

Day 9

Transmission 29:51

Music - [Daniel Schotsborg – Meta Level Violet 1](#)

This activation takes you through a cosmic review, of sorts. It brings into your conscious memory creations of the past, present and future, as ALL actually is occurring in the eternal NOW moment. This transmission requires you to be the observer: the intention is to bring you into a state of awareness of how powerful the alchemy of sound can truly be.

Allow any and all images, memories and thoughts to merely be in your awareness, rather than responding to them emotionally or energetically.

Each of us has experienced and participated in ALL types of creations. Again, this is for you to grasp the totality of what is possible. Breathe, observe, remember and bring yourself back into full alignment with the truth of who you are as a Master of Light.

Remember, each day, PLEASE speak the following out loud:

I exude Love, Light, Compassion and Wisdom with every breath I take. I am a Divine Being.
