

A New World of Possibilities for Portfolio Lenders

LoanScorecard's Portfolio Underwriter

Robust Automated Underwriting Engine

LoanScorecard's Portfolio Underwriter opens a new world of possibilities for non-agency and portfolio loans. Our powerful automated engine allows you to efficiently underwrite loan programs to your specific guidelines while mitigating fair lending risk.

Expand Your Market Share

- Offer tailored, new loan programs to TPOs and niche markets
- Decrease time required to prepare and submit loans by utilizing automation
- Increase approvals by simplifying the communication of guidelines

Streamline Operations

- Boost efficiency by reducing underwriting time and effort
- Easily identify and communicate documentation requirements specific to each loan program
- Increase approvals by simplifying the communication of guidelines

Strengthen Your Controls

- Support your lending decision for an investor review, regulatory audit or potential claim
- Automate the management and mitigation risk
- Establish standard practices in evaluating compensating factors and approval expectations
