

Unifilm MSO™

PRINCIPLE FUNCTIONING AGENTS:

Methylated Seed Oil, Nonionic Surfactants
& Methylated esters of free fatty acids.....100.0%

WARNING
KEEP OUT OF REACH
OF CHILDREN

GENERAL INFORMATION:

UNIFILM MSO is derived from fatty acids extracted from soybean oil. Methylated oils are low viscosity fluids which have low volatility and good solvent properties. These characteristics enable these oils to coat leaf surfaces, soften and penetrate the waxy leaf cuticles. Thus, pesticide activity is enhanced when used with products calling for an oil based adjuvant. Utilize a jar test if compatibility is questionable.

DIRECTIONS FOR USE:

Apply 1 to 2 pints of **UNIFILM MSO** per acre. Use the higher rate on hard to control weeds or weeds under stress. Include liquid fertilizer (UAN) or ammonium sulfate at rate specified on the pesticide label.

PREPARATION AND APPLIATION:

While agitating, fill tank half full with water, add proper amount of herbicide, then **UNIFILM MSO**. Continue to agitate while adding balance of water to tank. Frequent agitation will assure even distribution of spray mix. Where possible, position spray nozzle to direct spray toward weeds and away from plants. Use in strict accordance with pesticide label cautions, warnings and directions. **UNIFILM MSO** should not be used with any product whose label recommends against the use of a surfactant. Keep this container tightly closed and DO NOT allow water to be introduced into it.

COMPATIBILITY

UNIFILM MSO is designed to be used with post emergence herbicides, however, a simple jar test should be conducted before any large scale mixing. Always refer to the pesticide label for recommendations and precautions.

PRECAUTIONARY STATEMENTS CAUTION:

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contact with skin. Avoid breathing spray mist. Wash hands after using. Do not store near feed or food products. Keep children and domestic animals off treated areas until this material has been washed into the soil.

PRECAUTIONARY STATEMENTS

Keep container tightly closed. Avoid contact with eyes, skin and breathing vapors or spray mist. Wear protective gloves. Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling. Use adequate ventilation when handling. Keep away from open flame. In case of fire: Dry chemical fire extinguisher to extinguish and call CHEMTREC (800) 424-9300. First Aid: If exposed call CHEMTREC or refer to SDS First Aid section. If on skin: Take off contaminated clothes immediately. Rinse skin with water.e.

STORAGE AND DISPOSAL

Store in cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container. Triple rinse, then offer for recycling or for disposal in a sanitary landfill, or by other means in accordance with local, state and federal regulations.

DO NOT CONTAMINATE WATERS USED FOR DOMESTIC CONSUMPTION OR BY ANIMALS, WILDLIFE AND AQUATIC LIFE, OR WATER FOR IRRIGATION PURPOSES.

NOTICE

Manufacturer warrants that CornScience conforms to its chemical description and will perform as stated on the label when used according to directions and under normal conditions. Neither this warranty or any other warranty of merchantability, expressed or implied, extends to the use of this product contrary to label directions. Buyer assumes all risk if CornScience is used in any manner or under any condition other than those specifically set forth on the label.

This product meets E.P.A. requirements under Title 40 CFR 180.1001 subparagraph C and D
