Derived from Ammonium Thiosulfate, Sodium Borate, EDTA Copper, EDTA Zinc

GENERAL INFORMATION

CornScience is a proprietary blend of secondary and micro plant nutrients designed specifically for today's high yielding corn hybrids. **CornScience** is designed to be used as a foliar spray to deliver nutrients quickly to plants. **CornScience** is a plant supplement and is intended to be used in conjunction with a regular fertilizer program. Utilize a jar test if compatibility is questionable.

DIRECTIONS FOR USE + APPLICATION RATES

FOLIAR: 2 qt (64 oz) per acre. Apply at 3rd-4th leaf stage to pre-tassel

STORAGE AND DISPOSAL

Store in cool, dry place in original container above 32°F (0°C). Keep container tightly closed. Do not reuse empty container. Triple rinse then offer for recycling or for disposal in a sanitary landfill, or by other means in accordance with local, state, and federal regulations.

PRECAUTIONARY STATEMENTS

Avoid contact with eyes, skin, and breathing vapors or spray mist. Wear protective gloves. Do not eat, drink, or smoke when using this product. Wash hands thoroughly after handling. Use adequate ventilation when handling. Keep away from open flame. **In case of fire:** Dry chemical fire extinguisher to extinguish and call CHEMTREC (800) 424-9300. **First Aid:** If exposed call CHEMTREC or refer to the SDS First Aid section. **If on skin:** Take off contaminated clothes immediately. Rinse skin with water.

NOTICE

Manufacturer warrants that **Corn Science** conforms to its chemical description and will perform as stated on the label when used according to directions and under normal conditions. Neither this warranty or any other warranty of merchantability, expressed or implied, extends to the use of this product contrary to label directions. Buyer assumes all risk if **CornScience** is used in any manner or under any condition other than those specifically set forth on the label.

WARNING: Contains boron (B). Use of boron may result in crop injury. Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. Do not exceed application rates that could be harmful based on soil type, crop sensitivity and fertilizer placement.
