

CONCEALER

SWEET TIPS

- Sweet Minerals Concealer has an unbelievably opaque coverage, *is light reflective on the skin* and has natural anti-inflammatory properties.
- Great for hiding those stubborn dark circles and sun damage.
- Can be used wet or dry using the signature Concealer Brush.

DIRECTIONS

Sprinkle a very small amount of Sweet Minerals Concealer into the lid, no larger than a pinky fingernail. Press the Concealer Brush (*wet or dry*) into the lid and apply to any areas of the face in need of concealing (*under eyes, sun damaged skin or any blemishes*). Blend the Concealer into the skin with light brush strokes.

BENEFITS

- Contains zinc and titanium that provides full coverage and natural physical sun protection.
- *Reflects light & brightens the face.*
- **Has natural anti-inflammatory properties.**
- Hides stubborn dark circles, sun damage, acne, rosacea, dilated capillaries, and uneven skin pigmentation.
- ***Can be used wet (with water or Moisture Prep) or dry with our Concealer Brush.***
