

Day 10

Transmission 29:51

Music - [Daniel Schotsborg – Meta Level Blue 2](#)

This activation brings a beautiful infusion of Light, encoding into every sub-atomic level of your body, fields and matrix - the purest frequency of your own Divine essence. Throughout this journey your body continues to purify, prepare and rewire to upshift you into your next expression. Allow the magnificent energy that is YOU to penetrate deep into your Being.

It is time to celebrate the dedication, perseverance, and willingness you unveil to release the illusion that you are anything but Divine. When you embody your true essence, that essence is LOVE. It is the truth of who you are. This realization is becoming your natural state of BEING. When you live in and from this truth, your ability to weave your Light and Love into manifest form through the alchemy of sound will be effortless.

Allow this new level of Light frequency to anchor with absolute ease and grace. Experience this at the deepest level you are able - feel it, see it or just sense it fully in your awareness. Soak it in and remember who you are. You are Light. You are Love. You are Divine, and we are here to embody the highest level of our truth in this reality. You are shifting your perceptions, your behaviors and your words into alignment with your highest potential. Breathe and step into the next expression of your truth!

Remember, each day, PLEASE speak the following out loud:

I AM Love. I AM Light. I AM Divine. with every breath I take, I embody these truths.
