

# COLOR THERAPY

## RESURFACING MASK

VIOLET

## SWEET TIPS

- Discover the beauty benefits behind the mask and reveal the look of extraordinary refinement and resurfacing with Sweet Mineral's Violet Color Therapy Mask.
- Bring the purifying, purging powers of natural Kaolin and Bentonite to life, along with a powerhouse blend of retexturizing Alpha Hydroxy Acids – Malic Acid, Citric Acid and Tartaric Acid, which help to slough, buff, lift and refine. *Afterwards, skin feels hydrated, smooth and radiant.*

## DIRECTIONS

The mask can be used **2 parts powder to 1 part any liquid suitable for hydrating the mask.**

Suggested add-on: Cranberry Juice, Orange Juice, Water, or Vinegar.

*Suggested area to use when multi-masking: cheeks and forehead*

## INGREDIENTS

*Kaolin Clay, Bentonite Clay, Manganese Violet, Malic Acid, Citric Acid, Tartaric Acid, Goat Milk.*

## KEY INGREDIENTS

- **Malic, Citric, & Tartaric Acids** - *Alpha hydroxy acids also penetrate the skin to support collagen production, restoring skin vitality, suppleness and elasticity. These acids are wonderful products for treating several skin problems like mild acne, pigmentation, clogged pores, sun tanning, wrinkles, and dark spots.*
- **Goat Milk** - *Contains high concentrations of vitamins and minerals. Another name for milk powder is Lactic acid, which is an Alpha Hydroxy Acid, that lightens and smooths skin.*
- **Kaolin Clay** - *A fine and light clay that has natural absorbency properties. When applied on skin, mixed with a little warm water, it will soak up excess oils and stale sebum on the skin and within the pores.*
- **Bentonite Clay** - *Helps to remove toxins from your pores, allows skin to heal and reduces inflammation, lightens acne marks on the face/body and it will soak up excess oils on the skin and within the pores.*
