

DAILY Essentials for Men

GROOM

SKIN

CONDITIONING OIL *for beards*

SWEET TIPS

- Beard Smoothing Oil is formulated with lightweight oils to help keep moisture in the beard hair and skin soft and will help maintain unruly beards and moustaches.
- The weight is light and residue free. Dandruff and flaky skin patches are a thing of the past once Smoothing Beard Oil is introduced into the “bearding” of things.
- Toned and moisturized facial skin is soft and clear. Every man deserves his own personal beard care regimen. Safe and effective for daily use.

DIRECTIONS

Rub 1-2 drops between palms and smooth into facial hair evenly. *Best when applied post shower when hair is damp and soft.*

BENEFITS

- **Can also be used as a scalp conditioner or hair conditioning oil**
- **Tones and moisturizes skin and facial hair**
- **Controls dandruff and flaky skin**

INGREDIENTS

Organic Hazelnut Oil, Organic Jojoba Oil, Coconut Oil, Organic Argan Oil, Organic Castor Oil, Grapeseed Oil, Organic Rosehip Seed Oil, Glycerin, Organic Rosemary, Vitamin E, Organic Aloe, Seaweed based keratin, Japanese Green Tea., Eucalyptus Essential Oil, Peppermint Essential Oil, Lavender Essential Oil.

KEY INGREDIENTS

- **Hazelnut Oil** - *Hazelnut has been called the "pore-reducing" oil and acne-fighting" oil because of its unique properties. A high content of catechins and tannins (healthy flavonoids) make this oil a "dry" or "astringent" oil that feels smooth and toning on the skin. The astringent properties help absorb oils and shrink pores, while the antibacterial components go to work battling skin bacteria to reduce blackheads and pimples.*
- **Coconut Oil** - *The vitamins and essential fatty acids naturally found in coconut oil nourish the scalp and help to remove sebum build-up from hair follicles.*
- **Argan Oil** - *Is the ideal hair conditioner, proven to make hair softer, silkier and shinier.*
- **Grapeseed Oil** - *Is a great choice for hair care because it contains Vitamin E, which is necessary for hair growth, and health. The extensive proteins, minerals, and the linoleic acid it contains, also offer lots of benefits for hair and skin.*
