## All Classical Portland Extends Reach to Manzanita

PORTLAND, Ore., April 17, 2014—A second All Classical Portland station on the Oregon Coast is now a reality. KQMI Manzanita, broadcast at 88.9 FM, joins KQOC, Gleneden Beach, 88.1, to provide additional coverage for the North Central Oregon Coast from Manzanita to Rockaway Beach. The new station launches Easter weekend, Saturday April 19.

The **Manzanita City Council** unanimously approved the proposal to place the All Classical Portland antenna on their city water tower at their April 9 meeting.

**KQMI** will provide Manzanita and surrounding communities with All Classical Portland programming, emergency alerts, and the ability to broadcast local coastal emergency information.

“The city council and residents attending the Manzanita City Council meeting were thrilled to have All Classical broadcasting in their community,” says Jack Allen, All Classical CEO and President. “Building this new station is the culmination of a thorough and extensive effort to locate a suitable site in Manzanita, and we are happy to provide 24/7 commercial free classical music to more communities on the Oregon Coast.”

**All Classical Portland** is Portland, Oregon’s classical radio station. Established in 1983, our mission is to advance knowledge of and appreciation for classical music; to build and sustain culturally vibrant local and global communities around this art form; to reflect the spirit of the Pacific Northwest; and to foster integrity, quality, and innovation in all that we do.
