LEARNING OBJECTIVES

This 2-day workshop will provide participants with education and skill development in the following areas. Upon completion of this training, participants are able to:

- Define sexual violence and where it stems from.
- Communicate responding skills and their appropriate use.
- Describe child sexual abuse myths and misunderstandings about child sexual abuse.
- Identify what the age of consent is in Canada
- Name the mental, physical, emotional, and relational/social effects in adults who have been sexually abused as children.
- Discuss the concept of triggering events and the impact they have on people who have been affected by sexual violence
- Define sexual harassment and discuss legal options for those who have been sexually harassed.
- Recall myths and attitudes in society surrounding sexual assault and abuse that continue to allow sexual assault and abuse to exist.
- Name the short and long term physical, psychological and emotional impact of sexual assault and abuse across the lifespan.
- Role-Play how to respond appropriately to disclosures of sexual assault and abuse.
- Explain the attitudes and beliefs that impact the continuum of sexual violence
- List contributing factors surrounding the acceptance of sexual assault and sexual abuse

WHO SHOULD ATTEND?
