Pad-Style Snow Guard & Insert Strip Color Options

We manufacture our pad-style snow guards from .032 aluminum pre-painted Kynar® stock using the Firestone® Una-Clad® color system. Colors are available in single and double sided.

Our snow guards can also be powder coated using the colors from the RAL Tiger Drylac exterior powder coatings chart for an additional charge. Pad-style snow guards are also available in copper, mill finish aluminum, zinc, FreedomGray™, Galvalume®, and lead-coated

Call us toll free at 888-766-4273 or visit our website at www.alpinesnowguards.com and select the Online Project Calculator button for a free recommended layout and immediate project pricing.

Color Insert Strips: While we recommend matching the roofing material, the 2" metal inserts can be supplied from the colors shown on the following page
