KEY INGREDIENTS

Cane Sugar - *Glycolic acid naturally present in cane sugar removes dead skin cells, dirt, and oil that can clog and stretch pores.*

Vitamin E - *While vitamin E's main role in creams and lotions is as an antioxidant, it could help soften skin as well. It can also help reduce the appearance of scars.*

Organic Coconut Oil - *Coconut oil is mainly composed of saturated fats, which are amazing at repairing your skin's natural barrier function and can also keep moisture in the skin by slowing down the evaporation.*

Organic Neem - *Neem Carrier Oil can soothe red, itchy, inflamed skin associated with ailments like acne, burns, rosacea, eczema, psoriasis, and rashes among others. It deeply penetrates skin to restore moisture, enhance elasticity, smooth wrinkles, stimulate collagen production, and heal cracks caused by dryness.*
