, the more you'll remember.*
- C. *Keep writing material handy.*
- D. *Specifically write down the ones that have to do with your future, answers to questions, somebody else, or the ones you can't understand the meaning of and need in-depth interpretation.*
- E. *Some of us don't remember much because we are not accustomed to remembering. Change that habit. Practice remembering.*
 - *Short term memories: 1 year or less. Don't remember just the big picture, but also the details. It teaches us to pay attention, and use our memory.*
 - *Long term memories: i.e. - Where were you at when you were 5 years old. Remember a house, car, vacation, places you went, feelings, clothes, appearances, etc.*

VII. Five Hindrances to Dreaming.

- A. *Our culture has stolen the relevance of dreaming from us, so we haven't thought it was important enough to pay attention to.*
- B. *Fewer dreams come when we don't pay attention to the dreams God gives. (Matt. 13:12)*
- C. *The spirit of the prophets is subject to the prophets. (I Cor. 14:32) Our spirit helps determine what the Holy Spirit can give to us in both of the following elements:*
 1. *The utterance - Uttering a dream in a way that is not an accurate representation of God. Grieves the Holy Spirit.*
 - *Timing and Procedure. (Eccl. 4:6-8)*
 - *Saying it to the Wrong Person.*
 - *Saying more than God said, and saying less than was said. Also, saying more than God said to say.*
 - *Exceed your level of credibility and maturity and as a result, no one believes you.*
 - *Cheating, by telling others you have more to say about them, but you can't tell them now. It doesn't help them.*
 2. *Reception of it - God has to give it before we can receive it.*
 - *Our spirit must be in the position to receive from God. (Eph. 4:23-24)*

- *Don't grieve the Holy Spirit. (Eph. 4:30)*
Things that grieve him: bitterness, wrath, anger,
clamor, gossip, malice, evil speaking. (4:31)
- *Unresolved anger hinders the reception. (4:26-27)*

D. Pride. (Job 33)

E. Drugs and alcohol can repress our memory capabilities.

******** *We must become people of Integrity before we will flow in Dreams and Visions. We must be Honest, Pure, Transparent, Representing and Relaying Accurately.*

******** *Integrity must come before we will have credibility. Must have credibility before we have character. Must have character before we can have favor. Must have favor before we can have authority.*

VIII. Basic Rules to Follow.

- A. First Rule: Most dreams are messages to the dreamer, for the dreamer, about the dreamer. They are Intrinsic. The critical part of the dream is usually in the Now/Present.*
- B. Second Rule: You seldom know for sure that your interpretation is correct until it plays out in a real-life situation.*
- C. Third Rule: Most dreams are highly metaphorical. Most of the objects that appear in the dream are symbolic. When it comes to people, especially the ones you know, you MUST get the leading of the Spirit to discern whether they are symbolic or literal.*
- D. Fourth Rule: It's always the DREAMER'S position and responsibility to determine if the interpretation is correct or incorrect. This can become a problem when friends ask you to interpret their dreams. Your goal must always be to help them learn how to deal with their own dreams. To accomplish that:*
 - 1. Encourage them to learn the basics of this booklet. They need to learn the language and how God uses it.*
 - 2. Until that happens, you can lead them through their dreams via questions. This is very important, because a great deal of what they see, hear, feel, smell, experience, etc. in the dream is unique to them. It has to do with their Dream Language.*
 - 3. Helping others through questions: (Listed are some starter questions that may help)*
 - a. What is the dream's subject? What is it about?*
 - b. What past or present circumstances could the dream apply to?*
 - c. Who does the dream refer to? (Personal, church, family, etc.) Who is in the dream?*
 - d. Where is the setting? (House, office, outside, etc.)*
 - e. Is there a time indicator? (What part applies to now? What applies to past/future?)*
 - f. Why was the dream given? (What Kind of dream is it?)*
 - g. Is there action to be taken on your part?*
 - h. What symbols are used?*

- i. *What emotions, thoughts, questions, or impressions were experienced during it?*
- j. *Lastly: What do you think the dream means?*
Who do you think it applies to?
Why do you think you had the dream?

IX. Further Study & Growth.

- 1) *Get around other dreamers. Receive from their experience and the anointing on them.*
- 2) *Study. Get books, CD's, etc. on the subject. One HUGE Word of caution. There are many different veins of dreaming and interpreting. THEY ARE NOT ALL GODLY. So be sure to screen the material before you start believing or applying it.*
- 3) *File your dreams so you can go back in the future and look them over.*
- 4) *Add to this booklet, as the Lord expands your understanding.*
- 5) *Continually ask God for understanding and wisdom concerning the language.*
- 6) *Try to set your pre-bedtime schedule so that you can go to bed - peacefully.*

Personal Symbols

“Whatever symbols appear in a dream, they must be either interpreted by the Holy Spirit or analyzed in light of the dreamer’s experience and not solely by an interpretation imposed by

another individual. Never impose your interpretation of a symbol on another if the dreamer does not bear witness to it. God will give the dreamer assurance and peace when the proper representation of the symbol is found.”

~Jane Hamon

Angels - *Often they are seen as individuals with the face or head out of the view screen of a dream/vision.*

Animals - *The symbolism attached to animals will come from each dreamer’s personal experience, although animals each typically stand for certain characteristics. (See interpretations for each different kind of animal.)*

Clothing - *Clothing gives insight into the overall message of the dream: what type of clothing are you wearing? Casual, formal, etc?*

Colors - *Have high symbolic value: may have negative or positive meanings depending on the setting/interpretation of the dream as a whole.*

Black & White Dreams = God is revealing the enemy’s desires/plans.

Crowds of People - *May represent your concern with public opinion or feelings of peer pressure; God may be dealing with fear of man or fear of going against the crowd; He may be challenging you to rise above the status quo and break forth into a new area of His calling.*

Death - *Actual Physical Death or Spiritual Death: Something is coming to an end in your life. (A job, relationship, career, season of life, plans, etc.) May mean one is fearful or insecure (the ultimate end in most fears ends in the fear of death).*

- **Death dreams may be spiritual, revealing things to our hearts.**
- **Death dreams may be soulish in origin, mirroring our fears.**

Faceless Individuals = *Typically represents the Holy Spirit.*

Flying - *Flying to new heights may speak of new ministries or giftings that God desires you to move into or new areas of freedom which God desires you to experience: Flying often takes you out of the grip of a “would-be-attacker”.*

Houses - *Represent a person’s life and personality; may also signify a past time in our lives and something God desires to address from that period; may signify the condition of one’s soul.*

Money - *Abundance or Lack:* may signify a person's desire for security or power; take a good look at the role money, finances, and prosperity plays in your dream.

People - *May be dreaming prophetically about someone else, or God may be showing you a part of yourself:* (Be careful not to assume a surface interpretation.) When dreaming about other people look at the dominant personality trait of the individual or what the person symbolizes to you.

Pregnancy or Babies - *Pregnancy With A Vision or An Actual Natural Child:* A baby may represent something that God wants to birth into a dreamer's life or situation that requires constant care or attention.

Numbers - *Highly symbolic and rich in meaning:*

Sources for this study

Obviously a manual of this size is not self-originated. Below is a listing of the sources used in making this booklet. I highly recommend the books listed. Small amounts of material were taken from the books. They have much more information than was used. Including the scriptural references and lines of reasoning for their conclusions.

There is more good material available on the subject. However, when getting material on Dreams & Visions, be aware of the fact that there is a lot of material available. It DOES NOT all come from a scriptural/christian perspective. Much of it has a new-age, witchcraft, etc. viewpoint. My advice: Stay away from those materials. They will only confuse you.
