

LIGHTS, CAMERA, ACTION!

HIGHLIGHT/ CONTOUR SWEET TIPS

- Lights, Camera, Action! is the new kit you must have to perfect your look, creating the flawless, photo-finish face of the stars by adding highlights and depth to bring out your finest features in a flash. This time-saving set of essentials enables you to achieve that celebrity confidence when you only have a few minutes to prepare.

- Now available in 3 shade range kits: Light, Medium/Tan, and Deep or individually.

STEP 1 - CONTOUR

The shadowing effect goes beyond contour, adding dimension by low-light, creating the illusion of sculpting pounds from your face, seamlessly looking natural in any lighting.

STEP 2 - DIFFUSE

Diffuse's minerals subtly blur fine lines and visibly minimize the appearance of large pores with light-bending optics.

STEP 3 - DEFINE

The warm wash of healthy color that reveals the youthful radiance of your cheeks.

STEP 4 - HIGHLIGHT

Is a gentle shimmer of moonbeams brushed across the ridge of your cheekbones, bridge of your nose, chin or brow -- whatever features you choose to brighten, highlight compliments the youthful glow of your skin while giving center stage to your charms.
