Chelsea,

We are pleased to approve StateFoodSafety.com's Online Food Handler Training Course and Food Safety Manager Training Course and Exam. Our staff have reviewed your course and have determined that it fully meets the intent of our Local Board of Health's ordinance (LFCHD BOH Regulation 19), in regards to providing a good foundational education for food safety.

Thus, the Lexington-Fayette County Health Department has partnered with StateFoodSafety.com to provide an Online Food Handler Training Course that adequately fulfills the training requirements for food handlers in Lexington.

Please contact me regarding any questions regarding this information.

Sincerely,

A handwritten signature in black ink, appearing to read "Luke Mathis".
