

STEP ONE: BUILD YOUR OWN SWEATER WIZARD CHOICES

Create a basic CustomFit pattern with silhouette, trims, neckline, and sleeves as close to your end result as possible. Use whatever you have - sketches, daydreams, photographs, etc. - to fill out the following information, and then create a CustomFit pattern.

BODY CONSTRUCTION

straight / a-line / tapered / hourglass

cardigan / pullover

sleeved / vest

button band (if cardigan)

allowance: _____

buttons: _____

edge height: _____

edge stitch: _____

NECKLINE

vee

crew

scoop

boat

width: narrow / average / wide

depth & orientation: _____

edge height: _____

edge stitch: _____

SLEEVES

short

elbow

3/4

long

shape: tapered / straight / bell

if bell: slight / moderate / extreme

edge height: _____

edge stitch: _____

HEM

short

average

long

tunic

edge height: _____

edge stitch: _____

STEP TWO: IDENTIFY THE CHANGES YOU'LL MAKE WHILE KNITTING

On this page, write down all of the changes you'll make to your basic CustomFit pattern while you're knitting, broken out piece by piece. *(Some examples might be adjusting the stitch count of your front or back to accommodate a cable, adding pockets during finishing, or working the sleeves top-down with short row sleeve caps for a design's particular needs.)*
