

COLOR THERAPY

REJUVENATING MASK

BLUE

SWEET TIPS

- This fabulous mask comes packed with its own set of nutrient-rich properties that are designed to work with the liquid chosen to activate the mask.
- Reveals the look of deeply nourished, enriched rejuvenation. *Potent effects of amino-acid-rich blue green algae and super- tonifying MSM.*
- After use, skin feels softly conditioned, refined and replenished.
- Great for all skin types, especially rough or troubled.

DIRECTIONS

Add in your favorite skin-beneficial hydrosol (aromatic water) or tap/distillate water only (rather than yogurt or other actives, which may react with the ultramarine and create an unpleasant odor) to bring the purifying powers of natural clay to life. The mask can be used 2 parts powder to 1 part any liquid suitable for hydrating the mask.

Suggested add-on: Tap or Distillate Water.

Suggested area to use when multi-masking: neck and décolleté

INGREDIENTS

Kaolin Clay, Bentonite Clay, Ultramarine Blue, Organic Blue Green Algae, MSM.

KEY INGREDIENTS

- **Organic Blue Green Algae** - Blue Green Algae contains more than 20 antioxidants, 68 minerals and 70 trace elements, all amino acids and important enzymes. The high nutrient density and the synergistic effect of these nutrients make blue green algae a powerful skincare ingredient. This amazing tiny little plant is packed with all of these nutrients which help skin appear toned, lifted and hydrated.
- **MSM** - Necessary for collagen production. Sagging skin and wrinkles, as well as dry, cracked skin are all developed through a loss of collagen. MSM works together with Vitamin C to build new, healthy tissues. MSM can normalize collagen formation and radically improve skin health.
- **Kaolin Clay** - Reduces Oily Skin. Kaolin clay is a fine and light clay that has natural absorbency properties. When applied on skin, mixed with a little warm water, it will soak up excess oils and stale sebum on the skin and within the pores.
- **Bentonite Clay** - Helps to remove toxins from your pores, allows skin to heal and reduces inflammation, lightens acne marks on the face/body and it will soak up excess oils on the skin and within the pores.
