Feeding Directions

- Feed to koi in ponds or tanks as a floating feed.
- Mazuri® Koi Platinum Bits are suitable for fish up to six inches. For the same nutrition in different particle size, consider:
 - Mazuri® Koi Platinum Nuggets - suitable for fish greater than six inches long.
 - Mazuri® Koi Platinum Ogata - suitable for all koi over twelve inches long.
- Feed only as much as fish will readily consume.
 - Do not over feed as excess feed will decompose in the water, resulting in poor water quality, which in turn can be harmful to the health of the fish.

Storage Conditions

For best results, ensure polybag seal is fully closed during storage, or store contents of open paper sack in container with sealing lid. Diets are packaged in sealed containers under nitrogen to ensure optimal freshness. Store in a cool (75°F or colder), dry (approximately 50% RH) location. Freezing will not harm the diet and may extend freshness. Adhere to the "Best if used by" date or use within 1 year of bag manufacturing.

¹ Based on the latest ingredient analysis information. Since nutrient composition of ingredients varies, analyses will vary accordingly.

² Calculated using adjusted Atwaters factors - 4 kcal/g carbohydrate, 9 kcal/g fat, 4 kcal/g protein.
